A BIG DAY—the 15th inst.

BLOOMFIELD TEA, Tuesday next.

Go to Bloomfield on the 15th inst, and enjoy a pleasant day's outing.

STUDIES will be resumed at St. Dunstan's College, on Monday, Sept. 11th.

WANT of space prevents our "Farmers' Column" from appearing this week.

KEEP Tuesday, 15th inst in your mind. It is the date of the best tea to be held this season.

A YOUNG man named Leonard Meek, in the empty of J. D. McLeod, fell Sunday while watering a horse and broke his leg.

A SEAM of hard coal was discovered on the farm of Ronald Keith, near Moncton last week, by men who were well boring.

MACKEREL are very plentiful at Rustico, and some very large hauls are being made. Monday afternoon one fisherman landed five hundred beauties with hook and line after about two hours fishing.

PASTE this in your hat and make no other engagement for the date: The Bloomfield Tea will take place on Tuesday, 15th inst. It will prove one of the grandest events of the season.

AT Moncton Saturday afternoon fire destroyed five large piles containing about sixty thousand feet of southern pine lumber in the I. C. R yard. A coal car and three flat cars were also burned. Loss about $2,000. The station house had a narrow escape.

WE direct attention to the advertisement of the Caledonian Club in this issue—Games are to be held this year at Souris A special train will leave Ch'town at 7,15 a. m. (local time) returning same evening—fare 85c—There will be no Gathering at Charlottetown this year and all interested should make it a point to visit the Capital of Kings County on the 16th inst.

TOMMY, the six-year-old son of Mr. W. T. Hurgan, accountant and auditor of the P. E. I. R, met with an accident last week at the home of his grandparents at Moncton, by falling from a tree, a distance of 15 feet, and striking on his head. For a time serious consequences were feared, but we are glad to know that the little fellow has now almost entirely recovered.

A HANDSOME bar of gold weighing 233 ounces, valued at $4,500, was at the office of Geo. A. Fyke yesterday morning from the Richardson mine, at Isaac's harbor, being the production of their July crushing. This company started with a 15 stamp mill on 1st February last, and have taken out 1200 ounces of gold in the six months, giving the shareholders a handsome turn on their investment—[Halifax Herald.

MESSRS. McRae and company's expert diamond driller, James Kelly has returned from the Kootenay mines, where he has been engaged for some time. To-day he leaves for Prince Edward Island to complete the submarine drillings started last summer in connection with the proposed tunnel under the Northumberland straits to connect Prince Edward Island with the mainland.—[Ottawa Citizen, 4th.

LAST Wednesday's storm of wind and hail did considerable damage in the Eastern portion of King's County. At Dundas a new church in course of construction was levelled to the ground. At Little Harbor and Fortune Bay the grain crops suffered severely, many fields being completely ruined. The hailstones were unusually large and of irregular shape, and did much damage. At Little Harbor an old building, owned by John Macdonald, was blown down.

"THE bottom is falling out of everything up there," said a gentleman who arrived in the city last Friday evening from Boston, to a St. John Sun reporter. "I have been working there off and on for the past nine years and I never saw things in such a condition. Factories are closing everywhere. The Waltham Watch Co. of Waltham, which usually employs nearly three thousand operatives, has cut down its help to about one thousand two hundred, and these have been obliged to work for reduced wages. There is a regular panic there now, and provincialists who can return home are doing so."

GREAT destruction has been done the crops in the Belfast district by a board of grasshoppers. At Ross and Melville, within an area of seven miles in length and four in breadth, they have played great havoc with the hay and grain crops; and some farmers have been compelled to resort to straw for fodder. The root crops are also receiving the attention of the pest; and even every green shrub and plant in their track is quickly devoured. It is only a matter of gastronomic ability between this new scourge and our old friend the potato bug, as to which of them will the more quickly cause the potato vine to disappear from view.

THURSDAY morning a young man named John Simpson, aged about 27, and a young girl named Hettie Cahill, aged about 17, left on the express en route for the neighboring republic. The parents of the girl knew about the intended departure of the pair, Simpson having remained at their house the night previous; but were given to understand that both had been made man and wife. Later on in the day Hettie's father thought he would call at the office of the Provincial Secretary and see the marriage certificate. He did so; but no certificate could be found there. The truth then dawned upon him that no marriage ceremony had been performed, and that the pair had eloped. He immediately laid this information with the Stipendiary Magistrate, who advised him to wire the authorities at Shediac ordering the detention of the elopers. At Point de Chene, however, the two managed to elude the law officers and continued on their way rejoicing. But the authorities followed up the trail, and things became so alarmingly hot for the pair that they left the train at Painsec Junction. From there they walked Thursday night to Shediac, a distance of 11 miles, and the following day went in quest of a clergyman to unite them. While so employed they were gathered in by the constable. The girl's father was then notified of their arrest. Saturday morning he left for Shediac, and the same night both the elopers returned with him to the city. Monday night Simpson and the girl were united in marriage, and left again the following morning to continue the trip, begun so unfavorable auspices.

