This is far safer and more sanitary than sugar packed by hand in a weak paper bag which breaks at a touch. No hand touches LANTIC SUGAR until you open it yourself. Just cut off the corner of the carton and pour out the sugar as you need it.

### INCREASE YOUR EGG OUTPUT

What can we do to improve our stock and build up an egg laying strain? When the hatching season is on I would advise you to bear these things in mind:

1.—It must be remembered that a chick with a strong constitution is better equipped for fighting disease than a weak chick with all the medicines and conditions known to the medical science. Then breed for constitutional vigor.

2 Many disease germs are transmitted from parent to offspring, so all diseases birds, or birds which ever have been diseased, should be removed from the flock. This past month we had a striking example of high vitality and low vitality. Two pens were housed in the same house, drank from the same pen, ate the same kind of food and slept under the same roof. One pen went all to pieces and every one of them were sent to the hospital. The pen on the opposite side withstood the severe weather, kept in splendid health and is one among the very highest pens in egg production.

3 Breed only from a male which has been hatched from an egg laid by a high laying hen.

4 Select your best laying hens to mate with the above male.

5 Breed from early maturing pullets.

6 Don't breed from hens which are continually going broody.

7 Breed from your hens and pullets which lay in November, December and January.

It is true the hen which has been laying through the winter will go to sitting first, but by this time the loafing hen has begun laying so the good hen is set on the poor hens' eggs, which practice has a tendency to produce a flock of loafers. — T. E. Quisenberry.

### WORLD'S SUNDAY SCHOOL CONVENTION IN TOKIO

New York—An invitation of the Japanese to hold the next convention of the World's Sunday School Association in Tokio has been accepted, it was announced today by the World's Committee, which held a meeting here. The meeting will be held after the close of the war. The invitation was brought by B. Okura in a message from the Japanese committee, of which Marquis Okuma, former Premier of Japan, is Chairman.

Thomas R. Fergus, member of the British Parliament, was elected President of the association by the committee, succeeding the late Sir Robert Laidlaw of London. The association, it is said, represents 304,000 Sunday schools in all countries, and has a membership of 31,000,000.

It was announced that the organization is carrying out plans for sending 1,000 New Testament to the soldiers in the trenches, hospitals and prison camps, to be contributed by American Sunday school children.

### Attempt to Assassinate Premier Hughes, of Australia

Melbourne, Oct. 30—An unsuccessful attempt was made recently to assassinate Premier Hughes at his home in New Victoria by a man who forced way into his bedroom.

### CANADIAN TROOPS ARE HAVING A REST

Ottawa, Oct. 30—The Canadian divisions at the front are evidently having a well earned respite from the thick of the fighting on the Somme front. For the first time in many months the daily cable to the Minister of Militia reported today "no casualties." Report from the two preceding days also indicated a cessation of casualties among the Canadians. It is surmised here that the Canadian troops after their hard and continuous fighting of the past two months have now been given a chance to rest and to recuperate in the reserves behind the front line trenches.

### RIAD A COMPLETE FAILURE

One transport carrying no troops, was sent to the bottom. Then the British destroyers engaged the invading squadron. In the spirited combat that followed two German warships were sunk, and another British vessel was disabled by a torpedo and run aground, and another British destroyer is still missing. The Kaiser's squadron then was driven off.

This raid, it seems, was Germany's reply to the French victory at Verdun, combined with the relentless British pressure on the Somme. It had been expected for a long time, and was the first effort to attack the British transport service. But failed in all its attempts.

### TWO GERMAN TORPEDO BOAT DESTROYERS SUNK

British Lost Empty Transport, One Destroyer and Another Grounded

London—Ten German torpedo boat destroyers attempted to raid the British cross-channel transports last night, but the attempt failed, says an official statement issued by the British Admiralty today.

Two of the German destroyers were sunk, and the others were driven off. The German destroyers succeeded in sinking one empty transport, the Queen. All the members of her crew were saved.

### WHY NOT TRY

Zam-Buk for those obstinate sores, which everything else has failed to heal? The little daughter of Mrs. P. W. Drummond, Thetford Mines, Que., suffered with sores which recurred each fall, until Zam-Buk permanently cured them. Mrs. Drummond writes:

"Every fall, as soon as the cold weather set in, my little daughter's face and hands would become covered with sore patches, and the irritating and smarting were almost unbearable. For three years in succession she suffered in this way, and although I used any number of remedies, the sores remained all through the winter. Finally I started using Zam-Buk, and to my amazement the sore places soon showed signs of healing, and before long had entirely disappeared, leaving her skin perfectly smooth and clear. Since the Zam-Buk treatment, I am pleased to say, there has been no recurrence of the sores."

Zam-Buk is just as good for eczema, ringworm, ulcers, old wounds, blood-poisoning, boils, pimples, piles, burns, scalds and all skin injuries. All druggists or Zam-Buk Co., Toronto, 59c. box, 3 for \$1.25.

