They Help

Each other. Grocers and general storekeepers will find a profitable adjunct to their business in a line of our celebrated **Cigars.** Once get a customer into the way of dropping in for a good cigar and you'll be surprised at the result. He comes in to buy only groceries, and one of our fragrant La Cadenas may catch his eye. He comes in for one of those satisfactory La Floras to smoke on his way to the office, and some new arrivals in groceries tempt him into a purchase. See how it works? Profit both ways. He may make a selection from other and less expensive brands, such as

El Padre
Madre E'Hijo
Cable Extra
Kicker
Mungo
All of which sell well.

Mercantile Summary.

THE city of Vancouver, B.C., failing to establish in the Supreme Court its rights to open certain streets across the Canadian Pacific railway's track, applied to the Privy Council for leave to appeal its suit against the company. This has been refused on the ground that the company had a prior grant from the Crown of the foreshore.

OUR trade with Great Britain continues to grow. The importations of the Mother Country from Canada during the six months ended with June were £694,655 greater than in the first half year of 1893, which is an increase of almost forty per cent. The principal articles which conduced to this increase were: bacon, £51,000; sheep, £18,000; cheese, £18,000; ham, £5,000; eggs, £1,500; fish, £273,000; wood, £260,000. On the other hand, the exports from Great Britain to Canada during the half year were smaller by 28 per cent. than during the corresponding period of 1893.

THERE is a lively war among the steamship lines sailing from New York, and steerage rates are low. At the present time, says the New York Times, the White Star Line makes a rate of \$10 to English ports, and \$15 from them. The American Line makes a ten-dollar rate to English ports and \$8.64 from England to the United States. It is thought that the White Star people will meet this rate. The Cunard line rate is now \$10 steerage. None of the other lines have taken part in the cutting up to the present time, although it is not improbable that all the pool lines will take a hand in the fight.