Home Rule Bill

LONDON, Aug. 8.—There was considerable excitement among the Conservative members at the opening, yesterday, of the session of the House of Commons. The report stage of the Home Rule Bill was reached at an earlier hour than was expected. Balfour had an important amendment to offer. He was not present. The proposed amendment was intended to prevent the Irish members who shall be retained in the Imperial Parliament from voting on any questions excepting motions offered to amend Home Rule after that bill becomes law. George Bartley requested to be permitted to act as his substitute in offering the amendment. Speaker Peel ruled, at this stage, that substitute could not be allowed. A number of other Conservatives who, it was expected, would have prolonged the debate on Balfour's proposed clause were absent. By their absence they also lost the chance of moving amendments to the bill. A number of new clauses were proposed by other members of the opposition, but the Speaker ruled them out on the grounds that due notice had not been given of their submission, or that their proposers did not comply with the rules of the House.

James Parker Smith (Liberal Unionist) after having new clauses proposed by him ruled out, obtained the Speaker's sanction to move that the boundary commission under the bill be instructed to enquire as to the latter division of the Irish electoral districts. The debate on this motion was taken up and gave the Opposition time to breathe. Conservative and Liberal Unionists whips were at once despatched in search of the absentees. Balfour and other members of the Opposition appeared in the House to take part in the debate on Mr. Smith's motion. Eventually the motion was defeated 196 to 152.

Sporting Notes.

Boston leads in the race for the National League pennant, Philadelphia is second.

Humphrey, a well-known professional runner of Toronto, won the mile races, open to the world, at Chicago.

The Zorra, Ont., tug-of-war team won the international contest at the World's Fair, Thursday. Score 2 to 1.

The Britannia won the yacht race for the Meteor challenge shield, presented by the German Emperor. Her only competitor was the Satanita.

The Valkyrie won the Royal Yacht squadron race Friday on time allowance. The Satanita was second, Calluna third and Navahoe fourth.

The Britannia won the Royal Victoria Yacht squadron race yesterday, beating the Navahoe by 4 minutes. The Satanita was third and the Calluna fourth. The Valkyrie did not start. The course was 50 miles.

The Shamrocks defeated the Torontos at lacrosse at Chicago, Thursday, 5 games to 1. The game was for the massive silver trophy, valued at $500, presented by the Caledonian Club of Chicago.

The midsummer racing meet on the Summerside Driving Park is in progress to-day. The list of entries for the free-for-all and 2.40 classes is an excellent one, and some splendid trotting will no doubt result.

At Concord, N. H., on Wednesday Nelson was sent a mile to beat the state record of 2.19, made by Jewett at Nashua last year. He was accompanied by a runner, and made the half in 1.06, and the mile in 2.14½ without being urged.

The cricket match Phœnixville Cabots, Saturday, resulted in a crushing defeat for the latter team, the score standing 121 to 22. The Cabots went in for a follow-on, and when stumps were drawn had run up 23 with two wickets down.

At the grand circuit meeting at Buffalo, N Y., Thursday Hulda trotted the fastest three heat race on record, namely 2 12¾ 2 10½, 2 8½, beating the best average of Martha Wilkes. The Buffalo track record of 2 10¾, was twice lowered. Hulda made the the fastest mile ever made by a five year-old. Hal Pointer made a mile in 2.06.

The annual games of the Timothy O Sullivan Association at New York, last week were rendered of general interest by the fact that a world's record was broken. James Mitchell, of the New York Athletic Club, threw a 56 pound weight three feet farther than the previous record. The actual distance for the throw was 38 feet 11½ inches. In an exhibition half mile run T P Conneff covered the distance in 2.09 1-5.

At Detroit last week Zimmerman and Sanger came together for the first time in the mile open event. Sanger won in 2.20 4 5. One or the other failed to start in all the other events in which they were entered. In the two mile handicap, G. L. Berthel of Detroit won, time 4.27 3-5; half mile open, A A Zimmerman won, time 1.19 3-5; half mile handicap, A A Zimmerman (scratch) won, time 1.05 1-5; quarter mile open, G L Garry of Chelsea, Mass., won, time 33 3 5; mile, international W C Sanger won, time 2.18.

