

Treatment of Cholera.

Dr. Chas. Gatchell, of Chicago, in his "*Treatment of Cholera*," says: "As it is known that the cholera microbe does not flourish in acid solutions, it would be well to slightly acidulate the drinking water. This may be done by adding to each glass of water half a teaspoonful of **Horsford's Acid Phosphate**. This will not only render the water of an acid reaction, but also render boiled water more agreeable to the taste. It may be sweetened if desired. The **Acid Phosphate**, taken as recommended, will also tend to invigorate the system and correct debility, thus giving increased power of resistance to disease. It is the acid of the system, a product of the gastric functions, and hence, will not create that disturbance liable to follow the use of mineral acids.

Send for descriptive circular. Physicians who wish to test it will be furnished, upon application, with a sample, by mail, or a full size bottle without expense, except express charges. Prepared under the direction of Prof. E. N. Horsford, by the

PROVIDENCE, R. I.

Beware of Substitutes and Imitations.

New York Post-Graduate Medical School and Hospital.

TWELFTH YEAR—SESSIONS OF 1893-94.

The POST GRADUATE MEDICAL SCHOOL AND HOSPITAL is continuing its existence under more favorable conditions than ever before. Its classes have been larger than in any institution of its kind, and the Faculty has been enlarged in various directions. Instructors have been added in different departments, so that the size of the classes does not interfere with the personal examination of cases. The institution is in fact, a system of organized private instruction, a system which is now thoroughly appreciated by the profession of this country, as is shown by the fact that all the States, Territories, the neighbouring Dominion and the West India Islands are represented in the list of matriculates.

In calling the attention of the profession to the institution, the Faculty beg to say that there are more major operations performed in the Hospital connected with the school than in any other institution of the kind in this country. Not a day passes but that an important operation in surgery and gynecology and ophthalmology is witnessed by the members of the class. In addition to the clinics at the school published on the schedule, matriculates in surgery and gynecology, can witness two or three operations every day in these branches in our own Hospital. An out-door midwifery department has been established, which will afford ample opportunity to those desiring special instruction in bedside obstetrics.

Every important Hospital and Dispensary in the city is open to the matriculates, through the Instructors and Professors of our schools who are attached to these Institutions.

FACULTY.

Diseases of the Eye and Ear.—D. B. St. John Roosa, M. D., LL.D.: President of the Faculty: W. Oliver Moore, M. D., Peter A. Callan, M. D., J. B. Emerson, M. D.

Diseases of the Nose and Throat.—Clarence C. Rice, M. D., O. B. Douglas, M. D., Charles H. Knight, M. D.

Veneral and Genito-Urinary Disease.—L. Bolton Bangs, M. D.

Diseases of the Skin and Syphilis.—L. Duncan Bulkley, M. D., George T. Elliot, M. D.

Diseases of the Mind and Nervous System.—Professor Charles L. Dana, M. D., Graeme M. Hammond, M. D.

Pathology, Physical Diagnosis, Clinical Medicine, Therapeutics, and Medical Chemistry.—Andrew H. Smith, M. D., Wm. H. Porter, M. D., Stephen S. Burt, M. D., George B. Fowler, M. D., Farquhar Ferguson, M. D., Reynolds W. Wilcox, M. D., LL.D.

Surgery.—Lewis S. Pilcher, M. D., Seneca D. Powell, M. D., A. M. Phelps, M. D., Robert Abbe-Meyer, M. D., Charles B. Kelsey, M. D., J. E. Kelly, F. R. C. S., Daniel Lewis, M. D., Willy Meyer, M. D.

Diseases of Women.—Professors Bache McEvers Emmet, M. D., Horace T. Hanks, M. D., J. R. Nilsen, M. D., H. J. Boldt, M. D., A. Palmer Dudley, M. D., George M. Edebohl, M. D.

Obstetrics.—C. A. von Ramdohr, M. D., Henry J. Garrigues, M. D.

Diseases of Children.—Henry D. Chapin, M. D., Augustus Caille, M. D.

Hygiene.—Edward Kershner, M. D., U. S. N.

Pharmacology.—Frederick Bagoe, Ph. B.

Electro-Therapeutics and Diseases of the Mind and Nervous System.—Wm. J. Morton, M. D.
