

OWNERS THINK IT HAS BEEN KILLED.

Council to Vote On Switch On Monday.

December 18 Date for Lightning Arbitration.

Would Use Old Rails at Main Street.

The Brantford & Hamilton Railway's application for permission to construct a switch to the premises of Lake & Bailey, which has aroused the ire of the Main street residents, will be dealt with at the Council meeting on Monday night and it was generally conceded in municipal circles to-day it would be voted down as a result of the bitter opposition that has developed.

City officials said this morning that there was no doubt that the by-law as it stands at present gives permission for the hauling of any kind of freight to the switch. The Brantford & Hamilton Railway's by-law, it is stated, gives that company the right to haul freight along Main street, but specifies that the cars shall be similar to the passenger cars.

City Solicitor Waddell made an appointment this morning with Judge Snider for December 18, for the hearing of evidence in connection with the arbitration proceedings instituted by the city in an effort to force the Cataract Power Company to give a reduction on the price of its lights.

The Brantford & Hamilton Railway is preparing to connect its tracks at the corner of Main and James streets with those of the H. G. & B. Ald. McLaren discovered this morning that a load of old rails had been delivered to do the work with.

It is believed that the twenty-one aldermen who sit around the Council board will go to the post again next January. There was some talk earlier in the year of one or two dropping out, but these have changed their mind.

Dr. Roberts, the Medical Health Officer, believes there are a great number of unemployed throughout the province. He had this forcibly impressed upon him this morning, when he received a letter from a man in Toronto offering to come here and move the groceries from the store of James Peterson, the last smallpox victim, to the isolation hospital.

But Fatally Injured Woman Who Threw the Bomb. Moscow, Dec. 4.—An unsuccessful attempt was made in this city to-day upon the life of Lt.-Gen. Guerschmann, Governor-General of Moscow. He escaped death only by a narrow margin. A woman threw a bomb at the general's carriage while he was driving this morning in the Lefort quarter of the city. The horses were blown to pieces and the coach man was seriously wounded. The Governor-General, however, came out of the explosion untouched. The woman was so severely mutilated by her own bomb that she had to be removed to a hospital. She is in a dying condition.

SHOULD REMEMBER THIS.

Recipients Xmas Gifts Like Them From a Store of Character. In New York one likes to receive the gift in jewelry that comes from "Tiffany's," or if it is an article of dry goods, the gift carries an added prestige if it comes from "Altmans." These are leading high-class establishments, not necessarily expensive, but stores of character, who have stood the test of years and have always been found dependable.

EXCUSE ME.

KISSED THE WRONG WOMAN IN A CAB. All St. Catharines Chuckling Over Mistake of Man Who Went to Meet His Daughter at Station—took a Chance in the Dark. St. Catharines, Ont., Dec. 4.—The whole town to-day is chuckling over one of the funniest things which could befall a man, which took place last night. A well-known business man received a telegram from his daughter in Buffalo saying that she was coming here on the evening train, and he was to meet her. When he got up town about train time, all the cabs had gone to the station. The only thing for him to do was to wait for one of the cabs to get back, because the G. T. R. depot is a long distance away, at the same time telephoning to the station agent to tell the young lady to wait for him.

ROBBED OF \$70.

Room Entered and Money Stolen—Pocket Picking. All the criminals are not in jail yet, as the police found out last night when George H. Venables, Dominion Hotel, reported that some person walked into his room on Monday night and stole \$70. The door was not locked. G. E. Smith, 94 East avenue north, was out just \$34 after boarding a T. H. & B. train at the station last night, while on his way to Grassies. He thinks someone picked his pocket.

A MATTER OF PRIDE.

Hamilton Undoubtedly a Great and Prosperous Centre. Hamilton people should, and with the possible exception of a few do, stand loyal to the Hamilton stores. People who travel say that the Hamilton stores are very attractive and certainly present as broad assortments and as good, if not better, values than any other city in the country.

BEER PRICES.

Reduction Applies Only to Draught Lager in City. A local paper stated last night that the price of bottled ale and beer and draught lager and ale had been reduced. To-day the manager of the Grant Spring brewery said that the article was full of inaccuracies, and that only the price of draught lager to the city trade had been reduced, but that the prices of all the other lines mentioned had not been changed.

The Man In Overalls

Get right out and buy them now if you haven't done it before.

Now if the other ends of the city would demand that aldermanic candidates be neither Grit nor Tory, we might have a chance to get a non-political Council. The North Enders see the evil of partisan Councils.

The W. C. T. U. asks for legislation to give Provincial Legislatures the power to suppress the sale of cigarettes. Sir Wilfrid may grant the request. A sort of local option. The coffin nail is being cornered.

