A REPEAT ORDER

We sent in a big repeat order this week for three lines of our best-selling medium-priced Black Overcoats, which, by the way, are 3 of the best values at \$10, \$12 and \$15 that money can buy. The heavy selling of last week reduced them so quickly that we had to repeat largely, and were just in time to secure a nice shipment for Saturday's trade. So, for the best \$10, \$12 and \$15 values in Overcoats,

MRS. M'KEE PRESIDENT OF PROVINCIAL IN. C. T. U.

Officers Elected at Cornwall Convention—Would Stop Sale of Branded Chocolates.

CORNWALL, Nov. 7.—(Special.)—At the W. C. T. U. Provincial Convention here today the following officers were elected: President, Mrs. S. G. E. M'Kee, Barrie; vice-president, Mrs. May R. Thornley, London; corresponding secretary, Mrs. Flora York-Miller, London; recording secretary, Mrs. H. Irwin, Weston; treasurer, Mrs. E. G. Britton, Gananoque; secretary, Miss Lottie Harris, Toronto.

The "Y" report adopted this afternoon shows 200 members in the province, which raised \$1500. Among the recommendations in the plan of work for the ensuing year was the division of the province into two districts for "Y" work, that police magistrates be asked to assist in the suppression of immoral postcards now sold in stores; that every local union pass resolutions and forward same to the local member and minister of education asking that "scientific temperance" be reinstated in public schools and that the existing standing as others at the entrance examinations; that the provincial license department be urged to stop the sale of branded chocolates and to give the light against government control of the liquor traffic; that an effort be made to prohibit the manufacture, importation and sale of cigarettes by Dominion enactment, to become operative in the provinces that adopt it. The convention will close to-morrow.

ST. THOMAS WILL BENEFIT.

Wabash Will Do Repair Work in That City.

ST. THOMAS, Nov. 7.—(Special.)—The Wabash Railway has decided to do its locomotive repairing for this division exclusively in Canada, and St. Thomas is to be the scene of operations.

A COLD PLUNGE.

Walter Jacobs, a newcomer from London, England, attempted to crawl a pier-hole last evening where excavations are being made for a building on Adelaide-street, and aside from the thin slab gave way and Jacobs was immersed in seven feet of muddy water. He was pulled out without much difficulty.

Free Perfumes at Karn's

The F. E. Karn Company never do things by halves. In another column will be found an advertisement of this popular drug store, and aside from the special bargains offered, the firm are offering an enticing free gift of over an ounce of the famous Roger & Gallet perfume. This is given absolutely free with every purchase of a dollar's worth of goods. It is the finest of French perfume and fully worth the regular way. "When we give anything," said Mr. Karn, "we believe in making it worth while." Aside from this generous gift the firm are making many special price cuts in drugs and sundries, and our regulars cannot fail to profit by a careful perusal of the advertisement. We venture the prophecy that Karn & Co.'s drug store will present an animated scene of eager buyers to-day and to-morrow. All are made welcome, whether by air or look.

BOX 5, WORLD.

EMORY OF THIS CITY. The young man, it appears, tried the matriculation examinations of Toronto University four years ago, intending to take a course in medicine. His name did not appear in the published list of those who passed, and he was never notified that he had passed. He then abandoned his idea of becoming a doctor, and went back to work on his father's farm. Some months ago his cousin talked him into taking up the study of electricity, and the cousin made enquiries at the university to find out in what subjects the young man failed. Then came the somewhat sensational discovery that Emory had made the required marks at the examination four long years ago, and that he was eligible for membership in the classes in the university.

THE YOUNG MAN'S FATHER AND RELATIVES were very much annoyed when they heard the news, but the young man, who is deeply interested in his new studies in the School of Practical Science, and who is a member of the classes in the university, is not at all perturbed. He is a student in the classes in the university, and he is a member of the classes in the university.

MEETING IN THE INTERESTS OF THE missionary forward movement was held this evening in the First Methodist Church, 754 Queen-st. West, under the auspices of the Women's Missionary Society. Hugh Murray presided, and there were about 100 present. Dr. J. Campbell, New York, who is the secretary of the society, was the evening speaker. He said that the world would be evangelized, the only question being as to when this would be done. He said that the world would be evangelized, the only question being as to when this would be done.

LOUIS LAWRENCE, BURLINGTON, arrested on a charge of vagrancy, was taken to Brampton to-day by Constable Hutchinson. The prisoner is wanted on several charges of housebreaking and theft.

THE DOCTORS OF THE CITY have doubled their rates. They have drawn up a schedule in which patients are divided into the following three classes: 1. Those whose incomes are less than \$10.00, \$15.00 a visit. 2. Those whose incomes are between \$1000 and \$2000, \$2 a visit. 3. Those whose incomes are over \$2000, \$2.50 a visit.

THE LIBERALS WILL SELECT CANDIDATES for both houses in the course of a week or ten days. Some of the names mentioned for the legislature are George S. Kerr, W. H. Wardrop, C. and Lyman Lee. Samuel Martin, the letter-carrier who told the cock-and-bull story about being sandbagged and robbed, was today suspended by the postoffice authorities.

DIDN'T KNOW HE HAD PASSED. Thru the visit of the students of the School of Practical Science here recently, a rather strange story is being circulated in educational matters. It is in regard to Harold Emory, a son of County Councillor Emory of East Flamboro, and nephew of Dr. C. B.
