

**AN** eye-headache some times accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

**LAMBTON LOAN CO. ARE ACCEPTING NOVEMBER BONDS**

Interest Paid on Deposit or Conversion Made to Lambton Loan Debentures

The issue of the new Dominion government loan has established the fact that there is an enormous amount of money seeking profitable investment, the possessors of which are often unable to find an avenue which will offer a good rate of interest and at the same time provide the unquestioned security which is vital to the average investor.

In this connection attention is drawn to the debentures offered by the Lambton Loan and Investment Co. of Sarnia, an institution which for almost one hundred years has carried on a financial and investment business which has had few equals in the history of Canada. These debentures are for terms of one, two, three, four or five years bearing interest at the rate of 5 1/2 percent, carrying coupons payable twice a year. They are purchasable at any time and are backed by a capital and reserve of \$1,700,000.

**One of Best Available**  
Consideration of these circumstances show that the investment offered by the Lambton Loan and Investment Company is one of the most attractive on the market today and is sure to prove of unusual interest to those who desire to place their money in channels of assured safety and at the same time reap the benefits of an interest rate of 5 1/2 percent. The fact that this strong Lambton institution has served the public since its foundation in 1844 is a guarantee of integrity that cannot be overlooked.

The Lambton Loan and Investment Company is also accepting Government Bonds of November maturity, and will allow interest either on their deposit or conversion to Lambton Loan and Investment Company Debentures.

If advantage is taken of this offer now, it will mean a bonus of four weeks interest. The longer you wait, the less bonus of interest you will receive. The new Dominion Loan has all been taken up, and the present holders of Bonds, maturing in November 1924, will have to find some other outlets for their money, and what better investment could be made than with a Loan Company, whose money is all placed in the surrounding country and consequently helping to build up Lambton County. The Company will be glad to supply any further information desired. A personal call at our office, 191 Front Street, Sarnia, is always appreciated. o17-3