The city Liberals having got their ward officers elected, should now see about getting the army into fighting trim. Something may be doing soon.

Yes. It pays to be honest. Read the court news if you don't believe me.

So Whitney has put the Beach residents into the criminal and lunatic class. He has disfranchised them. I thought the Beach Commission was a sort of lemon.

Mr. T. H. Pratt has a pretty level head. A trolley line along the mountain would make things hum up there in the building line, and would pay itself as a belt line in the summer season. Can't be built too soon.

If Mrs. Bradley did not shoot Senator Brown, who did? But perhaps the jury thought he deserved to be shot.

Pick out your aldermanic candidates now and avoid the rush later on.

The city Tories are preparing to be put on a war footing. Officers will be appointed shortly, not forgetting the bottle dispensers.

This bread question is coming to the front again. What is the objection to the label and what is the objection to a standard weight? One at a time, please.

Is Bongard a candidate?

Shovel off your snow or call on the Magistrate.

Can't the Mayor trim a little on the bath question? It's getting dangerous.

Is this what you call an open winter? Hamilton stores certainly are great. I'm proud of them and their splendid displays of sensible Christmas gifts.

Be wise and Christmas shop all you can this week. Already the stores are very busy.

ANTICIPATE A BIG REDUCTION FIGHT.

May Go Dry. New York, Dec. 4.—That the prohibitionists are making an effort to move New York State in the "dry" column and that unless action is at once taken they will have the fight more than half won was the statement made before the annual meeting of the Hotel Men's Association of the State. A good portion of the session was devoted to a discussion of the subject, several speakers urging that the association take active steps to begin a campaign in opposition to the prohibitionists.

A BAD FRACTURE.

Knox Church Officer Met With Serious Accident. Mr. Donald Warren, caretaker of Knox Church, had a bad fall last night which resulted in a compound fracture of one of his arms. He had just come out from the Cannon street entrance to the church when he fell. Medical aid was obtained and the fracture was reduced, but he will be without the use of the arm for quite a while yet. He is at his home, Cannon street, opposite the church.

SENATE REFORM.

Elections in Nicolet and Labelle on the 30th Inst. Ottawa, Ont., Dec. 4.—(Special).—Senator McMullin has given notice that in view of the agitation regarding the usefulness and necessity of the Senate as a part of our legislative system, and in view of the criticisms both in Parliament and the press with respect to appointments to this chamber, it is in the opinion of this House desirable that the question of the method of appointments and the term for which appointments are to be made in future should be considered and the system recast with the object of bringing it more in line with the popular sentiment of the people than it is at present.

LEAVING LONDON. Pastor McKenzie, Formerly of Hamilton, Goes to Cleveland. Rev. Herbert McKenzie, who was pastor of the Christian Workers' Church here when it occupied the hall on Hughson street, just south of the Times office, and who went from here to London, where he has had great success, has decided to accept a call to Cleveland. His congregation met on Monday, and after burning the mortgage, Pastor Philpott, of this city, read a letter setting forth the fact.

Activity of Temperance People Noted.

Think They Will Ask By-law for 50 Hotels.

Rival Interests Quietly Working Against It. More than the usual activity among the temperance workers in Hamilton and throughout the surrounding country has set these engaged in the hotel business and allied interests thinking. They figure that there will be a very vigorous campaign in favor of license reduction in the new year, and are looking about in the hope of devising some effective means to counteract the movement.

There is a general feeling abroad that the temperance interests will unite and ask for a substantial reduction. The present limit is 75, fixed by city by-law, but that number has not been issued for several years, the present number being 68. It is believed an effort will be made to have a by-law passed fixing the limit at 50.

An organized effort will be made to oppose the reduction, but the work will be done in a quiet way. These interested in the movement include not only the hotel men but the bartenders, the cigar-makers and men employed in making the barrels and kegs used by the brewers and the boxes used by the cigar manufacturers. A reduction of licenses, they figure out, would injuriously effect their trades. Their most likely course is to endeavor to pledge aldermanic candidates to vote against reduction.

The License Commissioners are opposed to any change—either increase or decrease. Chairman Dalley this morning, in discussing the possibility of a campaign reduction, pointed out that the population of Hamilton had increased 15,000 or 20,000 since the number of licenses was fixed at a maximum of 75. The desire of the commissioners is, he said, not to increase or decrease that number, but to increase the hotel accommodation. "We want the present hotelkeepers to enlarge their places and the travelling public in Hamilton is not going backwards in any respect, and all hotels must keep up with the procession."
