

VACANT LOTS AND BACKYARD GARDENS

Campaign For 1918 Embraces All Cities, Towns, Villages of Canada.

TIME TO ORGANIZE

(By Frederick Abraham, Chairman Vacant Lot and Backyard Garden Section, Canada Food Board.)

The production of food was never of more vital importance than in the year 1918. The food situation of the world is not only grave today, but it will be increasingly so during the progress of the war and for a considerable time thereafter. The Canada Food Board's duty is to see to it that food production this year be at its maximum.

During the last year or so the cultivation of vacant lots and home gardens in many towns and cities was attended with highly satisfactory results. In Montreal, for instance, it is estimated that not less than \$100,000 worth of vegetables were grown on vacant lots. Calgary had 1,113 lots under cultivation covering an area of 220 acres. It is important that this work is not only continued, but elaborated upon. It is desirable that this movement should be instituted in every municipality in the Dominion.

Where there are no organizations the mayor of each municipality should at once call a mass meeting of its citizens, including women, for organizing purposes. These meetings should be representative of its leading citizens, the clergy, the press, horticulturists, heads of various societies, public bodies, etc. A permanent chairman or president and as many officers as may be thought advisable should be elected at this meeting, and at least two committees formed, to include vacant lots and home gardens.

To these can be added committees on publicity. Feared that such others as may appear necessary. The town or city should be divided into districts, each in charge of a chairman and a local committee. It has been found expedient to have meetings in each sub-district, presided over by the president or one of the members of the central executive, at which it is important to secure the attendance of those who are disposed to cultivate vacant lots. The importance of these local meetings cannot be too strongly emphasized. The sub-committees will attend to such duties as the securing of vacant land, getting cultivators interested, etc.

The workers should be grouped on land as near their homes as possible. In this connection it will be found that, except in rare cases, the average individual, otherwise employed, has only sufficient time and strength to cultivate a lot 50 x 100 feet.

It is desirable that the growth of standard vegetables only should be encouraged such as potatoes, beets, carrots, peas, beans, lettuce, onions, parsnips, etc. These are high in food value and are easily grown by those who will volunteer for this work. Many of whom will be amateurs. For instance, tomatoes and strawberries, while highly palatable, are low in food value. Only seed of proven quality should be sown. It is just as cheap to raise good as poor produce. These suggestions are naturally not intended for the experienced gardener.

The primary work of the committee on home gardens will be to encourage the cultivation of vegetables in spaces usually devoted to flowers. Aside from the patriotic feature of the work it gives a direct money return while adding to the food wealth of the community. The growing of food for home consumption eliminates transportation waste with its attending cost of labor and fuel.

It is the intention of the board to again prohibit the eating of canned vegetables in Eastern Canada to October 15th, in Western Canada to November 1st, 1918. This will further emphasize the necessity of garden production on the widest possible scale.

In many places very effective work was done by the firemen and the police. Their gardens were often models in this connection and an incentive to other groups.

SPLENDID ARTILLERY SACRIFICE

British in Retreat Defended Every Hill, Ridge and Fortification

GIVEN CREDIT BY FOE: Artillery Covered Retirement, Breaking Only When Ammunition Gave Out

By Courier Leased Wire. London, March 25.—The British in their retreat defended every hill, ridge and fortification with the greatest stubbornness, messages from German correspondents on the western front say, according to a Central News despatch from Amsterdam. The British artillery, it is added, splendidly sacrificed itself in covering the retreat, the batteries only breaking up when the German storming troops arrived within a few hundred yards of the position. The British gunners then fired their last ammunition and retired.

Says Leadership Poor. Amsterdam, March 24.—Describe

A Week of Dedication and Preparation for the Solemn Duty of Greater Food Production

Commencing March 24th

So imminent is disaster to the cause of the Allies through starvation—that the special Proclamation His Honor the Lieutenant-Governor, as reproduced here, has been made to

—All County Councils to convene an extraordinary meeting on March 23rd to discuss ways to increase Food Production.

—All clergymen to proclaim from their pulpits on March 24th the terrible truths of the 1918 food situation.

—All citizens to co-operate loyally in the sacred cause of producing more Food this year.

The Crisis is with us—the time of Sowing is at Hand—the responsibility upon Ontario is great.

PUBLISHED BY AUTHORITY

TORONTO, SATURDAY, MARCH 16th, 1918

CANADA

JOHN S. HENDRIE,

PROVINCIAL CLERK

GEORGE THE FIFTH, by the Grace of God of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

TO ALL TO WHOM THESE PRESENTS SHALL COME, OF WHOM THE SAME MAY CONCERN.

WE HEREBY FURTHER URGENTLY REQUEST that each and every Clergyman in the Province of Ontario shall from his pulpit on Sunday, the twenty-fourth day of March, set forth the facts of the food situation as it affects the Allied cause, emphasizing the responsibility resting on this favoured land, and invoking the blessing of Almighty God on the human efforts put forth towards production, that they may be blessed by Him who alone giveth the harvest.

