# Presbytery of Miramichi

The following minute is adopted by this Presbytery on the occasion of the resignation of Rev. James Anderson, of Newcastle. "The Presbytery in reluctantly accepting the resignation of the Revd. James Anderson of the Pastorate of St. James' Church, Newcastle, desire to place on record an expression of their regret at his intended departure. So has he endeared himself to them all in the past that the parting now is pecuriarly painful. As a Gospel Minister, and a faithful servent of the Lord Jesse Christ Mr. An servant of the Lord Jesus Christ, Mr. Anderson has been deservedly held in the high-est estimation in charge of St. Matthew's Church, Wallace, Nova Scotia for eight years prior to his translation to St. James' Church, Newcastle, where he has laboured over six years. He thus has been for fourteen years years. He thus has been for horteen year identified with the growth of Presbyterianism in the Maritime Provinces. His Ministra-tions in both hields, the Presbytery rejoice to know, have been abundantly to the exten-sion of the Master's Kingdom, and their memory will long survive in many minds his pulpit ministrations being thoughtful and nns pulpit ministrations being thoughtuil and evangelical, impressive and powerful, and his manner pleasing and attractive. In individual characteriscies Mr. Anderson happily united in himself great geniality of temperament with unquestioned sincerity of endeavour, and added to preaching and pa toral qualifications of a high order, many a tractive personal graces. Scholarly in at-ainments, a man of liberal and Catholic sympathies, possessor of a keen sense of humour and Christian integrity, with a record marked by a moral earnestness of aim, and a char acter adorned by numerous lovable traits, Mr. Anderson has been in his own person an example of the life-giving power of the gospel which he preached, has made tull proof of his ministry, and earned a reputation amongst all who knew him as a worknan conscientious, valiant, not needing to be The Presbyiery would also record that Mr.

derson always took a decided interest in business of the Presbytery and of the irch generally, and was ever ready to discharge any duties assigned him. In addition on his other duties he filled the position of Clerk of the Presbytery, in which capacity his action was ever straightforward, his influence independently exercised, his judgment wise.

Our best wishes go with our brother; we have that a wide story and

hope that a wide door and effectual may be opened for him in the land of the Mother Church, and pray that the Lord may bless him, and his life's partner, as in the past so in the future, yea and more abundantly. Committee in behalf of the Presbytery,

THOMAS NICHOLSON, Convener, J. C. HERDMAN, B. D., WILLIAM FOGO.

FISH SHIPMENTS

The captain was taken sick on the day of arrival, suffering from a brain affection, the result of an injury done to the head a day or two before reaching Belfast.—
The sick man was conveyed to the Royal Hospital in that city, where he remained for a little over a month, receiving the best of treatment, and much kindness at the hands of the owner of the vessel,—
As soon as he was able to stand the voyage. Captain Quigley, accompanied by Henry Muirhead, Esq., took passage in the Sarmatian at Londonderry for Rimouski, and arrived at Newcastle on Saturday afternoon. We are pleased to Saturday afternoon. We are pleased to know that our esteemed townsman is rapidly gaining strength, and expects to be all right again in a few days.

be all right again in a few days.

A SAD CASE.—On Monday morning s Mr. Campbell, protographer, who has been doing business here this season, attempted suicide by cutting his throat with a razor. The wound inflicted was from two to three inches long, was only skin deep, and as no vessels were severed, was insufficient to cause death. The poor fellow has been sufferer for nine or ten years—his right side being paralyzed—and for some time past owing to failing health, he has been very despondent, so much so as to affect his reason to a slight extent. We were informed yesterday that the sufferer was sunking, not from the effects of the wound, but from the effects of the the wound, but from the effects of the paralytic stoke which has during the last nine or ten years caused him a great amount of suffering, and from the general breaking
