
MEETING OF THE ENTOMOLOGICAL CLUB OF THE
AMERICAN ASSOCIATION FOR THE ADVANCEMENT
OF SCIENCE.

The Entomological Club of the American Association for the Advancement of Science was formed last year into the Entomological Sub-Section of Section B of the A. A. S., and will therefore hold no separate meetings hereafter. It will meet with the Association at Cincinnati, Ohio, on Wednesday, 17th August, 1881, at 10 a. m. All persons interested are invited to attend its meetings and participate in its discussions.

B. PICKMAN MANN, Secretary. JNO. G. MORRIS, President.

ON THE APHIDIDÆ OF FLORIDA, WITH DESCRIPTIONS
OF NEW SPECIES.

(Paper No. 1.)

BY WM. H. ASHMEAD, JACKSONVILLE, FLA.

In the April number of the CANADIAN ENTOMOLOGIST I described a new Aphis affecting *Pinus australis* belonging to the Section *Lachnini*.

Having been studying the Aphididae of Florida for the past two years, a quantity of new material has accumulated on my hands, representing nearly all the known North American genera.

This I now propose bringing to the notice of the Entomological world, at the same time giving a list of all the known North American species in a series of short papers, through the columns of the CAN. ENT.

I desire to express my thanks to my friend, Mr. Allen H. Curtiss, of this city, and to Dr. A. W. Chapman, of Apalachicola, for assistance in determining the plants upon which these feed. In classification I shall follow Prof. Cyrus Thomas.

Section LACHNINI.

Genus *Lachnus*, Illiger.

The species of this genus already described from North America are as follows :
