

# Hockey Toronto League Reorganized • Baseball Montreal's League Position • Bowling League Scores

## Note and Comment

Twenty years ago, when the cities were smaller, the sport a fewer standard and times not so good, Toronto was a member of the International Baseball League. Now, with everything breaking tip-top and a compact circuit, with the exception of Montreal, it is proposed to go back to the old name. Maybe "The Eastern" can be improved upon, but not by changing to "International."

McCaffrey is going down for the annual meeting in New York on Monday. The Eastern League will celebrate its twentieth birthday at the meeting in New York next week. It was organized in Albany, N.Y., on Feb. 2, 1892. The league has grown wonderfully, and with higher ratings expects even greater prosperity. It is understood that President Barrow will be re-elected for a term of five years and that his salary will be raised if he wants it.

A correspondent points out that the Cae-Howell Bowling Club is by no means the oldest organization of a sporting nature in America. He cites an instance, not very far from Toronto, viz., Fergus, where the curling club was formed in 1834, according to official records and has been in active operation ever since. The Cae-Howell Bowling Club is in its 75th year, which is thus just two years younger than the Fergus Curling Club. The Toronto Curling Club is only a matter of a couple of years behind Cae-Howell, having been organized in 1837.

Gerard Austin, an English fight promoter, is attempting to stage the Deimos-Moran bout in a novel way. Since fighting was forbidden in the old country the men have been unable to pull the match off in the usual way. Austin has issued a letter asking for 200 men to pay 22 apiece, and the fight will be staged for their benefit only.

The authorities at Thomaston, Conn., are investigating the case of a local poultry man who is accused of administering morphine to his hens. The poultry man admits the charge, but declares that his action is not illegal. He says that he visited to raise some very early pullets and his hens refused to set. Then he decided to use the drug to accomplish his wish. Twelve eggs were placed in a nest and a large hen set. Three times a day she was given a hypodermic injection in the leg. According to the farmer she remained peacefully on the nest, except on one occasion when she walked up to the house, stuck up her right leg, received a small quantity of the drug and returned.

## C. NORRIS MADE LIFE MEMBER OF TORONTO SWIMMING CLUB

The Toronto Swimming Club's first banquet of the season was held at Albert Williams' last evening. The main item was the initiation of the club's retiring president, Mr. Charles S. Norris, to a life membership. The occasion was a beautiful illuminated affair. Speeches were the general order of the evening, given by Messrs. Wilson, Sheppard, Norris, Demers and Acting President Thos. Anderson. Swimming in Toronto is waxing enthusiastic as was evidenced by last night's gathering. Many more have joined the club since the winter season, and it is held during this winter season.

**Accidents Stop Wrestling.** OTTAWA, Dec. 8.—The Tremblay-Sandow bout at the Grand Opera House tonight came to a halt after a few minutes of action. The cause was an unfortunate accident to Sandow. After the couple had wrestled about thirty minutes, Tremblay got a half-hammer back on the Chicago man, and Sandow, in breaking loose, stumbled and fell over the footlights into the dressing room. He landed on his head and shoulders after a six-foot fall. He was picked up unconscious and carried into the dressing room. He was not hurt, but he was seriously hurt, and thought that he was seriously hurt, and after a short delay he returned and announced that he was finished. He was visibly dazed, however, and the men had only been on the mat a minute when Tremblay got a half-hammer back on Sandow. Dr. Webster and Dr. Hanna examined the injured Sandow, and announced that he could not possibly continue. Consequently the bout was given up. Tremblay, but the lightweight champion was reluctant to leave the stage, announcing that he would return and wrestle Sandow at a later date.

The Opera House was packed for the occasion, and until the accident the wrestling was of a high order. Dr. Webster thinks that the fight would have resulted in a win for Sandow, but he was not seriously hurt, for he went over the footlights headfirst, and just missed the edge of a seat. He announced that he would wrestle here again, but wanted an eighteen-foot roped ring constructed for the next bout.

