College	640 13
Aged Ministers	151 57
French Evangelization	209 70
	\$5935 24

**P. G. McCRESOR, Treasurer.**

The New Brunswick Home Mission fields are now exceedingly hopeful. With a good staff of men, and plenty of funds, much might be accomplished and great progress made.

The Financial year of our Church ended with the first of May. The accounts for the year have been closed. The accompanying statement gives the State of the Funds. There is on the whole great cause for thankfulness.

Owing to the generous response of the Church, the Foreign Mission Fund is almost square.

The Dayspring and Mission School's Fund is considerably behind, not that our young people have not done their work well, but partly because that department of our church work is increasing. More mission schools are being established.

The Home Mission and Supplementing Funds, representing the two branches of our Home Mission work, have both working balance on hand, nearly as much as the deficiency in our Foreign work. On the whole, apart from the College, taking both our Home and Foreign Works, we are in a better position than we have been for five or six years, and have cause for gratitude that God has granted the means and the heart to give so liberally, for the advancement to His cause. The treasure that God's people have thus expended is laid up in heaven, where neither moth nor rust doth corrupt and where thieves do not break through nor steal.

The deficiency is in the College Fund, but it is hoped that with renewed interest and effort, and the release of some of our Funds from Dalhousie, the balance which has been accumulating for some years will be reduced.

The Aged Minister's Fund has as it should have the balance on the right side. Men who have spent their lives in the service of the Church should be provided for when laid aside from work. Hitherto hath the Lord helped us, and he will bless us.
