**Boy's Overcoats Cheap.**

The Ready-Made Business has lately been "on the blink." Goods have been offering under costs of production. Some people have lost their nerve as regards buying, but we have waded in and bought up to the neck, as we figure we won't see the same prices for a long, long time.

We can therefore offer you

**Boy's Overcoats**  
for ages 9 to 18 years  
at only  
**\$9.25 each,**  
for all sizes.

We have also other numbers in better qualities, all of which are offered to you much under to-day's values.

You make no mistake by buying immediately as you won't be able to buy as well later.

A FAULT WE ARE NOT ASHAMED ENOUGH OF.

There are certain faults, certain weaknesses which for some reason we are much less ashamed to acknowledge we possess than others.

A man would not willingly say "I am mean" or "I am cruel," but quite frequently he is a selfish person.

Everyone about you will suffer if you do not overcome it, but no one has as much as yourself. All uncontrolled passions are absolute poisons that really poison people physically, take away their energy, tear down their tissues, make them old before their time and of none is this so true as of jealousy.

**The Way to Overcome Jealousy.**

In your fight to control it, begin with this thought—there is nothing to be proud of about jealousy. It is not a sign that you are of a fine, high-strung temperament so much as that you are of an uncontrolled and self-centered temperament. Selfishness is the father of jealousy and vanity, the mother.

Having, then, established the hatefulness of the feeling, call to your mind its more than utility. Nothing brings about the very end you fear—has as much as jealousy. You cannot win affection by demanding it; you can only drive it away. On the other hand, if you win this battle with yourself and overcome the habit of jealousy, you will develop the strength and sweetness of character that will win love.

**At the City Hall.**  
**WEEKLY MEETING.**

The regular weekly meeting of the Civic Commission was held on Thursday evening at 4 o'clock. Mayor Morris presided and Councillors Vinicombe, Peet, Jackson, Collier and Halliwell were present. The Minutes of the last meeting were read and confirmed after which the following matters were discussed.

A communication was received from the Colonial Secretary in reference to the holding of the Court of Revision in connection with the Appraisalment of property.

A letter was read from H. M. Mosdell, asking what decision the Council had arrived at in regard to the concessions asked by the Company in their previous communication. The matter was carefully considered, and as the Council under the Act has no power to grant such concessions, it was decided the matter be left with the newly-elected Council to take up with the Government.

Communications were received from the Reid Newfoundland Company stating the lights ordered would be installed as soon as possible.

C. J. Fox, solicitor for Patrick Summers, asked that the Arbitration, in connection with the expropriation of property, Round Pond, be proceeded with. Arrangements have been made to proceed with this matter.

A Benson complained of inadequate lighting of Angel Place, off Alexander Street. It was ordered that a larger light be placed there.

R. Tuck drew attention to the necessity for better lighting of Hildsworth and George Streets and vicinity. The request was acceded to.

W. J. Woodford asked when the light promised for Convent Square would be attended to. The matter is at present in the hands of the Electrical Department.

J. Butler asked that attention be given to the drains on Franklin Ave. as after every rainstorm his premises are flooded. The City Engineer stated that this building was not erected according to street line given, and therefore that Mr. Butler has himself to blame for any inconvenience. A curb and gutter will be placed there to remedy matters, if Mr. Butler is prepared to pay his proportion of cost, according to frontage.

Health Officer Brehm reported that he had no objection to Joseph F. Moore, 176 Hamilton Avenue, being given permit to erect stable, provided he conforms to the Regulations governing such erections.

The following plans were passed subject to the approval of the City Engineer:—J. Searle, Mundy Pond Road, provided he gives a written guarantee to pay his proportion of cost for street improvements and extension of water and sewerage, according to frontage of his property. E. Johnson, (addition to building), Belvidere Street; R. Devaux, (dwelling), Clifford Street; Bowden & Thistle, Blatchford Street. Plan submitted by Thomas Coady to erect forge on Lime Street was deferred. The Mayor and the City Engineer will visit the site.

It was decided that several lights be installed in places approved of by the City Engineer.

The tender of Mr. J. G. Crawford for supply of hose to Watering Vessels Department, was accepted.

