Vancouver Juniors Take the Four-Oared Race Under Protest from the Bays.

VANCOUVER, Sept. 1.—(Special)—The second day of Vancouver's carnival was another huge success. The crowds of visitors seemed to be almost doubled in number over the first day, and all the sporting events were accompanied with an enthusiasm never before witnessed in the Terminal City. During the aquatic events, and there was scarcely a weary moment in the long programme. All

Vancouvers, Burrards, Portlands and James Bays (Victoria) started. The seven and medicine for one. Donations are thankfully acknowledged from Mrs. the Perry on August 5, the American Vancouvers took the lead at the bang of the gun and maintained it to the finish, winning by half a length from Portland. The Burrard and James Bay crews quit, the former owing to the collapse of their number 2, and the latter owing to an alleged foul by the Van-couvers. The James Bays have entered a protest, which has not as yet been decided. The Vancouvers pulled a beautiful oar throughout, and their admirers are jubilant to-night over their victory. In the double sculls, J. H. Senkler and H. Abscande won easily. In the single scull lapstreaks, amateur, open, Mont. Russell, of Vancouver, beat out all comers with apparent ease. There were

three other entries. In the international amateur single scull event, Canada v. the United States, Bob Johnson, of Vancouver, won easily from Dr. McDowell, of Chicago, exchampion of the United States. The actual beating was half a boat length, but Johnson could have mnde it half a dozen if he had felt This was the race of the day and at the finish when "our boy" came in an easy winner, the excitement ran Whistles blew, bells rang, and the shout of triumph from ten thousand throats was again and again re-echoed through the fog hidden mountain as if the whole of the Canadian Pacific coast had taken up the glad shout of triumph. It was a very popular victory and will likely result in Johnson entering the professional race to-morrow.