**Wrestling and Free Fight.** MINNEAPOLIS, Minn., Dec. 8.—After going for over two hours the match between Walter Miller and Henry Gehring for the middleweight championship of the world broke up in a row last night. Gehring won the first fall in seven minutes and the second fall in ten minutes by humane officers, after it had lasted nearly two hours. Spectators interfered and a general fight ensued.

**President Leaves This Evening.** President James J. McCaffrey of the Toronto Ball Club leaves for New York this evening to attend the Eastern League meeting. The president is very much impressed with the idea of changing the league's name to the International League, particularly now that the league has been placed on a higher standard. He expects to pull off a couple of deals regarding players before he returns.

**Junior Arts Banquet.** The Junior Arts Rugby team, winners of the Mulock Cup, and the intercity championship, were tendered a banquet by the university last night at the King Edward Hotel. Percy Mullholland acted as chairman and the guests included Jack Maynard, Lloyd Sifton, Thos. Dales and Mel, Brock.

**Junior Rugby Final Today.** Harry Griffiths of Ridley College and William Sies, president of the C. R. U., will handle the R.M.C.-Petrolia Junior Canadian final Petrolia this afternoon. The cadets passed thru Toronto yesterday morning on their way to Petrolia.

## Joe Hall Practicing Again.

BRANDON, Dec. 7.—Those who patronize hockey practices at the Brandon rink were given an unexpected treat last night, when Joe Hall, the battle-scarred hero of many memorable games, skated out in uniform. No, Joe does not intend to apply for reinstatement as an amateur, but was just in uniform to get into the rink again. Hall has not yet signed up with any team, but it is probable that he will go east and play with one of the "Big Six" teams. Joe says that he will not return to Quebec, but he has had several letters from the manager of the Ancient team. Hall, but Joe thinks that he could not make a greater dash in the National Association. He also told the appearance of the three veterans recalling the famous Brandon team which went east for the Stanley Cup in 1904, and which included Hall, Bennett, Lester Patrick, Wheldon and Lorne Hand.

Hall is in fairly good shape and expects to have a great winter. Joe travels for a firm in the off-season, and it is not necessary for him to play hockey, but he likes the game and enjoys the relaxation. The arduous duties of a drummer, Hall showed up well against a number of fast amateurs, and remarked, as he skated, "Well, the 'big man' is not all in yet."

## Renfrew Amateur Hockey.

OTTAWA, Dec. 8.—The annual meeting of the Renfrew Amateur Hockey Club was held last evening. They will play the Ottawa section of the Interprovincial Union, their officers being: President, W. H. Barnett; vice-presidents, William Dean and H. Cox; secretary-treasurer, J. A. Baker; committee, Herb Jordan, John Carwell, D. J. Rita, Charles Dewey, Charles Martell and J. French. The Renfrew club will favor the advance of the Cliffrides and a single schedule. Larry Gilmour and Herb Jordan were selected as coaches.

## Ottawa Elect Officers.

OTTAWA, Dec. 8.—The incorporation meeting of the Ottawa Hockey Club took place last evening. The following officers being elected: President, D. A. McNeil; vice-president, C. A. Irvin; secretary, Martin Rosenthal; treasurer, Charles Sparks; directors, L. N. Bete, P. M. Butler and P. J. Bakerville. Messrs. McGee, Irvin and Bete were named as the team committee and instructed to get their players together at once. The first practice will be held early next week.

No word has been received from the National Hockey Association regarding the withdrawal of the Toronto club, consequently the Ottawas took no action.

## When You Have a Moment to Spare.

and you've read all the politics, ask yourself if there is any place better suited to your taste for value, quick service, pleasant surroundings and good food (cooking) than one of Albert Williams' three cafes, that's all.

## Phillip and Chittick Delegates.

OTTAWA, Dec. 8.—Fred Chittick and Captain Ed Phillips were appointed as the Ottawa delegates to the Interprovincial gathering, at the Ottawa football team's meeting last night. No lines were laid down for them to follow, and they will be given a free hand to decide on the different regulations to be introduced at the meeting. A committee of four were appointed to buy suitable souvenirs for the team, and preparations being made for the purpose.

## Boys' Exhibition Opens.

Great Display of Boy-Made Bread a Feature.