**Some Fresh Arrivals This Week**

**ELLIS & CO. LIMITED,**  
203 WATER STREET.

**Mine Boss Says He Lay Helpless, Unable to Move**

Harry Scott Was Down And Out And Unable To Feed Himself.

Harry E. Scott, a well-known mine boss, whose address is Box 553, Tompkins, Arizona, writes:

"I was down and out nearly all the time with rheumatism and finally got to where I couldn't move, even to feed myself. My wife thought I would never get well again, and she knew my condition better than anyone else. I was absolutely helpless when my wife started giving me Tanlac and in four days I ate a hearty meal for the first time in many months. Tanlac put me on my feet and I'm back on the job working hard and feeling just the way I have gained eighteen pounds in weight, too."

Tanlac is sold by leading druggists everywhere.

Public Works the same day. The Council, having carefully considered the matter, ordered that the following letter be sent immediately:

November 5, 1921.  
W. B. Jennings, Esq., M.H.A.,  
Minister of Public Works.

Dear Sir,—In the matter of the report on the inquiry into the expenditure in connection with the New Road, which has been submitted to you, I beg to say that it was read at a special meeting of the Council held last evening, and was unanimously accepted; and that it is the opinion of the Council that you should take immediate action upon its recommendations.

Yours very truly,  
(Sgd.) I. C. MORRIS,  
Mayor.

The Mayor, at the meeting last evening informed the Board that, as a result of the above letter, Mr. Jennings had placed all the documents in the hands of the Minister of Justice; and it is more than likely that within a few days the Council will hear from him as to what action he intends taking.

During the week, the Council received a deputation from the Board of Trade to discuss the method of watering of shipping. President Cowan, Mr. Harvey and others addressed the Council as to the need for a better system in this connection, and pointed out that if hydrants were erected on all waterfront premises, and metres attached to the same, a much more satisfactory service would result, as it would permit the owners to water the ships themselves, and also be the means of saving the present delay and inconvenience. The members of the deputation spoke very highly of the service of Waterman Flynn, who for the past fifty years has been engaged in this work, stating they found him at all times willing to assist them in every possible way. They had no fault whatever to find with the Waterman, but merely wishing, if possible to improve the system. At the request of the Council the Board of Trade will, at an early date, submit plans in connection with the above matter, for the consideration of the Council.

**Armistice Day at Grand Falls.**

**PRESENTATION TO POPULAR MANAGER.**

The Grand Falls Veterans of the Great War form a considerable portion of the town's population, consequently the anniversary of the signing of the Armistice brings back to soldier and civilian alike many a story and memory of the great conflict, and through it all is woven the remembrance of those whose Armistice was signed by the hand of the grim reaper himself. At eleven a.m. two minutes silence was observed by the entire town. At half-past eight in the evening the G.W.V.A. held a concert and dance in the C. of E. Parish Hall. The audience was composed of the veterans and rejected men and their lady friends, as well as the next of kin of fallen soldiers. So great was the number that the hall was filled to its utmost capacity, and one's feeling on entering was of astonishment that such a small place as Grand Falls could show such a large number as having taken an active part. The concert was short but very enjoyable, each number being encored; special mention could hardly be made of any item, all were excellently rendered and appreciated. Following is the programme:—Piano Selections, Mrs. Little; Songs—Miss Parsons, Mr. W. Simpson, Mr. E. Powley, Mrs. Barnes, Mr. H. Baird, Mrs. Loder, Mr. F. G. McVane; Mrs. W. F. Little and Mrs. H. C. Goddard; pianists.

Capt. George Hicks as chairman, very ably conducted operations, and after the finish of the concert introduced the chief feature of the evening by calling on Capt. L. R. Cooper. This took the form of an address and presentation of a deeply appreciated award of the hall to Mr. Wm. Scott, Vice-President and president, as a mark of the Veterans' appreciation of his kindness and thoughtfulness to them and their dependents during the war. The address read as follows:—

"It gives us the greatest pleasure to take this opportunity of putting on record our deep appreciation of the kind and generous treatment which we have received during the time of our enlistment.

We, as employees of the Anglo-Newfoundland Development Company,
