Are You Losing Your Grip on Health?

Physician's Prescription to Increase the Health and Strength of Anemic, Run-Down Men and Women.

As a result of the tremendous strain of modern living so many people find that the nerve cells have become de-vitalized, the whole system weakened, and thousands of men and women are today losing their grip on health simply because their blood is thinning out and possibly starving through lack of iron. It is through iron in the red coloring matter of the blood that life sustaining oxygen enters the body and enables the blood to change food into living tissue, muscle and brain. If people would only keep their blood filled with strength-giving iron by taking Nuxated Iron when they feel weak and rundown they might readily build up their red blood corpuscles and quickly become stronger and healthier in every way. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and how much you have gained. Nuxated Iron will increase the strength of weak, nervous, "run-down" men and women in two weeks' time in many instances. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. Nuxated Iron is on sale at all good druggists.

SIMS CHARGES ARE WITHOUT FOUNDATION

Secretary of Navy Declares Statements of Admiral Are Baseless.

Washington, May 14.—Rear Admiral Sims, chief of the naval operations department, today declared that the statements of Admiral Guggenheim, secretary of the United States Senate naval investigating committee, were "without foundation."

There never was a time, the witness said, when tonnage was not available to carry troops and supplies to France as fast as they could be landed and transported to the front. Allocation of ships to the United States by the Allies always was the dominant factor, Mr. Guggenheim declared.

GUGGENHEIMS PAVE WAY FOR SALES TO GERMANY

New York, May 14.—Purchase by the Guggenheim interests, through Kuhn, Loeb & Co., of a large block of the new shares of the German General Electric Company of Berlin, was the subject of much speculation here today, because it was believed the financial district to pave the way to similar negotiations by other important interests in this country.

Representatives of the Guggenheims declined to discuss details of the transaction, but in the media trade it was regarded as a prelude to exports of copper to Germany on a large scale.

According to bankers in touch with the former central empires, preparations are under way for heavy shipments of other raw materials to Germany and Austria to be used as the basis of credit extensions.

Leather, wool and oils, chiefly lubricants, are expected to figure extensively in these shipments. The fact that the United States still is technically at war with Germany will not interfere, it was declared, with the exportation of these supplies.
