 by mail or express to any address in Canada.

THE GATLING GUN.

The above illustrations show the latest improvements made in the feed of the Gatling gun.

The Accles' feed magazine allows the gun to be fired at all angles of elevation or depression, at the rate of over 1,200 shots per minute.

The Bruce feeder receives the cartridges directly from the paper boxes in which they are originally packed, thus giving an uninterrupted fire.

For prices and other information please address
