HUMANE SOCIETY NOTES

Contributed by the Secretary—Good  
Work Done.

At the last meeting, July 18, of the London  
Humane Society, the inspector's  
report for the month was laid before the  
board. It was a most satisfactory record  
of work done and neither time nor trouble  
have been spared in alleviating unnecessary  
suffering and in righting many wrongs  
done, arising either through ignorance or  
cruelty. He reported several cases of  
poorly kept and over-crowded kennels  
improperly fenced, also cases of over-crowd-  
ing in small coops. He had many of these  
cruelties remedied on the spot and others  
were warned not to repeat the offense.

The larger part of the report dealt with  
horses, and extended over several visits to  
stables. The stables were on the whole  
satisfactory, excepting in one or two cases  
where the animals had been allowed out  
with sore backs and in one case he found  
two horses suffering from galled shoulders  
caused by drawing gravel, and as the poor  
creatures were in a very lean condition,  
the inspector thought the owner ought to  
be summoned.

The most serious case was that of a  
street car horse on the morning of the 15th,  
when, on reaching the stables at the East  
End, the poor animal fell down, presum-  
ably from over-exercising, and could not be  
got up. The inspector sent for Dr. Wilson,  
who pronounced the horse to be dying and  
had it removed into the yard and put at  
once out of further suffering. In justice to  
the street railway company, it may be  
stated that Manager Break is doing his  
best to meet the society's wishes and  
obviate such cases.

Between the humane and thoughtful efforts  
of the inspector and Mr. Burdick the dogs  
in the pound have been judiciously cared  
for.

The work throughout the month shows a  
most conscientious amount done, and ex-  
plains the necessity for a humane soci-  
ety.

A Happy Combination

of the most potent and active properties of  
the whole vegetable kingdom, is that which  
makes Dr. Pierce's Favorite Prescription so  
pre-eminently above every other so-called  
woman's restorative in the market. Don't  
stop short of the best! Don't experiment  
with worthless imitations, when the world  
acknowledges no superior to the original,  
reliable, and only guaranteed remedy for  
the happy restoration of suffering and de-  
bilitated women. Get nothing if it don't  
do just as recommended. See guarantee  
on bottle-wrapper.

It is well known to bakers of bread that  
flour made from Manitoba hard wheat will  
make from four to five pounds more bread  
than flour made from Ontario wheat.  
Hunt Bros. use half of this  
grade of wheat in all their bakers' flour,  
and one-third in their celebrated "Diamond  
Patent," which is sold by all grocers. Users  
of flour should bear this in mind and ask  
their grocers for this brand.

For fine styles and low prices of all kinds  
of furniture go to Wm. Trautman, 65 and 67

As Others See Us.

Detroit News: The bustling chief  
magistrate of London, Ont., Mayor Esary,  
did not appear to be in the best of humor  
when accosted by a News reporter at the  
Manning House yesterday afternoon. He  
stated that he was only taking a run  
around, and had no information to give re-  
specting the London and Port Stanley  
Railway. When informed that the result  
of his mission appeared in the News he ex-  
pressed a very forcible opinion of news-  
papers in general and the London papers in  
particular. Mayor Esary was speaking in

reference to the street railway trouble in  
London, and claimed that the newspapers  
only published what the company wanted,  
and were paid so much a line for doing so.  
Later on the News was informed that the  
mayor was anxious to get the reputation of  
being the "Penguin of London."

A Youthful Thief.

Charles Baker, a lad of 18 years, seems,  
like the little girl in the catechism, past  
redemption. He has been in the reforma-  
tory, and is now charged with three dis-  
tinct thefts. In the Police Court this  
morning he pleaded guilty to each accusa-  
tion—that of stealing a pair of boots from  
T. A. Mara & Co., of appropriating a new  
suit of clothes belonging to Chapman & Co.,  
and of seizing a bicycle and lawn mower,  
valued at \$25, the property of W. R.  
Hobbs. He will be sentenced next Thurs-  
day. A small boy named Henry Jones  
hired a livery rig the other day and drove  
it furiously on the street. To conclude the  
diversion properly he was fined \$1. A  
woman drunk was allowed to go with a  
warning.

Palmer-Watson.

A very pretty wedding took place at St.  
Ann's Church Monday evening, July 17,  
from the residence of Mrs. C. McIntyre, 630  
Howard street, Detroit, Rev. Father  
Grande officiating. The contracting parties  
were Miss Mary Watson, of London, Ont.,  
daughter of J. Joseph Watson, a well  
known and popular engineer on the Grand  
Trunk Railway, and Walter A. Palmer,  
formerly of London, but now of Pontiac,  
Mich. The bride was attired in cream  
satin, trimmed with pink lace and  
orange blossoms. Miss Evelyn McIntyre,  
cousin of the bride, acted as maid of honor,  
and was attired in pink Henrietta, and  
carried a bouquet of marguerites. Wm. C.  
McIntyre acted as groomsmen. The cere-  
mony they repaired to the residence of  
Mrs. Chas. McIntyre, aunt of the bride,  
where only friends and immediate relatives  
of the family were present. A sumptuous  
wedding repast was served, after which  
they took their departure for their future  
residence, Pontiac, Mich.

Minne-Reed.

The residence of Mr. William Reed, 296  
Horton street, was the scene of a very  
happy event Wednesday, the occasion  
being the marriage of his daughter, Annie  
L., to Mr. Robert C. Milne, traveler for R.  
C. Macfie & Co., city. The grounds, which  
were beautifully illuminated, presented a  
very gay and attractive appearance. A  
spacious marquee had been erected in the  
rear, where the wedding breakfast was  
partaken of by the numerous guests, among  
them were friends of the bride from New  
York, Albany, Buffalo, Detroit, Chicago,  
Toronto and Hamilton. The bride was  
lovely in a cream lace gown, and was  
attended by her cousin, Miss Anderson, of  
Hamilton. Misses Ethel Reed and Nettie  
Anderson, of Hamilton, were maids of  
honor. Mr. Fred Milne performed  
the office of groomsmen. The happy  
couple left on the 11:05 C. P.  
R. train for Chicago and an ex-  
tended trip through the Western  
States, carrying with them the best wishes  
of their friends. The ceremony was per-  
formed by the Rev. J. W. P. Smith, of  
Christ Church. The wedding presents  
were both numerous and costly, among  
which was an oil portrait of the bride,  
presented by the groom. The popular  
young couple will reside on Central avenue.

TOOK POISON FOR FUN.

An Indiana Girl's Sad Experience with  
Cocaine Sublimite.

JEFFERSONVILLE, Ind., July 20.—Minnie  
Egbert and Lena Gardner, each 12 years of  
age, went to a drug store for a quantity of  
corrosive sublimate. On their return home  
Minnie remarked that at one time she had  
taken poison and it had not injured her.  
The girls then bantered each other to taste  
the sublimate, and finally Lena took a  
swallow of the dangerous liquid. She was  
almost instantly seized with a terrible  
burning sensation in her mouth and in-  
testines, and it was only by the hardest  
effort that she reached her home. Here  
her sufferings became more intense and it  
is thought that she cannot survive. Minnie  
was about to taste the poisonous liquid,  
but Lena's pleadings, together with her  
sufferings, prevented the child from tasting.

Dived to Death.

WASHINGTON, D. C., July 20.—John B.  
K. Platt, a prominent plumber merchant,  
this city, while suffering from hallucina-  
tion, climbed to the roof of his house, and  
took a running jump into the street below,  
apparently under the belief that he was  
diving into a pool of water. His death  
was almost instantaneous. He leaves an  
estate valued at over \$200,000.
