Scientific and Useful.

Tough meat may be made as tender as any by the addition of a little vinegar to the water when it is put on to boil.

The general rule for roasting is to allow fifteen minutes to a pound with a good fire, and ten or twenty minutes over as the family like it well done or not.

HALF a teaspoonful of common table salt, dissolved in a little cold water and drunk, will instantly relieve heartburn.

LYDIA E. PINKHAM'S Vegetable Compound is a most valuable medicine for ladies of all ages who may be afflicted with any form of disease peculiar to the sex. Her remedies are not only put up in liquid form but in pills and lozenges in which form they are securely sent through the mails.

If you cut the back legs of your chair two inches shorter than the front ones, the fatigue of sitting will be greatly relieved and the spine placed in better position.

TINWARE that is stained with fruit or otherwise tarnished, may be cleaned by dipping a dampened cloth in cooking soda, rubbing briskly, rinsing in hot water and wiping dry.

WOUNDS.—Close the wound quickly and apply adhesive plaster: if it bleeds too freely, apply a compress over it with bandage; if this fails, tie a bandage tight around the limb, above the wound.

BEAT the white of an egg, just enough to break the particles, put in a jar, shell and all, and add more than a pint of water. Set in a cool place, and it will be ready to clear the coffee, and will keep for several days.

A SETTLED FACT.—It is a significant fact that Hagyard's Yellow Oil is the best household remedy for internal and external use in time of pain, soreness, lameness and inflammatory complaints.

CREAM PUFFS.—One pint boiling water; while boiling stir in one cupful of butter, two heaping cups of flour and eight eggs, yolks and whites beaten separately. Stir until well mixed, then take off the fire. When cool stir in one teaspoonful of soda. Now drop in gem pans and bake in hot oven.

NUDELS are home-made macaroni and serve all the purposes for which it is used in Italy. They may be appropriated to any sweet dishes by first boiling them soft in milk or water from ten to twenty minutes, and then mixing them with eggs, sugar, spice, preserves, etc. A straight rolling-pin and a smooth pateboard are indispensable in the manufacture of nudels.

DOES THIS REFER TO YOU. Are you troubled with biliousness, dyspepsia, liver or kidney complaints, or bad blood? If so you will find a certain cure in Burdock Blood Bitters.

To take ink stains from furniture put a few drops of spirits of nitre in a tablespoonful of water, and touch the spots, using a feather. Then wash off instantly with a little cold water and rub dry. Do not make the mixture too strong at first, but if the ink does not entirely disappear add a drop or two more of the nitre and apply again, always being sure to wash with cold water to prevent the nitre from leaving a white spot.

BOSTON TOASTED CRACKERS.—This is a very palatable breakfast dish. To make it, split six Boston butter crackers and soak them in cold water until they begin to swell; remove from the water and drain on a plate. Butter the bottom of a flat baking pan very lightly. Spread the crackers in this pan, crust side down, and put them into a hot oven for ten minutes. In that time they should turn a delicate brown. Remove them from the oven, butter them lightly, and place them on a dish ready for the oysters. It makes the crackers richer, of course, to soak them in milk instead of water. They are very nice served with oyster soup, pan-fried oysters, fricasseed oysters, oysters in the shell, and oyster sauce. The crackers may be toasted over the fire instead of in the oven.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all Throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful merits on thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, a copy of the recipe, in German, French or English, with full directions for preparing and using. CATARRH:

A NEW TREATMENT.

Perhaps the most extraordinary success that has been achieved in modern medicine has been attained by the Dixon treatment for Catarrh. Out of 2,000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicine and other advertised cures never record a cure at all. Starting from the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the Catarrh is practically cured, and the permanency is unquestioned, as cures effected by him four years ago are cures still. No one else has attempted to cure Catarrh in this manner, and no other treatment has ever cured Catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favourable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King Street, west, Toronto, Canada, and enclose stamp for their treatise on Catarrh.—Montreal Star.
