

Acknowledgements

An earlier version of this Paper was presented at the Learned Societies annual meetings, University of Calgary, June 1994. We have benefitted enormously from the substantive written comments and suggestions made by Doug Rosenthal and Alan Silberman of Sonnenschein Nath & Rosenthal, Washington, D.C.; Mitsuo Matsushita of Seikei University, Tokyo, Japan; and Margaret Sanderson, Haldor Palsson and Art Kaell of the Bureau of Competition Policy. On the draft circulated for an inter-departmental discussion held in October 1994, we received helpful comments at Foreign Affairs and International Trade from Bill Crosbie, Cherise Valles, Paul Robertson, Phil Holton, Dan Roseman and Steve Lavergne; Mark Royanne and Don Partridge of the Bureau of Competition Policy; Louis Beauséjour of the Department of Finance; and Michael Martin of the Canadian Embassy in Tokyo. We have also benefitted from the discussion on some aspects of the Paper with Jagdish Bhagwati of Columbia University, New York; Don McFetridge and Ehsan Choudhri of Carleton University; Frank Mathewson and Ted Safarian of University of Toronto; and Bill Ehrlich, Jamal Khokhar and Chris MacLean of Foreign Affairs and International Trade. Mrs. Joanne Berger provided valuable research assistance and Mike Newcombe did the artwork and designed the lay-out for the annexes. Mrs. Marjorie Bull and Rejean Tremblay cheerfully accommodated our numerous last-minute library requests. We thank them all. We are also grateful to Chuck Stark and Stuart Chemtob of the Department of Justice, Washington, D.C., for making available material related to this Paper; and to several officers at the Fair Trade Commission of Japan, for making available in Japanese, through Michael Martin in Tokyo, the material used to prepare the annex to this Paper.
