## HUMBER BAY CLAIMS TWO MORE CANOES FROM UPSIDE CANOE

Francis J. Farley, Commercial Traveler, and a Lady Companion Perish in Waters Off Sunnyside.

### OTHER CANOES CLOSE BY BUT NONE COULD HELP

A double drowning fatality occurred in Humber Bay last evening at 9.30. The victims were Francis J. Farley, aged 29, traveler for the Parker's Dye Works, and a young lady companion whose name has not yet been ascertained.

The peculiar feature of the accident was the fact that a canoe could be seen among so many other canoes, and the occupants dived practically right under their very eyes. There was considerable chatter and laughter, but the cry for assistance was promptly responded to and one canoeist is said to have paddled but a few lengths before reaching the unfortunate craft.

Two hats, a man's coat, a camera, two pairs of gloves, two handkerchiefs and a canoe cushion were found, but no sign of the bodies of the men, and no letters in the coat, the identity of Mr. Farley was ascertained and a policeman was sent to the boathouse at 44 Leavelle-avenue to break the sad news.

Mr. Farley is said to have been an expert canoeist for ten years and was a traveler for Parker & Co. W. G. Farley of the city assistance department is a brother of the deceased, a brother lives in Winnipeg. His mother and sister Elizabeth also survive.

Mr. Farley left home yesterday afternoon to go to the Humber, but had not mentioned who was to accompany him.

The late Mr. Farley was well-known and liked in many circles. He was a member of the Toronto Tennis Club for many years and played golf for them as late as 1902. He was a member of the Commercial Travellers' Association.

Property Commissioner Harris was notified of the drowning and notified W. A. Kroby, who will commence dragging for the bodies this morning. The water is about 25 feet deep.

**CANOEIST IS DROWNED.**  
Harry York of Smith's Falls Perishes in River.

**SMITH'S FALLS, July 5.**—(Special.)—Harry York, aged 22 years, was drowned here to-day by the capsizing of a canoe. With two companions named Leaver and Rabb he started out for a paddle on the river about noon. A gale-force wind was coming behind them when one of the three turned quickly to call to some one on the launch and in doing so the frail craft was upset.

Leaver was the only one of the boys who could swim and with difficulty he got Rabb and York on the upturned canoe and started to tow it to shore. York slipped off and sank before any one could reach him. His body was recovered almost immediately, but life was extinct.

Rabb became greatly exhausted and it was some time before he could be revived. York was a fine many young fellow and was the chief support of a widowed mother.

Toronto, July 4. Wm. Beck.

Ontario has many natural attractions, but none more beautiful than her daughters. (Dedicated to them all.)

## DECREES DEATH FOR HIS \$15,000 POINTERS

Owner Who Had to Pay \$5 Per Bark Finally Arranges to Give Kennels Away.

NEW YORK, July 5.—Charles V. Gabriel, a wealthy New York lawyer, who resides at No. 38 Clinton-avenue, Montclair, N. J., gave Dr. James McDonough, veterinary surgeon, a shock yesterday morning when he asked him to come to his place and kill his dogs. Mr. Gabriel has made a specialty of breeding high-class pointers.

When Dr. McDonough reached the lawyer's home and saw the splendid kennels, he asked, "Which dog do you want killed?"  
"Every one of them," replied the lawyer.

"What!" exclaimed the veterinary; "I cannot put these dogs to death; it would be murder. I could never do it."  
"I must get rid of them," said Mr. Gabriel.

"Give them away, then. Don't kill such beautiful animals," suggested the veterinary.

"Do as you like with them," said Mr. Gabriel, "but I don't want to hear of a bark when I get home from the city."

Dr. McDonough did not waste any time in finding good homes for the dogs, which are valued at \$15,000. There were 26 dogs in all, and, according to Mr. Gabriel, the ordinance which prohibits dogs from barking in Montclair within a very short distance of a residence, makes him a poor man at the rate of \$5 a bark.

Four of the dogs are valued at more than \$1000 each. Two of them Dr. McDonough says he will guarantee good homes for, even if they bark every second in the day. Mr. Gabriel gives the veterinary the pedigree of every dog.

