

Of the U.S. importers surveyed, the most popular imports of agricultural machine parts were rotary tillers and parts.

Table 2, below, illustrates the major exporting countries supplying the U.S. importers surveyed, the number of respondents supplied by each country, and the overall level of satisfaction of the importers with their suppliers. A more detailed presentation of these results for all countries supplying products to the respondents is provided in Appendix 7.

Table 2

Country of Origin	Number of Respondents Being Supplied	Average Level of Satisfaction (Max. = 5.0)
Italy	17	4.18
Netherlands	11	3.45
West Germany	10	4.70
United Kingdom	10	4.40
France	7	3.86
Japan	6	3.50
Canada	6	3.33

The results of the survey showed that the majority of the respondents were satisfied with their suppliers while a few expressed dissatisfaction with delivery delays and poor quality. The reasons given for purchasing from current suppliers included:

- lower prices (65.1% of respondents)
- superior quality (41.9% of respondents)
- supplementary supply for domestic sources (34.2% of respondents)
- not available in the United States (32.7% of respondents).
