The Rev. E. Edwards, Rector of Llandawke and Pendine, South Wales, has recently resigned these two livings in order to be reconciled to the Catholic Church, of which he was a priest before his secession to Anglicanism several years ago. He has communicated his intention to the Passionist Fathers at Camarthen, who have made arrangements for his early reception.

Catholic Notes.
The Very Rev. Provost Maguire, V. G. of Glasgow, Scotland, has been appointed Auxiliary Bishop of the See.
Prince Colenso, chief of the most illustrious house of R. m., has abandoned the service of King Humbert for that of Leo XIII.
Father Elliot, the Paulist, who has been conducting a series of missions to the non-Catholics of Detroit, which aroused a spirit of enquiry among the Protestants of that diocese, will enter upon the same work in the Cleveland diocese.

In July of this year the celebrated Catholic college of Stonyhurst, England, will celebrate its one hundredth anniversary. The celebration will continue for several days, and numbers of distinguished Catholics, bishops, priests and laymen, will attend.
The Catholic Church has native priests in China and Japan. Right Rev. Bishop Conrard, of Nagasaki, Japan, has in his diocese 15 native Japanese priests, forty-five native catechists, eight native religious communities consisting of 180 Japanese Sisters engaged in nursing the sick and in teaching the girls.
From the time of St. Peter down to the year 1153 the Popes all wore full beards, but for the next four centuries they were clean shaven. Then came a period of two centuries in which they again wore the beard, but from the year 1700 until the present time the smooth face alone has been seen in the papal line.

WALKED FROM INDIA TO PRUSSIA.
Printer Schneider arrived on the 7th inst. at the birthplace, Rathenow, in Prussia, and thus ended a walk which he began two years ago in Calcutta, India. Schneider was a job printer in Melbourne, Australia, in 1892. In March, 1892 he had saved 23,000 marks, and he sailed for home with his wife and two children. The ship in which he took passage was struck by lightning during a storm in mid-ocean. It was burned, and Schneider's wife, children and fortune were lost. He was, with a few others, escaped in a small boat. He landed on an island, from which he worked his way aboard ship to Calcutta.

There he was without money or friends. He was unable to find work, and could find no opportunity to work his way on any vessel bound for a European port. In June, 1892, he walked out of Calcutta. He went northward, collecting from all the German consulates he passed certificates to the effect that he was making the whole journey afoot. He traversed Afghanistan, Persia, Russia; east of Berlin without once setting foot in a vehicle.

Blood Poison
THE BANE OF HUMAN LIFE,
Driven Out of the System by the Use of
Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any help whatever. Hoping that a change of climate would benefit me, I went to Cuba, to Florida, and then to Saratoga Springs, where I remained some time drinking the waters. But all was no use. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifest. To-day I consider myself a perfectly healthy man, with a good appetite and not the least trace of my former complaint. To all my friends, and especially young men like myself, I recommend Ayer's Sarsaparilla, if in need of a really reliable blood-purifier."

A. M. D. G.
PILGRIMAGE
To St. Anne de Beaupre.
Fare for the Round Trip \$5.00

The excursion trains which are to carry the pilgrims as far as Levis will have point at Chene and Sackville on Monday afternoon, June 25th. For the accommodation of persons leaving at a distance from the Montreal Railway route, special arrangements will be made with the Montreal & Bonaventure, the Cape Tormentine, the Kent Northern and the Carleton Place, as also with the Charlottetown Steam Navigation Co., whose boats run between Summerside, P. E. I., and Point du Chene. Parties of ten or more, desiring to join the pilgrimage train, can secure from any of the foregoing lines excursion tickets issued at one half the regular fare.

Arriving at Levis about noon Tuesday June 26th, the train will land the pilgrims on the wharf of the Quebec & Montreal. Every boat in waiting will at once transport the pilgrims to the Quebec side, and on the very wharf where they disembark they will find the train of the St. Anne de Beaupre and Charlevoix Railway, on which the last twenty-two miles of the trip to St. Anne de Beaupre will be made in about an hour and a quarter.

Reaching the objective point of the pilgrimage about 3 p. m., the pilgrims will march to the church in procession (six deep), singing a canticle for the good of souls. In passing from the church to the regular training exercises for the evening and next morning will be made from the rich material decorations of the splendid edifice, there are grouped within it a multitude of statues artistically arranged to represent the various confessions of the Faith.

Particularly worthy of a visit is the new chapel of the "Sacra Santa," a reproduction of the hall in which our Lord was judged by Pilate. It contains a fine statue of the Virgin Mary, and a statue of the Holy Spirit, the thirty-two statues of which devout pilgrims are wont to ascend on their knees. Apart from the rich material decorations of the splendid edifice, there are grouped within it a multitude of statues artistically arranged to represent the various confessions of the Faith.

Confessions will be heard on the evening of the 26th and the morning of the 27th by the Redemptorist Fathers of St. Anne, as well as by the Priests accompanying the pilgrims.
The village of St. Anne de Beaupre now offers ample hotel accommodation for 2500 guests. Moreover, the committee of organization have arranged for the pilgrims at Beaupre that the afternoon of June 26th and the forenoon of June 27th will be reserved exclusively for the pilgrims. Hence no other crowding need be feared. The return trip will be begun at noon on the 27th, when the train will start for Quebec. It is important that the pilgrims should bear in mind the hours indicated for the departure of the train, as it will not be on the train to proceed so late as to incur the risk of being left behind. Our tickets, however, are available on any of the regular trains running daily from Quebec to St. Anne and St. Anne to Quebec.

