Their treatment by medicated air in halations is so successful, that it has been adopted in all Hospitals for the special treatment of the lungs, in England and throughout Europe, where Dr. Robert Hunter introduced it in person, as he is now doing in Canada.

Patients can be treated at home. O application, a pamphlet explaining the treatment, and list of questions to be answered, is sent, and on its reura, Dr. Hunter gives h s opinion of the case Those who come to town for examina-

ion, can return home and carry out the treatment. Address, Drs. R. & J. Hunter, 73 Bay

Miscellaneous,

The DAVIS AUTOMATIC INKSTAND An Inkstand that pays for Itself.

Indispensable for professional and business men. Ink in there stands is preserved in its natural colour, kept free from dust; no evaporation, thus a saving of 60 to 90 per cent.; will not spill when tipped over. The ink springs up at each dipping of the pen, then goes back into the stand, where it is kept practically air-tight. The reaction is caused by a float which always has the same elasticity; being constructed of hard rubber and glass, will last a lifetime. No blots on books or papers from the formation of the funnel—the surplus is taken from the pen every time. Money invested in these stands will yield from 50 to 100 per cent. yearly. Write for descriptive circular and introductory prices. E. B. James, No 14 King St. West, Room 13, Toronto, Ont.

To Assist Nature

In restoring diseased or wasted tissue is all that any medicine can do. In pulmonary affections, such as Colds, Bronchitis, and Consumption, the mucous membrane first becomes inflamed, then accumulations form in the air-cells of the lungs, followed by tubercles, and, fluxly, destruction of the tissue. It is plain, therefore, that, until the hacking cough is relieved, the bronchial tubes can have no opportunity to heal. Ayer's Cherry Pectoral

Soothes and Heals

the inflamed membrane, arrests the wasting process, and leaves no injurious results. This is why it is more highly estemeed than any other pulmonary specific.

L. D. Bixby, of Bartonsville, Vt., writes: "Four years ago I took a setere cold, which was followed by a terrible cough. I was very sick, and confined to my bed about four months. My physician finally said I was in consumption, and that he could not help me. One of my neighbors advised mo to try Ayer's Cherry Pectoral. I did so, and before I had taken half a bottle was able to go out. By the time I had finished the bottle I was well, and have remained so ever since.

Alonzo P. Daggett, of Smyrna Mills, Me., writes "Six years ago, I was a traveling salesman, and at that time was suffering with

Lung Trouble.

For months I was unable to rest nights. I could seldom lie down, had frequent choking spells, and was often compelled to seek the open air for relief. I was induced to try Ayer's Cherry Pectoral, which helped me. Its continued use has entirely cured me, and, I believe, saved my life."
