County Court.

On the first day of the November term of the County Court at Bridgetown, an application was made on behalf of the plaintiff for a reference to arbitration of the case of Parker v. Young et al., a matter of account...

The conditions under which the old Hebrew governor, who gave attention to the work of the year, exhorted his people to give thanks, most certainly exist with us at present.

And while giving thanks to Him for the great blessings of a bountiful harvest, let us not forget to render praise also that the year has been one of peace...

The Truro board of trade is attempting to work up a boom in favor of that town as the place for holding future provincial exhibitions. There is a progressive town, its citizens are enterprising and public spirited, and it has a good record in the exhibition line...

It is central and convenient of access to all parts of the province, is capable of accommodating a large number of people, and it offers many attractions to the visitor in addition to the exhibition itself. Moreover, as a large number of our people have business relations, to a greater or less extent, with Halifax, they are able to combine business with pleasure in taking an exhibition there...

These people of Newfoundland do not appear to want an honest government. An administration which honestly and economically manages the public business in the public interest does not appear to be popular with them. Like a good many other people they seem to prefer a government which borrows lots of money and spends it freely, particularly on the eve of elections...

It is with profound regret that we are called upon to announce the demise of a resident of this Hill, in the person of Mr. Wm. E. Tupper, son of the late Elias Tupper of that place, who departed this life on Wednesday last after a long illness from heart trouble terminating in paralysis.

She has had enough of this war and is anxious to bring it to an end. She has made several appeals to the powers to interfere in her behalf, offering to acknowledge the independence of Corea, and in addition, to pay a large sum to Japan to defray the latter's outlay during the contest. All her appeals, however, have been thus far unsuccessful, as none of the powers appeared to be willing to resort to extreme measures to check the victorious career of the Japanese force.

National deficits appear to be the order of the day. England has one of several million pounds. The United States, which always does things on a grand scale, has the worst record in the last fiscal year with a deficit of seventy million dollars. The Australian Colony of New South Wales with a fourth of Canada's population reports a deficit in 1893 of a million and a half dollars and the sister Colony of Victoria one of a million dollars.

Within five years, those who should know, say that the live stock trade of this country will be more important than the wheat exports. The thousand barrels of live stock were shipped out of Manitoba and the western territories during the month of October, all of which were exported to the British markets. This is a gratifying showing compared with shipments in previous years. The annual exports heretofore never exceeded 15,000 head.

The export of horses from Montreal to Great Britain from the beginning of navigation to the end of October reached the total of 5,083. For the fiscal year 1893, the shipments from all Canada to the old country were only 1,249; in 1892 they were 1,236, while in 1890 they were only 323. This large market for Canadian horse flesh could be found in the United Kingdom has long been held as a promise; the experience of the present year threatens to establish it as a fact.

Local and Other Matter.

Thanksgiving day will be fully observed at Lawrencetown. All stores will be closed. John Lockett & Son are offering extra bargains in Men's Heavy Suits...

The school, Orono, General, arrived from St. John on Monday with full cargo of general merchandise. H. R. Shaw is selling 4 lb. of Raisins at 25 cts.

Received at Mrs. Fraser's, a large invoice of Hosiery to dress and Ladies, Blankets and Eaton Axes.

There will be a special service of Praise in the Methodist church to-morrow morning at 10 o'clock. Send a 2-cent stamp to Dr. J. C. Ayer & Co., Lowell, Mass., for a set of their album cards.

J. W. Beckwith & Son will pay 25c per lb. for Good Washed Wool until further notice. Application will be made to parliament to incorporate a railway company to build a line from Quebec to the Pacific coast with a branch to Hudson's Bay.

The revenue of Canada for the four months is \$2,500,000 over expenditure. Compared with the same period last year, the revenue shows a falling off. Do not fail to see J. W. Beckwith & Son's stock of Hosiery, Blankets, and Eaton Axes.

