

RULES OF PLAY IN INTERNATIONAL CHESS MATCH.

CREAT BRITAIN vs. UNITED STATES OF AMERICA.

- 1st. Play to be conducted according to "Chess Praxis" by Staunton.
- 2nd. Intending players allowed one month from date of publication of announcement, to enter. Envelopes to be marked "Chess," and addressed to the Editor of The News of the Week, Glasgow.
- 3rd. The Editors of the Hartford Times and News of the Week wish applicants to state their experience in such contests, so that the pairing may be as even as possible on that basis.
- 4th. The time to elapse between receiving and posting replies to be two clear lawful days. In all cases, the moves and date on which the moves are received to be alluded to in the replies, and the date to be given in a record of the games at the close.
- 5th. If six weeks elapse, and no reply be received, the player not receiving such reply may make a claim for the unfinished games by appeal to the Editor under whom he entered; but the illness of a player, or his departure for another country, will not be deemed a sufficient reason for cancelling such unfinished games.
6. The players of each country to have the first move in two games, and they will arrange to number them 1, 2, 3, 4. The players representing the "old country" will have the first move in Nos. 1 and 2, and the players in the United States in Nos. 3 and 4. It is suggested, in order to save about six months time, that ten or a dozen of the opening moves on both sides be made up to a point where neither side has the advantage, and the party who selects the opening moves permits his opponent to take choice in positions.
- 7th. If, at the end of two years, any unfinished games remain, the players shall forward copies to the Editors under whom they entered, and give diagrams of the positions, on which they shall give an analysis showing draws or wins. The editors will then communicate with each other, and should they not agree, such games to be cancelled.

NOTES.

- (a) This is now considered to be a good defence, and certainly safer, where time is limited, than 4. Q to R 5.
- (b) This was almost compulsory, as White threatens to win a piece by P to K 3.
- (c) A very fine move, preventing White's meditated sacrifice of the Rook.
- (d) The termination is played in Mr. Zukertort's happiest style.
- (e) From this point Mr. Blackburne unnecessarily protracted the game some twenty moves longer; but White's ultimate victory is so assured that we do not think it necessary to give the concluding moves.
