SUNLIGHT SOAP is guaranteed PURE UNADULTERA-TED SOAP.

Five thousand dollars (1000 pounds) will be paid to anyone proving this statement to be untrue. You will find this guarantee on every Sunlight Soap wrapper.

Ordinary so-called cheap soap does not average more than 70 per cent. REAL SOAP to the bar or pound, the remaining 30 per cent. consists of water and fillers.

When you buy SUNLIGHT SOAP at 15 cents, you get 15 cents worth of REAL PURE SOAP, without any adulterants or injurious chemicals or fillers.

So-called cheap soap sells in 8 ounce bars for 10 cents and in 4 ounce bars for 5 cents. SUNLIGHT SOAP at 15 cents for 12 ounces costs only 10 cents for 8 ounces and 5 cents for 4 ounces.

Consequently SUNLIGHT SOAP costs no more than the so-called cheap soaps; but because SUNLIGHT is REAL PURE SOAP, it costs less than adulterated soap.

When you buy SUNLIGHT SOAP you get 15 cents worth of Soap, but when you buy inferior soap at the same cost, you get less than 11 cents worth of soap.

Therefore when you buy an 8 ounce bar of inferior soap for 10 cents, you really get only 7 cents worth of REAL SOAP. You throw away 3 cents.

In addition to actually wasting money when you buy adulterated soap, you lose several dollars through the damage done to your clothing by injurious soap.

It pays to use Sunlight Soap. Every intelligent woman knows that SUNLIGHT SOAP is purest and best, and cheapest in the long run.

If you do not need a large 15 cent bar of SUNLIGHT SOAP buy a half bar. SUNLIGHT is so pure that it will not injure even a baby's tender skin.

Tell your wash woman to use SUNLIGHT SOAP; if necessary, supply her with a half bar. Don't destroy your expensive clothing with injurious soap.