The question of a boy's handicraft training is always the uppermost thought in the minds of parents. That question is answered in a very emphatic way by a visit to the boys' arts and crafts exposition at Association Hall, which opened last night and is open this afternoon and evening.

The exhibition is truly wonderful in many ways. One cannot but marvel at the dexterity and ingenuity of the boys. Everything in the line of manufacture is shown from an aeroplane to a fudge.

One department is particularly interesting, that of cake and bread baking. The girls will surely have to look to their laurels in future if the boys continue to do so well as this exhibit testifies.

WHITEHOUSE WON'T FIGHT COMPLAINS J. B. REID

East Toronto Independent Says His Opponent is Not Really Opposing Him.

That the election returns on Monday will not only express the attitude of the people of East Toronto regarding the candidates, but will also declare whether the people of the east wish to have a say in who shall represent them in the legislature or whether they would rather leave the matter to representatives to the discretion of the members of the Albany Club to cook elections to their own taste, declared J. B. Reid, Independent Conservative candidate for East Toronto, in a speech at the corner of Danforth-road and Broadview-avenue last evening.

The chairman of the meeting, Robert Hazelton, and others, referred to the candidate as a fighting Irishman, but Mr. Reid said that he is not fighting, but is a fighter.

Both Mr. Whiteside and Hon. Dr. Pyne are hiding behind the Whitney label, said Mr. Reid. "They are not the people's candidates, but Whitney is a candidate and that he always voted for Mr. Whitney in the legislature and that he agreed with Dr. Pyne on the bilingual school and other questions."

Mr. Reid went on to say that if the Whitney government is returned with a majority of forty or so Ontario will have a better rule than during the past four years.

Messrs. George Gilmour and Joseph Russell spoke highly of the independent candidate and expressed their opinion that he is the best man running for seat B.

**Dances at Victoria College?**  
There's no little discussion in Victoria College over a subject which in the eyes of some appears very rational, but with others it seems like opening the doors of the theological seminary to the devil and all his hosts. The fuss is created by a desire on the part of some of the students for an annual dance, to take place on the subject of a debate or two and amongst the good old Methodists, some of whom have never practiced the graceful Waltz nor kept time on a well polished floor to the sounds of dance music.

**Should Have Been a Stationery Traveler.**  
Thomas Loney, 89 Springhurst-avenue, is a traveler for F. E. Robinson, wholesale grocer, 25 East Front-street. Last week he was supposed to be on the road and a number of order came in from him which did not strike his employer as genuine. He had given the traveler \$60, being two weeks' pay and expenses. He declares that the traveler did not travel, but stayed in the city. He was arrested last night by Detective Twigg, charged with theft of the money.

George Kimball, 34 years, no home, and Samuel S. Sisker, 22, Elizabeth-street, came to the city yesterday on a G.T.R. Hamilton train. Their actions attracted the attention of the conductor and he watched them a good part of the time on their way here. A woman lost a purse containing \$3 on the journey, and as they drew into the city Kimball went into a compartment of the train and asked for gentlemen. The conductor followed him thither and found him trying to unlock the coach by that somewhat unusual act. He called him, and when the train arrived in Toronto the two were arrested by Detectives Wallace and Newton and are now charged with vagrancy.

## MONTREAL TALKS ABOUT CANADIAN LEAGUE BALL

President Lichtenhein Will Still Have a Club, Even if Richmond Gets Franchise.

MONTREAL, Dec. 8.—If the franchise of the Montreal Baseball Club is transferred from Montreal to some other point, as has been declared a possibility by President S. B. Lichtenhein, there appears to be no immediate danger of Montreal being without professional baseball.

To-day there are in Montreal a couple of promoters who would like to work in a Canadian League team in Montreal in the event of the transfer of the Montreal franchise. The promoters, who are keeping their identity covered for the time being, declare they have ample backing to put in a good team and to hand out an article of baseball that will appeal to the fans.

It is pointed out, however, that there is such a wide gulf between Canadian League ball and the brand of the game as played in the Eastern League that the Montreal fans, who at times have shown themselves apathetic about the one, might easily fail to support the other.

