G. S. RYERSON, M.D.; L.R.C.P. & S., Edin.; Surgeon to the Mercer Eye and Ear Infirmary, Toronto General Hospital.—317 Church-st.

Lecturer on the Eye, Ear and Throat.

HOSPITALS.—The Toronto General Hospital has an average of 220 patients in the wards, who are visited daily by the medical officers in attendance. Toronto being the great railway and manufacturing centre of Ontario, accidents requiring operation are of frequent occurrence. The attendance of out-door patients daily is also very large, and thus abundant opportunities are enjoyed by students, for acquiring a familiar knowledge of Practical Medicine and Surgery, including not merely major operations, but minor Surgery of every kind, ordinary Medical Practice, the treatment of Venereal Diseases, and the Diseases of Women and Children.

THE BURNSIDE LYING-IN HOSPITAL.—This Hospital has recently had its staff largely increased, and will afford special and valuable facilities for the study of Practical Midwifery. The management of this institution is now amalgamated with that of the Toronto General Hospital, and a large new building, close to the Hospital and School, is now in use, and will be very convenient for students attending its practice.

CLINICAL TEACHING.—No pains will be spared in imparting daily clinical instruction in the spacious wards and theatre of the General Hospital, and every opportunity will be given students of seeing for themselves, with the members of the Hospital Staff, all interesting cases—Medical and Surgical.

PRACTICAL ANATOMY.—Practical Anatomy is very thoroughly taught. The supply of material is abundant, and the Dissecting Room is under the personal care of gentlemen who have had ample experience in the best anatomical schools in Great Britain.

FEES FOR THE COURSE.—The Fee for Anatomy, Surgery, Practice of Medicine, Obstetrics, Materia Medica, Physiology, and General Chemistry, \$12 each. Practical Anatomy, Practical Chemistry, and Microscopy, \$8 each; Medical Jurisprudence, \$7; Clinical Medicine and Clinical Surgery, \$5 each; Botany and Sanitary Science, \$5 each; Registration Fee (payable once only), \$5. Students are free in all the regular Branches after having attended the School during two full courses. Special arrangements have been made for gentlemen desiring to enter this School, who may have attended two or more courses of Lectures in other recognized Schools or Universities. Dental and other casual students can attend any course or courses of Lectures in this Institution on paying the usual fees for the same.

HOSPITAL FEES.—The Toronto General Hospital, \$20 for a perpetual ticket; the Lying-in Hospital, \$5 for six months.

Full information respecting Lectures, Fees, Gold and Silver Medals, Scholarships, Certificates of Honor, Graduation, Diplomas, Fellowship, etc., will be given in the annual Announcement, for which, apply to

W. B. GEIKIE, M.D., *Dean of the Faculty.*

J. FRASER, M.D., *Secretary.*
