The Rev. W. Temple, Chairman of the Weslevan Missions in the New-Brunswick make the following reply:

To the Rector, Churchwardens and Vestry.

of All Saint's Church in the parish of rived out in Britannia. The latter gentleman returns to labour in this Province

Not having had an opportunity of visiting you formally when I visited St. Andrews, in the Steamer North America took fire on Sathe last year, I am gratified in receiving the turday night last, and was damaged to a conaddress you have presented to me on the pre-siderable amount and would lay over one trip.

As a member of the Church of England, it is pleasing to me to recognise in this distant quarter of Her Majesty's dominions, the salutary influence of an establishment in which the principles of religious freedom, and of Christian purity, are so happily blended

You justly appreciate the importance of a count system of education to the wellbeing. The officers and crow were all saved. It is for Rarbadoes on Wednesday last, and on the

cable to give effect to these views, for the benefit of the people.

The charitable disposition of the inhabitable been more than usually called forth by the aggregated district of the people.

The Kingston Chronicle of the 12th inst. contains the speech of Sir Charles Bagot on closing the Session. In the 4th Riding of York Mr. Lafontaine had been returned by the aggregated districts of the people.

Although I anticipated, when I called you alternate their sufferings in the approaching winter.

Uniting cordially in the wish which you have expressed for their spiritual and temporal welfare, and for the extended aid of the Church in the advancement of it, I request you Gentlemen to accept my sincere acknowledgements for the expression of your good ledgements for the expression to such public business of importance as seemed to require your early attention, yet I am induced by reasons, of public convenience, and with a view to an early resumption of our joint labours, to put a close to the present session to such public business of importance as seemed to require your early attention, yet I am induced by reasons, of public convenience, and with a view to an early resumption of our joint labours. Although I anticipated, when I called you

We are pleased to notice by this days pa- duty with measures in which the short period

I thank you, in the name of Her Majesty, for the liberality with which you have voted

Laurenen at St. George on Thursday the 20th instant, a barque of 232 tons which on entering her future element was named, the Lady of the Lake. This vessel is said to combine beauty of model with strength of boild and adds another laurel to the fame of Mr. Kabert Townshand, her builder. She is owned by a company at St. George and is to be commended by Capt. Geo. P. McMastef.

We have accounts, this week, of several destructive fires. At Montreal, on the 7th instant, about twenty buildings, in Cote. Craig, and Chemographesticets, were destroyed—most of them insured—At Simcoe, Canada West, on the 4th, the North American, laire Council then declared the Provincial.

The Publisher's of the New World of Providence have been showered upon us, and the heart of the Farmer is made glad. Comparative estimates have been in clusion is as above stated.

They will soon publish Liebeg's Agricultural Chemistry for twenty-five cents per copy. Liebeg's Animal Chemistry is already for sale at the same price and we should the chracter of the harvest, is as above stated.

The following Testimonial is one of many

The Steamer New Brunswick, which has been aground in Grand Lake for some weeks years I have been bald, occasioned by a most past, has been got off, and resumed her trips to dreadful fever whilst in India. I have used almost every means to procure a head of Fredericton.

A celebration took place in New York on the 14th inst in hopour of the completion of the Croton Acqueduct. By means of this use of your valuable flair Restorer. (I can also be supported by the completion of the com the 14th inst in hopour of the completion is the Croton Acqueduct. By means of this give it no better name, and, after using a Acqueduct a pleutiful supply of pure water is conveyed from the Croton river, a distance of 41 miles, into New York. The work was of him began to show itself, to the joy, not only of myself, but my children. I resolved only of myself, but my children. I resolved to any other and obtained a 7s. boton having another, and obtained a 7s. bot-tle, and, before the whole of which was used. The average stock of bullion in the lead, and bave now, as handsome a head a Bank of England, during the month of Aug. I had, and have now, as handsome a head a hair as ever man enjoyed, and I earnestly rewas about £100,000,000.

I am, Sirs,
Your most grateful and obedient servant,
J. WALKER, Colonel. Whittly Lodge, near Taunton, May 10, 1840
