The Jamieson Fire-Resisting Paint Co., 62 and 64 William Street, New York

Star Power Hack Saw.

The use of these saws for cutting metals has in-
creased a hundred fold at least in the last ten years.
or more. The Star brand was first introduced. Before
that time England furnished most that were used.
We handle nearly all that are made and know that
the quality is double every 25 months.

About two years ago we began making a Power
Frame for these Star blades, which has been a great
success. The speed and pressure is so regulated that
one can cut all day long, or say, ten times as
much as can be done in a hand frame. It will cut all
metals up to 4 1/2 inches, round or square, requiring no
attention after the work is put in the vice.

PRICE, \$25.

We are the only Headquarters for Star Hack,
Butcher and Gratchet Saws.
