Montreal Wholesale Markets.

THURSDAY, March 25, 1897.

The weather indications favor an early spring and considerable ocean freight space has already been engaged for May shipment by grain and produce merchants and live stock exporters. The wheat market has continued to show more indifference to the eastern war cloud than might have been expected. Late falls of snow are said to be beneficial to the crop as protect-

ing the young plant from frost. In many lines of trade manufacturers and others cannot be induced to talk business until it is known what the new Canadian tariff is to be.

LIVE STOCK.—Only a small lot of hogs were for sale and they were bought at \$5.10 per 100 lbs. Sheep and lambs sold at 41c per lb.; spring lambs, \$3 to \$7 each. Choice butchers stock realized 81c, and good 81c to 81c, and the market was firmer. Ocean freight space has been engaged for May shipment at 45s for Liverpool and 41s for Glasgow, without insurance. Choice stall fed stock is firm throughout the country, and some sales for export in May are reported at 41c to 5c. The steamship Lake Huron sails from St. John, N.B., to Liverpool with 250 cattle shipped by Gordon & Ironside; 80 by J. Black, 40 by A. McIntosh, 19 by Wilson, 75 by Gilchrist & Munro, and 40 by W. W. Craig. The steamship Laurentian sails from Portland to Liverpool with 76 cattle shipped by H. Mullins, 32 by H. Dean, 40 by J. Dunn, 114 by A. McIntosh, 40 by Gilchrist & Munro, and 62 by others. A London cable says:—The offerings of cattle were again large from the States, but notwithstanding this fact the market was well maintained for choice grades, and sales of such were made at 12c. For Argentine stock there was a better feeling and values for choice show an advance of 1c over this day week, with sales at 11c. The sheep trade was not so good as last week, the best being quoted at 121c, which is 1c to 1c lower than a week ago. A private cable received from Liverpool reported the market for Canadian cattle weaker, and noted a decline of 1c per lb. since last Thursday, choice being quoted at 111c, and middling at 101c.

GROCERIES.—Jobbers report a hard to mouth movement. Sugars are steady and teas quiet. A London cable quotes Sugar, Centrifugal, 96 test, 10s 6d to 10s 9d; Muscovade, fair refining, 9s 6d. Beet—March, 9s 1d; May, 9s 1d. A report of the New York market is as follows: Rice, domestic, \$3.60. Molasses, steady, 13c to 30c. Coffee, options, quiet; sales, 9,000 bags including March, \$8.30; April, \$8.25; May, \$8.20 to \$8.25; June, \$8.20 to \$8.25; Sept., \$8.35 to \$8.40; Nov., \$8.40; Dec., \$8.35 to \$8.40; Jan., \$8.40; spot weak; 81c. Sugar, steady; standard A, 41c; confectioners' A, 41c; cut loaf and crushed, 51c; powdered, 41c; granulated, 51c.
