### At PARIS, 1878,

## LINEN RECORD AND LEDGER PAPER.

### A SPECIALTY.

THIS paper has received THE HIGHEST PREMIUM over all others from the Centennial Industrial Exposition, Massachusetts Charitable Mechanics Association, Franklin Institute of Philadelphia, Leavenworth Exposition, Missouri and Indiana from United States Centennial Commission, Medal of Progress, American Institute, '87 and Medal of Improvement and Progress, Boston 1878. ITS PRINCIPAL ADVANTAGES are as follows: 1. It contains more than any other Ledger Paper, has a longer life, and is consequently cheaper. 2. Having a coat of fine letter case, and being more thoroughly sized, the ink spreads less after making an erasure. 3. It is more uniform in Weight, Color and Finish. 4. It never cracks if properly bound. 5. Its use is general with a special ink is such that it both writes and runs off better. For proof of the foregoing refer to a large number of Stationers, Bookbinders, Bookkeepers and Recorders who have given it after a severe test the preference over all others. This paper is double sized and will stand any climate or the most acid of the fluid inks.
