porting Engineer Brown for insubordination. It was very much against the interests of the jail, he said, to have employes there who are not under the governor's authority.

Guard Connolly stated that he had been told that the guards at the jail were after him because he was a Catholic. Since the change of government there had been continual wrangling among the guards. He had never lost a prisoner, and he denied the evidence of MacIntosh, who told of sending a letter to a house of ill-fame. He had not slept on duty, nor had he allowed Extra value in a line of splendid new style White Lawn Shirt Walst Suits, well made and trimmed, fine material, good full waists and skirts, arrived a little ahead of time, so are specially priced \$5 and \$7.50 per suit.

Thirty-Fifth Annual Meeting. Report for the Year 1906.

The Thirty-fifth Annual Meeting of the Confederation Life Association was held at the Head Office of the Company on Tuesday, the 12th inst., at 2.30 p.m. There was a large attendance of Policy-holders, Agents, and others interested in the Company.

The following report for the year 1906 was presented:

Your Directors beg to submit their Report for the year 1906, and in doing so would offer their congratulations to the Policyholders and Shareholders on the very gratifying results attained.

The past year, owing to the disturbing effect of the investigations in New York, during 1905, and the appointment and sittings of the Commission in Canada, was perhaps unprecedented in the existence of circumstances calculated to restrict the volume of new business and also tending to the lapsing and surrender of existing policies. It will therefore be a source of satisfaction that the new business of the year not only equaled that for 1905, but exceeded it; and that a very satisfactory gain was made in the amount of insurance in force. Very favorable increases were also made in the Income of the year, as well as in other items, which will be seen from the following tabulated statement:
