NOVA SCOTIA CROP REPORTS

The Fruit and Vegetable Crop Report for September, issued by the Department of Agriculture, has the following to say concerning the apple and potato crops in Nova Scotia:

Apples

The weather has been quite satisfactory during the past month, and apples have been sizing well. The conditions on the whole have improved so that the total crop prospects have increased approximately 5 per cent, the estimate being placed now at 80 per cent of the crop of last year. Apples are of a large size, and on the whole remarkably clean and free from scab and insect marks. Untreated apples are very dirty in some districts. The various varieties show approximately as follows, in comparison with the crop of last year: Gravenstein 115 per cent; Golden Russet, Wagner and McIntosh 80 per cent; Kings, Ribston, Stark, Spy and Gano 75 per cent; Greening and Ben Davis 65 per cent; Nonpariel 60 per cent; Baldwin 40 per cent. Early varieties average 75 per cent. WATERVILLE—Apples are large and clean, and the crop will run approximately equal to that of last year. Baldwin's are short; Kings and Golden Russets a good crop. The shortage in the crop of Baldwins will be more than made up in the increased size of all varieties. ATLANTA—The apple crop in this district will be about 70 per cent of that of last year. Blenheims and Starks are very light. The fruit on the whole is clean and of good size. KINGSPOUR—The apple crop is about 50 per cent of last year's crop. Ribston and Ben Davis 80 per cent. Gravensteins 35 per cent, Blenheims and Starks 10 per cent. Fallowater 40 per cent, Baldwin and Wagner 50 per cent. NICTAUX WEST—Apples are growing very fast, and orchards have not looked so well for a number of years. The total crop will run about 70 per cent of that of last year's. Russets and Nonpariels 125 per cent, Ribston and Stark 75 per cent; Gravenstein, Baldwin and Spy 50 per cent; Blenheim 40 per cent; Ben Davis almost a failure. FALMOUTH—The apple crop will be about 60 per cent of that of 1921. The fruit is colouring well. Gravensteins and Ribstons and Spies 100 per cent; Kings 80 per cent; Stark 75 per cent; Cox Orange, Greening and Fallowater 50 per cent; Manns 50 per cent; Ben Davis 30 per cent, Blenheims and Baldwins 10 per cent. The fruit is clean with the exception of Gravensteins and Starks, which show some spot. BEAR RIVER—Apples show a crop approximately 60 per cent of that of last year. Gravensteins 100 per cent; Ribston, Baldwin, Blenheim and Spy 60 per cent; Wagners 80 per cent. The drop in June and July was heavy. The fruit is practically clean and much better in size than in 1921. ANNAPOLIS ROYAL—The total apple crop in this district will be approximately 50 per cent, showing a drop in the estimate during the last month from 60 per cent. The apples growing on dry or sandy soil are not looking well, and are evidently showing the result of the drought of last year. Considerable quantities of the fruit show scab and inferior growth.

Potatoes

ises to be good with but very little insect or disease injury to date. The weather has been and continues to be dull with considerable rain providing excellent conditions for the spread of blight. The plantings of late potatoes are suffering from the continuous heavy rains. Reports from Waterville state that due to the continuous wet weather the potatoes will undoubtedly show considerable rot when dug. Blight has made its appearance almost everywhere whether the crop is seeded or not. The potato fields are blighted badly in the Atlanta District and are showing some early blight as well as at Nictaux West. Many of the fields are suffering from too much water and growth will be considerably reduced in these sections, although the prospects are still that the crop will be 100 per cent greater than last year. The crop in Falmouth District promises to be equal to that of last year and at Bear River the condition of the crop is excellent. Reports from Annapolis Royal state that the potatoes have made excellent growth but that the wet weather is doing considerable damage and the present prospects are for a crop not more than 50 per cent of that of last year. The indications at Kingsport are for a crop 50 per cent greater than that of last year with no blight or disease showing to date.

MAIL ORDER HOUSES BOOMING

Sales totals of the great mail order houses show an enormous increase, particularly in strictly farming sections.

This is not pleasant news for retail stores in our average small town, but it is what many may expect.

There is only one way in which the insidious mail order campaigns can be combated, and that is by local merchants frankly explaining their merchandising possibilities to the people through advertising.

It is a well-known fact that the big mail order concerns maintain departments of considerable magnitude to check up on the towns where the local merchants appear to lack enterprise.

There they concentrate their batteries of advertising and catalogue distribution.

The mail order house never prospers in a town where the local merchants advertise consistently, because the mail order men know they cannot compete with the local store if the merchant understands his business.

The cheapness with which the big mail order man can buy is more than offset by the low overhead the local merchant can get along with.

To hold his own, however, the local merchant must not hide his light under a bushel.

The public needs educating to a knowledge that they can buy at home as cheaply, that they can actually see what they are buying before they pay for it, and that they do not have to wait sometimes weeks for the delivery of the article

they want.

When the merchants get ready to talk plainly to the people they will have nothing to fear from the mail order man, but if they remain silent, then the outsider will surely burrow his way into their profits. Self satisfaction has spelled many a bankruptcy.

AS A MAN THINKETH

If a man thinks every one is against him, he will soon begin to treat them so that they will be. If he thinks every one is his friend, he will treat them right, unconsciously, and they soon will be his friends. The man who lives his daily life according to this formula has in his make-up a spark of sound and true philosophy that will make his life brighter. If we put in to all the relations with our fellows a full measure of friendliness and good will, we are pretty sure to get it back, full and overflowing. On the other hand, if a man is suspicious of every-body, every one will be suspicious of him. The man who goes about looking for a fight is sure to get licked some day, good and plenty.

True friendliness is founded on sincerity. And sincerity is about the only thing in the world that can't be counterfeited. The impulse toward friendliness springs from the very soul of a man.

The world needs friendliness, and kindness, and good will. Not Sundays only, but every day in the week and every hour of the day. Think friendly thoughts. If you've got a soul, don't be ashamed of it. Bring it into the office with you. For the soul is the source and fountain-head of every good and worthy impulse. Put your faith in men. Believe they are your friends, and they will be.

DOMINION OF CANADA VICTORY LOAN BONDS

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds

Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:—

- (a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
- (b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.

While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.

This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.

Holders of the maturing bonds who wish to avail themselves of this conversion privilege should take their bonds AS EARLY AS POSSIBLE, BUT NOT LATER THAN SEPTEMBER 30th, to a Branch of any Chartered Bank in Canada and receive in exchange an official receipt for the bonds surrendered, containing an undertaking to deliver the corresponding bonds of the new issue.

Holders of maturing fully registered bonds, interest payable by cheque from Ottawa, will receive their December 1 interest cheque as usual. Holders of coupon bonds will detach and retain the last unexpired coupon before surrendering the bond itself for conversion purposes.

The surrendered bonds will be forwarded by banks to the Minister of Finance at Ottawa, where they will be exchanged for bonds of the new issue, in fully registered, or coupon registered or coupon bearer form carrying interest payable 1st May and 1st November of each year of the duration of the loan, the first interest payment accruing and payable 1st May, 1923. Bonds of the new issue will be sent to the banks for delivery immediately after the receipt of the surrendered bonds.

The bonds of the maturing issue which are not converted under this proposal will be paid off in cash on the 1st December, 1922.

W. S. FIELDING,
Minister of Finance.

Dated at Ottawa, 8th August, 1922.