AND WE DO HEREBY FURTHER URGENTLY REQUEST that each and every County of the Province of Ontario be convened in special Session on Saturday, the twenty-third day of March, to consider ways and means to stimulate or assist in the maximum production of essential foodstuffs in the respective Counties.

AND WE DO HEREBY FURTHER URGENTLY REQUEST that the County Councils of each and every County of the Province of Ontario be convened in special Session on Saturday, the twenty-third day of March, to consider ways and means to stimulate or assist in the maximum production of essential foodstuffs in the respective Counties.

AND WE DO HEREBY FURTHER URGENTLY REQUEST that the County Councils of each and every County of the Province of Ontario be convened in special Session on Saturday, the twenty-third day of March, to consider ways and means to stimulate or assist in the maximum production of essential foodstuffs in the respective Counties.

AND WE DO HEREBY FURTHER URGENTLY REQUEST that the County Councils of each and every County of the Province of Ontario be convened in special Session on Saturday, the twenty-third day of March, to consider ways and means to stimulate or assist in the maximum production of essential foodstuffs in the respective Counties.

AND WE DO HEREBY FURTHER URGENTLY REQUEST that the County Councils of each and every County of the Province of Ontario be convened in special Session on Saturday, the twenty-third day of March, to consider ways and means to stimulate or assist in the maximum production of essential foodstuffs in the respective Counties.

AND WE DO HEREBY FURTHER URGENTLY REQUEST that the County Councils of each and every County of the Province of Ontario be convened in special Session on Saturday, the twenty-third day of March, to consider ways and means to stimulate or assist in the maximum production of essential foodstuffs in the respective Counties.

Farmers Preparation Week Some Suggestions

His Equipment

1. Oil and mend harness. Provide extra traces and lame straps.
2. Fill and reface horse collars, fit to horses' shoulders.
3. Sharpen harrow teeth, plow coulters and plow points.
4. Renew or sharpen cultivator feet.
5. Tighten up or replace all bolts on rollers, drills, cultivators and manure spreaders.
6. Make three and four horse eveners for combining two harrows into one. Procure a couple of spare whiffletrees.
7. Take a day to get all spring-used machinery near the doors of sheds.
8. Gather up wrenches, hammers, files, chisels and punches into an easily carried kit.
9. Get spraying machinery in perfect working order.

His Horses

1. Feed work horses a little more grain and give them as much work as possible.
2. Hitch colts into three and four horse teams with older horses.
3. Groom often to remove all the dead hair possible before heavy work starts (prevents bots under collars).
4. Bathe shoulders now with hot water and salt every night, as soon as collars come off, to harden and toughen.
5. Put the spare horse in condition—more rapid work can be accomplished during seeding by changing horses.

Seed

1. Clean and reclean all home-grown seed.
2. Test all seed for germination.
3. Purchase clover root and vegetable seed right away.
4. Procure formalin for treatment of smut of grain, scab of potatoes and spray material for fruits and vegetables.
5. Sack all seed for quick and easy handling at seeding.
6. Order 30% more seed corn than usual, as germination may be poor, necessitating thicker seeding.
7. Order seed potatoes now and be sure the seed is good.

The Land

1. Open all old water furrows with shovel or hoe.
2. Make new water furrows to low spots in fields.
3. See that all drain outlets are running freely.
4. Roll all meadows as soon as dry enough to hold up horses. This puts down stones and upheaved silt plants.
5. Sow red clover seed on fall wheat on still, frosty mornings.
6. Repair the fences now.

Fordson Farm Tractors \$750 f.o.b. Detroit, Duty Free Crop Plans

An excellent Tractor. It will save man power and horse power and make bigger seeding operations possible. Deliveries begin early in April. The number offered is limited. Cheque must accompany order; make cheques payable to Ontario Department of Agriculture and mail to Parliament Buildings, Toronto, Ontario.

Rippling Rhymes

A talk is but a harmless thing that should no gayer or madder bring. No man should weep for any day, and not his own, when he is sick. I brought a box of tacks one time; the package cost me half a dime. I strewed the tacks along the road that runs in front of my abode; and motorists who came along made speeches gripping, strong and strong. I heard them as they changed their tires, while I sat awaiting up my eyes; if they but knew who did the trick, they said they'd gladly share the trick. For back I brought a box of tacks one time; the package cost me half a dime. I strewed the tacks along the road that runs in front of my abode; and motorists who came along made speeches gripping, strong and strong. I heard them as they changed their tires, while I sat awaiting up my eyes; if they but knew who did the trick, they said they'd gladly share the trick. For back I brought a box of tacks one time; the package cost me half a dime. I strewed the tacks along the road that runs in front of my abode; and motorists who came along made speeches gripping, strong and strong. I heard them as they changed their tires, while I sat awaiting up my eyes; if they but knew who did the trick, they said they'd gladly share the trick. For back I brought a box of tacks one time; the package cost me half a dime. I strewed the tacks along the road that runs in front of my abode; and motorists who came along made speeches gripping, strong and strong. I heard them as they changed their tires, while I sat awaiting up my eyes; if they but knew who did the trick, they said they'd gladly share the trick. For back I brought a box of tacks one time; the package cost me half a dime.