At Quebec.
Quebec will be reached about 1.15 p. m. Those who desire to cross over to Levis at once will find a boat awaiting them and may proceed immediately to the city. The others will have six hours in which to visit the churches, convents and other monuments of the historic old city. The magnificent view to be obtained from the "Esplanade" will amply repay one for the trouble of scaling the heights.

THE HOME JOURNEY.
The pilgrimage train will leave Levis at 7 p. m., Wednesday, for St. Anne de Beaupre at 8 a. m., and Montreal at 1 p. m. on Thursday. It is needless to say that the return should be made as soon as possible, and that the religious character of the pilgrimage is to be preserved throughout.

COLONIST CARE.
The committee will prepare bags in a number of colonist cars for the convenience of the sick poor who could not otherwise support the fatigue of travelling. A regular physician and nurses will attend to the sick throughout the journey. Those desiring of availing themselves of a bed in any of these cars should specify such desire when buying their tickets and should have the names specially registered by the secretaries of the committee, or by the agents from whom their tickets are bought.

Here is now a great chance for the arch-indebted to show forth before the public the grounds on which rest his principles of unbelief. If he refuses now to come forward, as he declined to meet Father Lambert some years ago, it will be a great disappointment to every sincere believer in Christianity.

A Minister Becomes a Catholic.
Rev. George Frederick Fisher, the former pastor of the Methodist Church of Newtown, Long Island, has become a Catholic. For some time Mr. Fisher has been under the instruction of Rev. M. R. Flannery, of the Church of Our Lady of Sorrows, Corona. On Thursday several of his Catholic and Protestant friends were present in that church when Mr. Fisher read his solemn profession of faith at the epistle side of the altar. The choir then sang Cardinal Newman's hymn, "Lead, Kindly Light," and a baptismal procession moved to the vestibule. The neophyte was escorted to the front and conditional baptism was administered by Father Flannery. The ex-minister, on Friday, received his first communion. He is a married man with three children. His wife is still a Protestant. He intends to practice law. He is a brilliant man, and has a reputation as an eloquent speaker.

Ministerialists in Caucus.
OTTAWA, June 13.—A ministerial caucus, the first of the session, was held this morning, and was largely attended by members of both houses. Sir James Grant, member for Ottawa, presided. The caucus being confined to matters of legislation now before the house. It was the general opinion that a redistribution bill should not be proceeded with this session, while the insolvency bill, in all probability, will be hung up for a year, as after it leaves the senate there will not be enough time for consideration. The government will, however, proceed with the remaining business on the order paper, including the French treaty, the fast Atlantic service and the franchise bill, adopting the provincial basis of qualification. A dozen or fifteen members of both houses spoke freely on the different questions. The general opinion was expressed that prohibition could be reached by June 30th, or at the latest by the first week in July. The proceedings were closed by an address by Sir John Thompson. Cheers for the premier and chairman brought the large gathering to a close.

From all Quarters.
Boston is flooded with counterfeit money. Several arrests have been made.
Duncan McIntyre the well-known railway magnate of Montreal died Wednesday. He was worth about \$5,000,000.
A wealthy Englishman, who died recently, John Gillow, of Llystow Hall, Inglestone, Essex, has bequeathed the whole of his personal property, amounting to nearly \$500,000, for the benefit of the Catholic Church in England and Wales.

Ten young women are every year started in self-supporting careers by the generosity of Mrs. Frederick Vanderbilt, of New York. The sum of \$500 is devoted to the instruction and advancement of each young woman who displays ability, ambition and industry.

It is a notable and interesting fact that all the Jewish papers in the United States, both orthodox and liberal, condemn the principles, the objects, the conduct and the leaders of the A. P. A. Their denunciation of it is not less vigorous than that of the Catholic organ.

Hetty Green, the richest woman in America, seems to be smarter than the Gould family in evading taxes. With all her New York holdings, and her fortune estimated at \$90,000,000 she is assessed in New York only \$40,000 because she claims to be a non-resident.

Henry F. Perley, formerly chief engineer of the public works department, who was dismissed from the government employ, for his connection with the Connolly-McGreavy Scandal, has been reinstated and will occupy a subordinate position. This is considered a preliminary move to superannuation.

The Rev. Joshua Coit concludes an article in the Outlook in the following words: "The danger of our land-to-day is not from the Roman Catholic Church, but rather from those who have lapsed from this and from other churches. Let the Protestant Church, with united front, oppose not the Romish Church, but rather the wickedness and worldliness of the millions who are outside all churches, that we may become a Christian people in truth as well as in name."

Theodore C. Faxon, bookkeeper for Morton & Chesley, builders, of Boston, has been arrested for embezzling \$50,000 from his employers. He admits his guilt, and claims he spent the money for his living. Faxon owns a thirty acre farm in Braintree, where his residence is. He purchased the property about seven years ago, and has a herd of Jersey cows and a kennel of fine dogs. Faxon has, it is alleged, been taking money from the firm for sixteen years, or all the time he was in their employ. In the past six years it is said, his stealings amounted to \$25,000. His salary was \$1,000 up to a few years ago; when it was raised to \$1,500.

The Board of Health of Orange, New Jersey, seems determined to revive the blue laws of Connecticut within its jurisdiction. It has begun by prohibiting the innocent and somewhat amusing practice of kissing within the limits of its jurisdiction, and by regulating the length of dresses worn by ladies thereof. The Orange Board of Health attempts to justify these arbitrary regulations by the pretense that they are necessary for the defence of the public against the ferocious yellows. Kissing leads to diphtheria, in the view of Health Boards, and sweeping trains convey tramp bacilli from the streets into the homes of the people. The prohibition of kissing is an interference with an inalienable natural right. The regulation of the length of skirts is a sumptuary law, and is a violation of the spirit of free institutions. It is not likely the people will submit for a moment to this nonsensical tyranny.