This point was suggested to one of the promoters in question.

"That is a point that I don't place much stock in," he said. "There is in Montreal a certain percentage of fans who will support a baseball team of any sort. That support is not enough, however, for an expensive Eastern League team, according to Mr. Lichtenhein's own statement. We can get them something that is not as expensive, but which will appeal to the baseball instincts of the fans, and possibly shan't have to be perpetually declaring we are losers, and that the fans don't appreciate a team in Montreal."

The promoters mentioned are of the opinion that Canadian League teams in Montreal, Ottawa, Hamilton and other points in Ontario might be a good paying proposition.

**Baseball Program.**  
NEW YORK, Dec. 8.—For the information of baseball men who are headed this way from all parts of the country for the big convalescent next week the various meetings will be held as follows:

Monday-National Commission, 10 a.m. at the Waldorf-Astoria; Eastern League, 10 a.m. at the Hotel Victoria.

Tuesday-National League board of directors, 12 o'clock noon, at the Waldorf-Astoria; general meeting of club owners at 2 p.m. American League, board of directors, 12 o'clock noon, at the Hotel Astor; general meeting of club owners at 2 p.m.

Wednesday-National League and American League general meetings. The Athletic Club of Philadelphia, winners of the world's championship, will give a banquet to baseball writers, managers and players at the Hotel Astor Tuesday evening at 7 o'clock.

**Ty Cobb Here To-morrow.**  
Ty Cobb and "The Colossus," Widener Company of thirty people arrive in Toronto Sunday evening at 9:45. They show at the Grand all week.

**Baseball Notes.**  
Manager James J. Callahan of the Chicago American League team will go to New York next week to attend the annual meeting of the American League, and to see President Comstock. He will trade any player on his list with the exception of Edward Walsh, the famous spiltball pitcher. He wants two pitchers, an infielder and a hard-hitting outfielder.

Charlie Hemphill, veteran outfielder, was released yesterday by the Chicago American League Baseball Club to the New York American League team. Hemphill had never played with the Chicago team, and few knew he was a member of the organization. A few days ago announcement was made that he had been released by the New York Club to the Atlanta team of the Southern League, and later it was learned that he was on President Comstock's list of players. Last fall New York asked waivers on Hemphill, but Chicago declined to give his consent, and in this way obtained the player for the waiver price.

Charles W. Murphy, president of the Chicago National League baseball team, returned from a few days' visit in Cincinnati yesterday, and denied that he had any interest in a company to acquire the Boston National League team. He would not take a hand in the Boston deal, because I am opposed to syndicate baseball.

Murphy said President Harry Hertmann told him that the new manager of the Cincinnati National League team would be named at the meeting of the league in New York next week.

**REBUKE FOR JUDGE.**  
Practical censure of a judge was the unusual counsel given by the council of the Montreal Bar Association at a final meeting over an appeal by a young advocate from sharp censures passed upon him by Judge Leboeuf last May. Not only did the council exonerate Joseph Jenkins, the appealing lawyer, from all blame attaching to him by his conduct, but they adopted a clause expressing regret that Judge Leboeuf, during the hearing of the appeal, should have borrowed the dossier and altered a document therein.

It is understood that a copy of the council's decision will be forwarded to the minister of justice. An appeal from the finding of the council lies with the censured judge to the council of the Provincial Bar Association. Judge Leboeuf states that the alteration in the dossier and in the court records, which he is accused of making, amounts only to a correction of a clerical error. The clerk in transcribing the finding of the council lies with the censured judge to the council of the Provincial Bar Association.

**Just for a Cod.**  
It was getting late last night, when by the way was Friday night, and Edward Kupitz, 24 Charlotte-st., had no fish all day, he also being unaware that a special dispensation allowing meat to be eaten on Friday, the eighth, was on the books. He saw a box of fish standing out in front of J. Butcher's grocery store at 129 Peter-st. He took the fish and proceeded to hasten away with them. Policeman Widmer, who witnessed the purloining, was a better hustler, and overhauled Edward in a lane and took him and the fish to the St. Andrew's Market police station.
