### GENVINGING GANADIAN TESTIMONY!

There are truths which some men despise because they have not examined them, and which they will not examine because they dislike item. Important and mighty traths are continually being accumulated, all going to prove that our canadian people have now in their midst the grandest agency for the complete error of nervousness, sheeplessness, brokendown bodles, wearied and beforged brain, dyspeps ha and rhemmatism, ever heard of in the caristian world. It is the great restorer of lifetim our forefathers so eagerly sought for but could not find. Providence, in its own good time, through one of the greatest physicians of the century, gave to suffering man Caine's Celery Compound. Up to the present time its magnificent and heaven-blessed triumphs have been so many and so remarkable, that many jealous physicians, of the lower order, have despised its wondgous offeets, and will not condessend to examilie truths connected with it, simply because they distike it, and tear it will take away their means of obtaining a living. Shame on such low, sould character? Away with such men, who put personal gain before the public weal and good?

We now call the attention of our readers to a tew soul-stirring facts; and at the same time we would infin m those jealous physicians who distice the truth, that full and ample proofs can be shown to them of the following cures:—

Mr. B. Hutchins, a well-known Real Estate and Financial Agent, of Montreal, P.Q., suffered for fifty years from neuralgin and rhemmatism; he was cured by Paine's Celery Compound.

Mrs. F. G. Fothergall, of Middleton, N.S., whose life was a long continued arony tron

Mr. R. Allen, of Orangeville, Ont., was a martyr to rheumatism and sleeplessness; he found a new lease of life after using Paino's Celery Compound.

Mr. J. T. Dillon, chairman Board of City Assessors, Montreal, P.Q., was for many years a sufferer from indigestion, flatulency and rheumatism. He has become a new man through the use of Paine's Celery Compound, and now possesses a rolust constitution.

Mr. Joseph Mannel, of West Brome, P.Q., was given up by the doctors as an ineurable from dropsy; he was expected to die, but Providence directed friends to try the effects of Paine's Celery Compound on the sufferer, with the result that he is now in good health.

Mr. E. V. Rourke, of St. Martins, N.B., was a terrible sufferer from neuralgia; he was curred in a short time by Paine's Celery Compound.

Mr. Chas, E. Robertson, Electrical Expert and Mechanical Superintendent of the Royal Electrical Works, Montreal, P.Q., was a terrible sufferer owing to nervousness, sleeplessness and overwork of body and brain. He is now enjoying perfect health and strength, owing to the grand effects of Paine's Celery Compound.

Mrs. J. Howard, of Grenville, P.Q., was nervous, weak and faint; she found a new existence—a new life after using Paine's Celery Compound for a short time.