People should be on the lookout for 27 1/2 lbs. of the Acadia Bank, Liverpool, N. S. There are some of these notes in circulation and as the bank is defunct they are valueless.

Don't expect to get such a desirable present at the last moment as you can now. Have Sancton put away your choice for delivery later on. November 30th ends the shooting season for partridge, woodcock, grouse, snipe, teal. Penalty for shooting on the Sunday School in close season, \$5 to \$10 for each bird.

To arrive, a large assortment of best reed bed iron. Blacksmiths would do well to get before buying elsewhere. Messrs. Barton and Churchill, the bricklayers on the new house at Bay's Cove, are in our midst, having been engaged by the building committee to perform the plastering.

The Bridgetown Foultry Co., Ltd., have just added to their stock a fine lot of fowls of the choice of the Island of Cooch. The attraction for to-morrow evening will be the readings of Miss May Kelly, under the auspices of the 6th Battalion Band, assisted by Miss J. Munroe, Bridgetown's musical favorite.

Rev. Dr. Armstrong at a revival service at Montreal the other evening, stated that he had never thought of, and had not in his memoranda or otherwise given any reason to infer that he had it. It was desirable that a few obstacles and difficulties be possible should be interposed to the collection of book accounts, and under these circumstances it would evidently be better to refer such cases to arbitrators whose decisions could not be questioned on such grounds; and he thought also that arbitrators would be more effective in getting to the merits since the difficulty traditionally met with in proving accounts being excluded from referring to original entries in their books under the construction attached to the opinions of some of the judges in the case of Tupper vs. the Brick Company, also from the Court.

Notion, Parker v. Young et al., Parker v. Young, Whitman v. Hezanson, and after Mr. Piggott v. Brooks, being all matters of account, were referred, to the three former Mr. T. Ruggles, Esq., C. C., the latter to Mr. Frost & Wood v. Brown. Appeal from order of commissioners heard. Defendant's discharge ordered.

Whitman v. Hamilton. Judgment for plaintiff for amount of claim, less 8s. surplus proceeds of barrels. Foster v. Parker. Judgment for defendant.

NEW ADVERTISEMENTS.

THE BRIDGETOWN IMPORTING HOUSE! September days inevitably suggest the purchase of Autumn and Winter supplies both for dress purposes and household use.

You buy and use Dry Goods; we buy and sell them. You buy the good kinds for as little as you can to use; we buy the best for as little as we can to sell, and we can do so for less, because there is scarcely a limit to quantity, and we always buy from headquarters, thus saving the customer the middle profit to a great extent.

So much for argument. Now to prove it. We have just opened and placed on sale the choicest and best lot of

Fine Imported Dress Woollens we ever brought to this country, to which we invite your critical attention as to style, coloring, and price. It is a vast range, from 22c to \$1.50 a yard, but would confidently lay great stress on the superior merit of the lines at 22c. to \$1.00 a yard.

We send samples free to any address, and do it willingly. We have a perfect system, and send goods all over the country. We also have a large collection of the best production of Canadian looms, and would call special attention to the Columbian Cloths, of which we have control. These goods are the greatest novelty in Ladies' Fall Suitings, are 54 inches wide, and include a number of beautiful designs, and are the correct thing for autumn wear.

TAILOR-MADE JACKETS, DIRECT FROM GERMANY. In our Mantle Department will be found the largest assortment, in the most correct styles and newest materials, ranging in price from \$2.50 to \$22.00, all of which are perfect styles and fits. Having only one of each style in the best quality those who call early will get first choice.

English Flannelettes! Ladies are already exclaiming about the superior quality, softness of finish, and fast color of these goods, which are taking the place, to a great extent, of the wool flannel.

FURS. FURS. FURS. We can confidently state that our stock of Furs (the first instalment of which arrived this week, balance to follow next week) will be the choicest and best value ever shown here. Ladies' Dog Skin Jackets from \$25.00 to \$40.00. Greenland Seal Capes, all lengths. Men's Fur Coats, \$22.00 to \$40.00.
