ing Basin in Canal.

St. Catharines, Oct. 12.-(Special.)-A largely attended meeting of the anufacturers, business men and citizens was held this evening to take action towards having a turning-basin and wharf built on the Welland Canal at St. Catharines.

At a meeting of the board of trade John S. Campbell were received and

year.

A rather strange state of affiirs was brought out at this meeting, when a prominent manufacturer, who was endorsed by others present, made the statement that, altho a large number of steamers passed up light thru the Welland Canal, it was impossible to ship freight from any point along the canal to upper lake ports, the steamers refusing to accept it, and thus compelling the different manufacturers to ship their goods to Courtwright, Sarnia, Owen Sound, or Collingwood, in order to get water route.
