 PROPRIETORS

Only Ventilated Mattress

MARSHALL
SANITARY
MATTRESSES

Are made of Hair and 1,000
Steel Springs.

- PERFECTLY VENTILATED.
- PERFECTLY RESILIENT.
- ABSOLUTELY NOISELESS.
- CHEAPER AND MORE DURABLE
 THAN ALL HAIR
- CANNOT GET LUMPY.
- THE MOST HEALTHY AND MOST
 LUXURIOUS MATTRESS MADE.

CONSTRUCTION

The body of the mattress contains more than 1,000
 coppered steel springs, so ingeniously encased and
 arranged in cotton pockets that each spring works
 independently, and no two ever touch, thus ensuring
 absolute noiselessness and rendering it impossible for
 the springs to get out of order or become disarranged;
 the body is then enclosed in a stout case, covered with
 fine curled hair and upholstered.

Ventilators are placed at each end of the mattress,
 protected by a fine wire gauze, so as to prevent the
 entry and accumulation of dust or other objectionable
 matter, but at the same time allowing a free circulation
 of the air within the mattress. **Every movement**
of the occupant changes the air within the
mattress, keeping it always pure and fresh,
and rendering it absolutely sanitary.

All physicians who have seen it give it their un-
 qualified approval.

Used by **ROSSIN HOUSE** **ALLAN HOUSE,**
QUEEN'S HOTEL **Rossland, B.C.**
