What the Recamier Preparations are, they are to be Used

**RECAMIER CREAM** which is the first of these world-famous preparations, is made from the recipe used by Julie Recamier. It is not a cosmetic, but an emollient to be applied at night just before retiring, and to be removed in the morning by bathing freely. It will remove tan and sunburn, pimples, red spots or blotches, and make your face and hands as smooth, as white and as soft as an infant's. Price \$1.50.**RECAMIER BALM** is a beautifier pure and simple. It is not a whitewash, and unlike most liquids, Recamier Balm is exceedingly beneficial, and is absolutely imperceptible, except in the delicate freshness and youthfulness which it imparts to the skin. Price \$1.50.**RECAMIER LOTION** will remove freckles and moth patches, is soothing and efficacious for any irritation of the cuticle, and is the most delightful of washes for removing the dust from the face after travelling, and is also invaluable to gentlemen to be used after shaving. Price \$1.50.**RECAMIER POWDER** is in three shades—White, Flesh and Cream. It is the finest powder ever manufactured, and is delightful in the nursery, for gentlemen after shaving, and for the toilet generally. Large boxes, \$1; small boxes, 50c.**RECAMIER SOAP** is a perfectly pure article, guaranteed free from animal fat. This Soap contains many of the healing ingredients used in compounding Recamier Cream and Lotion. Scented, 50c.; unscented, 25c.

Read the following quotation from a certificate signed by three of the most eminent chemists in America:—

"The constituents of the Recamier Cream are well-known remedial agents, and their properties are fully described and authorized in the American and French pharmacopoeias. They are combined in a way which, while novel, is chemically correct, the resulting preparation being perfectly safe and beneficial for the uses specified. In the proper sense of the word, Recamier Cream is not a cosmetic, but a remedial agent for the skin."

If your druggist does not keep the Recamier Preparations, refuse substitutes. Let him order for you, or order yourself from either of the Canadian offices of the Recamier Manufacturing Company, 374 and 376 St. Paul Street, Montreal, and 50 Wellington Street East, Toronto.

For sale in Canada at our regular New York prices: Recamier Cream, \$1.50; Recamier Balm, \$1.50; Recamier Lotion, \$1.50; Recamier Powder, \$1.50; Recamier Soap, scented, 50c.; unscented, 25c.; Recamier Powder, large boxes, \$1; small boxes, 50c.

## HOT AIR WOOD BURNING FURNACE.

This Furnace, made in six sizes, is unequalled for Efficiency, Economy, Ease of Management, and Durability. It is corrugated and made very heavy. The Drums are of Sheet Steel.

WILL SAVE FIRST COST WITHIN A FEW YEARS

As the roughest kind of wood may be utilized.

This is the only Furnace made that can be cleaned out at any time satisfactorily. Its heating capacity is enormous, there being more radiating surface than in any other Wood Burning Furnace made.

## HEALTH HINTS.

**DISINFECTION.**—Apropos to the editorial remarks of the *Sanitarian* in July number, attention is invited to the following excerpt from the *Giornale della Reale Societa Italiana d'Igiene* of corresponding date, on the comparative value of different agents and their practical utility as determined by experiments. M. de Giacca gives the following as the result of numerous experiments in rooms that have been occupied by the sick: 1. The walls of rooms which have been occupied by typhoid and cholera patients may be perfectly disinfected by simply washing them with lime-water, at fifty per cent. for typhoid, and twenty per cent. for cholera cases. 2. When the walls are infected with the bacillus of carbuncle, of tuberculosis, and of tetanus, whitewashing, even when repeated whether with twenty or fifty per cent. the disinfection will always be incomplete. 3. For the staphylococcus pyrogenicus a double coat of lime-water, at fifty per cent., will be sufficient. The same author treats of the cholera bacillus as it exists in filth, and proposes means for sterilizing the ground in which such bacilli are known to exist. He also shows the extent to which it may be propagated and the means he employed: 1. The cholera bacilli, when they penetrate a soil rich in common bacteria, even when favourable conditions for their existence and reproduction are found, are rapidly destroyed, while the bacilli increase with remarkable rapidity. 2. When the cholera bacilli enter a soil which contains few bacteria, they not only continue to exist but increase rapidly. 3. The composition of the soil, as loam, argillaceous earth and sand, as also the temperature and the degree of humidity, exert little influence on the extent or the rapidity of their increase. Dubief and Bruhl give the results of their experiments on disinfection, as follows: 1. Sulphurous acid gas exerts a powerful action as a microbicide on germs in the atmosphere. 2. This action is most vigorous when the surrounding atmosphere is saturated with moisture. 3. Sulphurous acid gas will destroy germs in a dry atmosphere when its action is continued for a sufficient length of time.

YOU never know the manufacturer of a baking powder to claim that it contains alum or ammonia. If these are proper constituents of baking powder, why is not such a claim made?

## AN IMPORTANT SUBJECT.

The subject of health. Good health depends upon good food. It is not what we eat that nourishes the body, but what we digest. To study what we eat and why we eat is important. It was by eating the wrong food that the curse came upon mankind at first. Thousands are miserable with indigestion and dyspepsia from eating the wrong kind of food now. Some eat the same kind of food in hot weather that they do in cold weather, and consequently they suffer and are cast out of the paradise of health. It is always safe to eat Desiccated Wheat, but be sure you get the proper article with the name and trade mark of the Ireland National Food Co. (Ltd.) on the package.

A FREE TRIP AROUND THE  
WORLD.The all-absorbing topic of the day is the Home Fascinator Pub. Co.'s great word contest, affording a grand opportunity to see the world. To the person sending them the largest number of English words constructed from letters contained in the sentence "GOD SAVE THE QUEEN," the publishers offer "A Free Trip Around the World," also in order of merit the following additional prizes: A Free Trip to Florida, a Silver Tea Set, \$68; a Domestic Sewing Machine, \$60; Lady's or Gent's 14k. Gold Watch, \$50. To every one sending a list of not less than twenty-five English words, of four or more letters, found in either Webster's or Worcester's Dictionary, a prize will be given. Enclose them 50 cents to pay for a grand Premium Catalogue and a six months' trial subscription to their beautifully-illustrated family story paper, *The Home Fascinator*. As the person sending in the largest list of correct words may not be in a position, or care to make the extensive trip offered, the publishers give such person the choice of the trip or \$1,000 in cash. Contest is open to any person in the U.S. or Canada. Address, The Home Fascinator, Montreal, Canada.
