Milk Pans,

and pails, and cans, and bottles (even baby's) — or anything that you want particularly clean, ought to be washed with Pearlina. You'll save work in doing it, and it's a great deal more thoroughly done. Dairies and dealers use Pearlina extensively. Just try it once, on your milk-ware or butter-ware—and then say if it isn't the most satisfactory way of cleaning. Pearlina is the most economical thing you can use, too. You get so much more out of it. JAMES WYLE, N.Y.

Dear Madame:— Yours to hand. I recommend the Moore treatment because I have tried it, and know it to be just what he says it is. I was cured by it, and have remained so eight years; have known of many others being cured of the very worst cases. By

all means get it.

Yours truly, W. E. PENN.

EUREKA SPRINGS, ARK.

The above is a letter written by the late Rev. W. E. Penn, the noted Evangelist, to Mrs. W. H. Watson, New Alblon, N.Y.

Aerial Medication has triumphed and I am cured. One thousand dollars would be nothing compared to this. I have had bitter suffering from Catarrh. Since I had Lagrippe the disease settled in the back of my head and my sufferings have been almost unbearable. I thank God I ever heard of your treatment, which has no equal. I can speak in the highest terms of Aerial Medication.

Miss E. S. Orr, E. Harpswell, Maine.

A Teacher's Experience.

While teaching a country school twelve years ago, I took Catarrh in its worst form, which almost made a physical wreck of me. In '92 I had LaGrippe, was followed by a very bad cough, free expectoration, loss of weight and strength. My physician advised change of climate. This I was not able to do, but used Aerial Medication; to the surprise of friends, it cured me, and for three years have had the good health that belonged to me twelve years ago.
