"Meet Me In Jubilee Park"

For the Special Benefit of Exhibition Visitors This Popular Resort Has Been
Re-opened.

You'll find Jubilee Park a particularly welcome haven during Exhibition
season, whether you are an out-of-town visitor or not. The same cool,
woodsy surroundings, rushing waterfall, are there, and the lagoon is alive
with ducks, cranes, sea gulls and other birds.

Cool drinks, ice and candy may be had from the refreshment counters
if you so desire.

Furthermore, an Information Bureau, Writing Room, Post Card Counter
and Free Check Room will be in connection with the Park, of which all
visitors may avail themselves.

In connection with the Park is an orchestra and a group of clever
juvenile entertainers, who will perform the old-fashioned dances of 1869,
including the Lancers and Minuet, at various intervals throughout the day.

Kitchener, Walter Heintzman, a nine-
teen-year-old lad, was sentenced yester-
day to a month in jail for taking part
in a robbery on Robinson's
Tailor Shop on Yonge street. The
young man's plea was that another
man, who has not been caught, ap-
proached him and asked him to take
part in the robbery. The other man
stole the clothing which was taken to
Hamilton and sold for \$250.

FIRE MARSHALS DEBATE
PREVENTIVE MEASURES

H. H. Friedly, state fire marshal of
Indiana, opened the second session
of the fourteenth annual convention of
the Fire Marshals' Association at the
King Edward yesterday by stating
that firemen should be the men who
inspect buildings. Mr. Friedly thought
that fire marshals should use the in-
spectors on the staffs of all large in-
surance companies.

George H. Nettleton, state fire
marshal of Minnesota, then dealt with
the work in his department. Mr. Net-
leton said that he was in favor of
the appointment of a publicity agent
to prepare articles for the press to
educate the public to means of pre-
venting fire losses and educating fire-
men in the prevention of fire waste.
"The state is going to found a school
for fire fighters," declared Mr. Net-
leton.

The conditions which came about in
a town in West Virginia when the
firemen went on a strike lasting a
week, were told by J. S. Horan, state
fire marshal of West Virginia. The
town was left open to the possibilities
of a fire, but after a vigorous cam-
paign of publicity along the lines of
fire prevention, the town came thru
the strike with only a loss of \$500,
whereas the loss for the corresponding
period for the preceding year was
\$20,000. Mr. Horan is in favor of
having fire prevention taught in pub-
lic schools and having prizes offered
for the best essay on the subject.
All the delegates to the convention
had not reached town this afternoon,
but it is expected that they will be on
for tomorrow's meeting.
