& General Health League,  
9 Coursol Street,  
M O N T R E A L.

Dear Dr. Fleming:-

In view of the approach of  
Summer, I think it is desirable that your Directors  
should, if they approve of the idea, place the sug-  
gestion before the Financial Federation at a very early  
date, and, as is suggested, that they should see me  
before making any further move in the matter.

Yours truly,

*A. Holstun*