**TO FIGHT SKYSCRAPER.**  
Equitable Policyholders Object to New Building.

NEW YORK, July 5.—If the directors of the Equitable Life Assurance Society finally decide to build the 62-story "home," for which plans were filed in the New York Bureau of Buildings last week, certain policyholders who regard the structure not only as an architectural monstrosity, but as a financial Tower of Babel, will doubtless appeal to the superintendent of insurance, or, if necessary, to the courts, to prevent investment of their funds in such an enterprise.

The estimate of \$10,000,000 as the cost of the building is believed by them to be far under the amount of policyholders' money that eventually would be piled up, with no guarantee that it would earn reasonable interest on the investment.

**GAY POLITICS IN HEAVEN.**  
There may be good politics in this, Bryan cannot hope to get the vote of the substantial element in New York. He is as far away from them in spirit as ever he was. Tammany wants to carry the state, and to do this it would have the Bryan strength above the Harlem and thru Gaynor might get the vote which went to the Independence League candidate in the last local election in the tenement house district and over on the east side.

Judge Gaynor would not inspire confidence among the plutocrats of New Jersey nor the substantial farmer citizens of Pennsylvania, but he certainly would be a drawing card with the people to whom Hearst appealed so successfully and who are likely to stay out of the Democratic camp unless there is some one of the ticket who represents their extremely radical ideas.

There is a good deal more of personal state politics in the New York "Billings" and the "Dance" than the "Billings" know by bitter experience that even if Bryan were elected president they would have little to say in the national administration.

They have something at stake in the state and the good things in the delegations are to be split up accordingly. The first plum to be shaken from the tree will be the position of member of the national committee. **See**

## BRYAN IS BOSS OF DENVER RALLY

Will Dominate the Convention Which Opens To-Morrow—Gayer of Gotham for Vice-President.

CHICAGO, July 5.—The Tribune's Denver correspondent writes: Denver is warming up. The big men of the party are pouring into the city on every train, and Democratic politics begins to be mixed up by the battles. There are half a dozen lively fights on foot, and, although Bryan's nomination is as certain as ever it was, the vice-presidential situation is shifting, the platform fight is becoming frowny, and the arrival of the New York leaders and Chicago Democracy has enlivened the streets of Denver until it begins to look like a real convention city.

There is also an abundance of live convention news to be had for the asking. In the first place there is a brand new vice-presidential candidate in the person of Judge William J. Gayer of New York. The leaders of his delegation, who arrived here to-day, including the head of Tammany Hall, seem inclined to unite upon him, and if they do he will be a strong candidate before the convention.

Alton B. Parker, the late Democratic candidate for the presidency, is likely to be doubly humiliated, as his friends feared he would be if he came to the national convention. He has been repudiated by Murphy and compelled to take water on his resolution regarding Grover Cleveland. Any manifesto of that kind which is adopted by the convention will be so pruned by the national committee that it will contain nothing antagonistic or offensive to Bryan Democracy.

Beauregard's former Judge Parker may be denied the privilege of representing his state on the resolutions committee, for which he was originally asked if he is given the place at all it will only be as a concession to him because he occupied a distinguished position in the party four years ago. Bryan Owes Whole Shep.

It was developed by my personal investigations to-day that Bryan and the radical element of the convention will be in absolute control of the committee on resolutions. They can adopt any radical plank they choose, and they will do this if it goes into it. On the other hand the minority is composed of some of the strongest men in the party. The probable result of a platform fight is a distinct compromise, as was the case at Chicago. The plank will not go to the extreme demanded by Compers and his labor associates, but there will be a declaration in favor of a distinct limitation on the right of injunction.

Judge Gayer, however, for the vice-presidency, which was brought here in a hermetically sealed case and was opened by the New York leaders as demanded by Compers and his labor associates, but there will be a declaration in favor of a distinct limitation on the right of injunction.

There may be good politics in this, Bryan cannot hope to get the vote of the substantial element in New York. He is as far away from them in spirit as ever he was.