The great free-for-all pacing race for $10,000 purse was settled Tuesday on the Buffalo, N. Y., Driving Park. The former champion, Hal Pointer, secured two of the three heats and got the race. All were done in quick time. Manager took the first in 2.07¾, with Blue Sign second and Major Wonder third. The second heat Hal Pointer took in 2.06 1-2, with Mascot, the holder of the pacing record, second and Blue Sign third. The last heat was also captured by Hal Pointer with Blue Sign second and Mascot third. This was the fastest heat of the race and was done in the splendid time of 2.06. The famous pacer, Flying Jib, was one of the competitors, but did not get a place.

Benjamin Rogers, M. L. C., Alberton, is over the traces. He is out with his card accepting, as he says, six numerously signed requisitions requesting him to be a candidate as Councilman for the First District of Prince County at the approaching general election. Mr. Rogers, of course, will run as a Government candidate. Messrs. McLellan and Matheson have already been nominated to contest the district in the Government interest.

OBITUARY.

Mr. Peter Praught, of Grand River, Lot 14, aged 79 years died on July 27th, at the residence of his son John, after a short illness. Mr. Praught although none of the original settlers of Grand River had gained for himself many sincere friends as was attested by the large and respectable concourse of people that followed his remains to their last resting place. May his soul rest in peace.—Com.

THE passengers to Boston by the Worcester, Thursday were: Mrs F Erickson, Mrs J M Green, Mrs W C Snow, M J McDonald, Florence McPherson, Laura McPherson, Carrie Weatherbie, Mrs J W Hollis, Mary E Henry, H Cobb, L A Deagel, Mrs J W Lewis, May C Ryan, Jas Ormand, Mrs Campbell, M L Campbell, Mrs Taylor, John McPhee, John P Matheson, S Doyle, Kate Callaghan, Mrs B Murphy, Ada Gormley, S Doyle, Mrs Doyle and two children, W Morrison, Jas Higgins, J A McDonald, John Murray, Thomas McQuarrie, Jas McQuarrie, Flora C Gillis, E A Downs, C D Downs, A McDonald, Mrs Jas Corbett, Master E Lewis, John Paul, W J Gillman, John McQuarrie, Miss David Ross, Ethel Ross, Jessie Ward, Mrs McRae, John Pyke, John Thistle, R Squarebrigge, Jas Woods, Kate Graham, F Bogan, Dan Bogan, Mrs Sarah McGray, Kate McGray, Mrs Chandler, John Morrison, Lannie and Abbie Baker, Ellen Cummiskey, Mrs Jas Coyle, John Bowman, W Thorne.—64.

A HEAVY wind and rain storm passed over the city on the afternoon of Wednesday last, doing immense damage. It commenced about quarter to two and ended ten minutes later; but during this short interval more property was destroyed than could well be imagined. Thunder and lightning also accompanied the wind and rain. In several places over the city trees were uprooted or blown down, and light moveable articles carried several yards out of their position. The crops were also flattened. Two old buildings, McKinnon's old tannery on Brighton Road, and a barn belonging to Mr Hearn, on the lower St. Peters Road, were blown down. A chimney on the dwelling house on King St., occupied by Jas. Walsh, and also one on the dwelling of Edward Cullen, corner of Pownal and Sidney Sts., were blown down. The bricks of the former one crashed through the sheet iron roof on to a bed on the floor below. An occupant of one of the boats fishing at the Three Tides had a close call. He was being carried before the wind at a lively clip, when a passing schooner threw him a line and pulled him aboard. Outside the city the storm was more severely felt, and hail fell in large quantities. At Crapaud the windows in several houses were smashed by the hail. At North Tryon a horse owned by Mr. William Praught was killed by lightning.

...EBSTER'S INTERNATIONAL DICTIONARY

The successor of the "Unabridged."

Ten years were spent revising, 100 editors employed, and over $300,000 expended.

Everybody should own this Dictionary. It answers all questions concerning the history, spelling, pronunciation, and meaning of words.

A Library in Itself. It also gives facts often wanted concerning eminent persons, ancient and modern; noted fictitious persons and places; the countries, cities, towns, and natural features of the world; translation of foreign quotations, words, phrases, and proverbs; etc., etc., etc.

This Work is Invaluable in the household, and to the teacher, scholar, professional man, and self-educator.