### RHEUMATISM IN THE BLOOD

It Can Only Be Cured By Thoroughly Enriching the Blood Supply

Not so long ago rheumatism was looked upon as a pain in the muscles or joints brought on by exposure to dampness or bad weather. Now doctors know that it is rooted in the blood, and while exposure may start the pain, nothing but the renewal of the poisonous acid from the blood will cure the trouble. It is a waste of both time and money to try to cure rheumatism with liniments, poultices or anything that only goes skin deep. Rubbing lotions into the skin may give temporary relief, but it actually helps to circulate the poisonous acid more freely and thus in the end increases the trouble, and perhaps leaves the sufferer permanently crippled. The one cure, the only cure, for rheumatism is to drive the acid which causes the trouble out of the blood. To do this no other remedy can equal Dr. Williams' Pink Pills which actually make new blood, sweeps out the poisonous acid, loosens the stiffened, aching joints, and bring good health and comfort. Here is the proof. Mr. Joseph Crouse of Ninevah, N. S., says: "For several years I was severely afflicted with rheumatism. The trouble seemed to locate in all the joints in my body, and my suffering at times was most intense, and the disease greatly interfered with my activity. I doctored steadily for a long time, but the trouble was obstinate and did not yield in the least to the doctors treatment. One day a friend told me of some cures of rheumatism by the use of Dr. Williams' Pink Pills and strongly advised me to try them. I did so and to my great surprise eight boxes completely cured me of the trouble, and I was as supple, active and free from pain, as ever I had been in my life. Better still, I have never felt a symptom of the trouble since."

You can get these pills from any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**BIG BATTLE WAS FOUGHT IN ABYSSINIA**

London—A despatch received in London from the British Minister to Abyssinia announces that a big battle has been fought 25 miles outside of the capital and resulted in a complete victory for the new Government. Ras Mikhael, father of the late Emperor, was taken prisoner.

The deposed ruler, according to the despatch, is believed now to be among the tribes on the border of Abyssinia and Samaliland. The despatch adds that if the victory proves sufficiently decisive the question will be reconsidered of recognizing the new Government.

**SPOTS ON NAILS**

On the thumb, a present; first finger, a friend; second finger, a foe; third finger, a true love; fourth finger, a journey. When the spots are near the nail what ever meaning it has is near at hand.

Prince Charles of Saxe-Coburg and Gotha, now fighting for Germany, is said to be in the line of succession for the British throne. This would not protect him from a British bayonet if a British soldier were to get near enough to use it.

It is calculated that \$2,500,000 worth of property has been destroyed in Belgium and France since the beginning of the war, which is an intimation that the Germans are going to be a nation of savers for some generations to come.

### Don't Change the Ten Commandments

(Chicago Tribune)

Without challenging the authority of the house of bishops of the Protestant Episcopal Church, many laymen, we suspect, will regret its action in shortening the phraseology of the Ten Commandments. It is true we live in a brisk age and incline to the short cut in all things. But the Ten Commandments as we know in the King James version of the Bible are much more than a religious statute which may be arranged at will so long as the rules they convey are not altered. In the noble form the old masters of the great epoch of the British language gave them they are more imperatives. Their verbal vesture has a high quality which is a part of their influence, as the carriage and countenance of a clergyman convey the spirit of his office. Esthetically the Ten Commandments have become a part of our lives, and no economical paraphrase can take their place. There is the great beauty of antiquity in their phrases which we cannot afford to sacrifice. Doubtless the gothic cathedral might have been cut down with a saving of stone and labor. But the Commandments will lose artistically if the prohibition to covet one's neighbor's wife or his ox or his ass is omitted; if the confession that "I the Lord thy God am a jealous God" is excluded; or the threat to visit the sins of the father upon the third and fourth generation is quietly shelved. The writings upon the tablets are a masterpiece of literary art as they stand. They may not be so when the bishops get through reading copy on them.

**NEW BRITISH DREADNOUGHTS BIGGEST EVER**

Providence, R. I., Oct. 28—The Journal, in a despatch from London today says:

"British Admiralty officials are delighted with the marvelous work that has been done in British dockyards in the building of new dreadnoughts. Wonderful results which have not up to this time been made public, have been accomplished in this direction."

"Twelve new battleships of the super-dreadnought type are now practically ready for sea. Four of these, the four largest and most powerful weapons of offence that have ever been placed on the water, are 850 feet long, with a speed of over thirty knots, and are armed with twelve 18 inch guns."

"No such armament as this has ever before been contemplated in the history of naval architecture, and it is considered that ships of this type are capable of winning any sea fight in which they may be engaged."

**BABY'S OWN TABLETS USED TEN YEARS**

Mrs. C. E. Stilwell, Winthrop, Sask., writes: "I have used Baby's Own Tablets for the past ten years and have found them so good for my little ones that I always keep a box in the house."

Mrs. Stilwell is one of thousands of mothers who always keep the Tablets on hand. Once a mother has used them for her little ones she would use nothing else. They are absolutely free from opiates and injurious drugs and cannot possibly do harm to the youngest child. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

**DEUTSCHLAND REPORTED LOST**

Geneva, Switzerland, via Paris, October 30—The National Zeitung of Basel prints the following concerning the German submarines Bremen and Deutschland:

"Both the Bremen and the Deutschland have been lost—either captured or sunk. The Bremen never reached the United States nor returned. The Deutschland, during her second trip across the Atlantic in September, under the name 'Weser,' also disappeared. Submarine U-53 was sent in search of the vessels, but found no traces of them. The loss of the two commercial submarines has not yet been officially admitted."

**VESSELS SUNK FASTER THAN BUILT**

Captain Louis Hannevig, a Norwegian ship owner, who signed a contract at Seattle for the construction of two 8,800 tons steamers at a cost of more than \$1,000,000 each, says submarines are sinking Norwegian vessels faster than Norway can replace them. Orders for new ships are being placed at all yards which can build them.
