STOCK MARKETS.

H. C. Becher, stock broker, Bank of Commerce building, received the following by private wire from Bartlett, Frazier & Carrington today:

New York, May 18. - Noon. -- London cables this morning were of a discouraging character and prices for Americans showed declines ranging from 1/4 to 1 per cent. This, coupled with a report that prices of export rails were being cut, had a decided depressing influence on sentiment. Market opened weak, as had been expected, but there was very little outside liquidation. Sentiment is generally bearish, but owing to the existence of a fair-sized short interest prices may have temporary rallies, but on bulges think market a sale. Sales to noon 690,100.

BACK FROM THE SHOOT

Messrs. B. W. Glover and J. S. Brown Made Good Scores.

Messrs. B. W. Glover and John S. Brown have returned from Toronto, where they attended the tournament of the Stanley Gun Club. Both made very good scores, and held their own beside many of the crack shots of Canada and the United States. Both participated in every event on the card. ticipated in every event on the card, Glover shooting from 17 to 20 yards, and Brown from 16 to 19 yards. In the nine events, Glover made a total of 165 out of a possible 180, and Brown was only 5 shots behind him. In event No. 3 Glover made the possible 20, and Erown did the same in event No. 6. Brown's lowest score was 16, and Glover's 17. The shooting of both Londoners was a decided credit to the Springwood Gun Club, with which both have been very prominently identified.

Every number was heartily appreciated by the audience. Mrs. Irwin and Mrs. Reid rendered duets; two male quartets were very pleasing numbers, the voices blending harmoniously. Solos were given by Miss Little, Messrs, Reid, Simpson and Riddle. Miss Musgreyet three realgrove's three readings were well re-ceived, and she kindly responded to hearty encores after each number. The chair was ably filled by Rev. W. H. Claris, of the Southern Congregational Church.

NEW MOVE MADE BY THE BARBERS

Trying to Have Pavement Initiation, Once Knocked Out. Now Declared Valid.

A new move in connection with the paving of Richmond street from Fullerton to Oxford has just come to light. Some time ago the people petitoned for a bitulithic pavement on the street, that of Mr. George Belton, who has and the assessment department reasked the council to allow him to ported that the petition was sufficiently close up Campbell street west of Recsigned. Then the board of works and the council ordered the work to be advertiser, which means that the pave-ment is to be laid. Thus all seemed plain sailing for the Warren Company. But the eternal vigilance of the Barber Company had yet to be reckoned with. Agents of that company, it is alleged, at once set to work to secure the withdrawal of names from the petition, but as it is necessary for such persons to appear before the county judge and show cause why their names should be removed, it is understood there was no mad rush

Now the Barbers are said to be circulating a petition amongst those who signed to have the asphalt knocked out, praying that their names be removed from the protesting petition, so that the initiation may be declared valid.
