

GO WORK TO-DAY

Go work, though sorrow cloud thy way / Though suffering, let thy brow / Though sickness weigh upon thy cheek / And dejection sadden how / Tell on, for soon thy grave will close / Its gates on all earth's scars and woes / Ah! little rest from pain or here / Taste earthly Sabbath here / Thy patient spirit here would plead / Its pain and weary woe / Weigh thy sorrows in the scale / To falter work and purer skies

But do, if you can, no more / A sweet, a perfect rest / Health by night, sleep by day / A peaceful slumber here / Till thou hadst join the blood-washed throng / To hymn the new, the glorious song / Peace undisturbed, unending bliss / To thee shall then be given / Thy heart shall pour in that bright world / By pain or grief be given / But God, who sits above / Shall crown thee with an everlasting love

The London Press - Some years since, as the venerable Father Parry, of Philadelphia, of excellent memory, was riding in a public conveyance through one of the most fertile countries of Pennsylvania, his attention was attracted by the many large farms in that part of the country. He observed the beauty of the landscape, the richness of the soil, the luxuriance of vegetation, the extensive meadows and ample fields waving with the yellow harvest, and ripening for the sickle. As he looked abroad, over the highly cultivated fields on the right hand, and on the left, he said to himself, "Indeed, indeed, too good has many fine farms in this region; but I fear he receives very little rent from them all." "Yes, dear sir, this remark is applicable to farms in many other parts of this as well as other countries," - Escher's Cherry, America.

LANGLEY'S ANTIBILIOUS APERTIENT PILLS
The great popularity which these Pills have attained, since their first introduction into this Province, is a convincing proof of their value as a safe and certain means of relieving the various ailments which arise from a disordered state of the bowels.

THE FAR-FAMED MEDICINE

HOLLOWAY'S PILLS

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING

The following testimonial has been sent to Professor Holloway, by a Gentleman named 'Mild May,' Scotland Road, Liverpool.
Your Pills have been the means, under Providence, of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and a continual spitting of phlegm intermixed with blood. This so struck my constitution that I was unfit for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigour to the chest and digestive organs.

PERMANENT CURE OF A DISMISED LIVER OF MANY YEARS' STANDING

Copy of a Letter from Mr. Thomas, Chemist, York, to Professor Holloway.

Dear Sir - In this district your Pills command a more extensive sale than any other purgative medicine before the public. As a proof of their efficacy in Liver and Bilious Complaints, I may mention the following case: A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver, and digestive organs, her medical attendant assured her that she could do nothing to relieve her sufferings, and it was so they still survived many months. This announcement naturally caused great alarm among her friends and relations and they induced her to make a trial of your Pills, which so improved her general health that she was induced to continue their use till she received a perfect cure. This is twelve months ago, and she has not experienced any return of the disease, and often declares that your Pills have been the means of saving her life.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM AFTER BEING DISCHARGED FROM THE HOSPITAL

Copy of a Letter from W. Moon, of the Square, Winchester.

Dear Sir - I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried every thing that was recommended, and was attended by one of the most eminent Surgeons in this town, but obtained no relief whatever, and feeling that my health would be utterly broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than when I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint.

AN EXTRAORDINARY CURE OF DROPSY AFTER SUFFERING FOR EIGHTEEN MONTHS

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 14th, 1853.

Sir, - I have much pleasure in informing you of a most surprising cure of Dropsy, recently effected by your valuable medicine. Captain Jackson of this place, was affected with Dropsy in the bowels of eleven months to such an extent, that it caused his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary, notwithstanding the various remedies tried, and the different medical opinions consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the prescribed directions he was in a few days, and his cure perfect. I am, Sir, your respectful servant, G. BRIGGS
