BACK TO STANDARD TIME NEXT SUNDAY EVENING

Hamilton Council Decide to Change Clocks at Ten p.m. on August Thirteenth.

HAMILTON, Wednesday, Aug. 9.—At the regular meeting last night the city council decided to revert to standard time at 10 o'clock Sunday evening, Aug. 13. The deputation of street railway employees that waited upon the board of control, protesting against the continuance of the scheme can take the credit, or a lot of it, for the reversion to old time. The board of control, following the conference with the railroad employees, presented a recommendation that the daylight saving by-law be suspended.

Ald. Halford, who objected, was told by the city solicitor that it was a perfectly legal proceeding. He ruled that a majority vote would carry it, and after another outburst by Ald. Halford the recommendation was unanimously adopted. Ald. Mayor Morris said he had just been apprised by telephone that the retail grocers in session unanimously voted in favor of daylight saving.

Those who voted for the reversion to standard time were: Controllers Morris and Robson, and Aldermen Mealey, McIntosh, T. M. Wright, Halcrow, Hodgson, Newlands, C. H. Cooper. The nays were Controller Cooper, Aldermen Halford, McQuesten, F. E. Wright, Shepard, Peole.

The annual regatta of the Lake Sailing Skiff Association, which was under the auspices of the Victoria Yacht Club, closed here yesterday, when four events were decided. Toronto boats carried off the honors. There was a stiff breeze blowing from the southwest, and skill counted in every race. Four events were sailed, and in each case the Toronto boats romped home in the lead.

Five Casualties. Five local men appeared on yesterday's casualty list. Pte. George W. Palmer, 400th B.C., 390 East Main street, is reported to have been killed in action. Lance-Corp. Archibald F. Bent, 15 Mulberry street, and Pte. Samuel Robinson, 290 East Main street, Lawrence D. M. Johnston, 3 Fulton street, and William McDonald, 150 Bay street, are all suffering from wounds.

ST. THOMAS WELCOMED HEAVY RAINSTORM. Sharp Flash of Lightning Put Out Hydro Lights for Half an Hour.

ST. THOMAS, Aug. 8.—This vicinity, after many weeks of drought and intense heat, was relieved last night by a rain fall of about three hours. The electrical storm spent its fury west of St. Thomas, but an immense oak tree in the St. Thomas Cemetery was struck by lightning, and a large tree in the city was also struck. The bolt which struck the tree was like a huge ball of fire. Simultaneously with the flash all the hydro lights in the city and the city was in darkness for about half an hour.

Lightning at midnight struck the barn of William Mathews, a Yarmouth Township farmer, and totally destroyed them, with fifty tons of hay, grain and all implements. Loss, \$5000, partly covered by insurance.

THE DAY'S EVENTS REVIEWED

and 15 miles from Stanislau, also the small Town of Otynia and six villages. On the left flank of their advance parties of Russian troops are clearing the enemy out of the way and they are approaching the River Vorone and the Town of Tysmenitsa, situated on its banks. In one day's action the Russians in this region overran 62 1-2 square miles of territory and captured prisoners and guns in abundance. A census of their captures has not yet been completed. Besides doing all these things the Russians also cut the railway between Buczacz and Stanislau, on which part of Von Bothmer's army depends for its supplies.

In the battle of the Somme yesterday the British advanced their line southwest of Guillemont for a distance of about 400 yards after they had pushed forward in places east of Trones Wood, and they are now in the Northwest of Pozieres the Germans made four attempts with liquid fire Hais reports. In one assault, however, the Teutons managed to occupy part of the Leipzig salient was repulsed by our men without difficulty. The enemy heavily shelled Louvaux, High Wood and Pozieres and the vicinity of Mametz. Four British aeroplanes attacked a reconnaissance party of ten German aeroplanes that had crossed the British lines and scattered them in flight, and forced descents of two in the Teuton lines.

Fighting two battles and winning successes in both is the experience of the French army. For Gallie soldiers yesterday captured more trenches north of the Somme, and they beat off German attacks and captured trenches north of Verdun. In the Somme combat the French gained consisted of the capture of a small wood and a strongly organized trench German trenches on a front of 2.75 miles, having a depth of more than 300 to 500 yards. They also advanced east of Hill 139 and repulsed two attacks on their trenches west of Hill 139 and successfully all day with the Fleury-Thiaumont line and drove the Germans back from a trench they had captured and retook ground in the Thiaumont work. They also captured a whole first and part of the second line trenches of the enemy taken in the Verdun actions.

Important results were gained on the second day of the Italian offensive on the Isonzo front by the capture of the strongly-fortified and subterranean bridgehead of Gorizia and of Monte Sabotino and Monte Sau Michele in sharp actions. Eight thousand prisoners were officially recorded as taken, while later unofficial intelligence from Rome places the number at 10,000. The value of Gorizia to the Italians is that, if it reverts to the Austrians, for Italian possession of the Adriatic littoral covers one for the Austrians, for Italian possession of these vantage points enables them to dominate the fortress with their heavy guns, and success in this operation would enable the Italians to set about the reduction of Austria's naval power in the Adriatic by the seizing of her sea bases.

SIGHT OF A RIVAL BROKE HER HEART

Rose Rosenfeld, Crossed in Love, Found Solace in Death.

INQUEST LAST NIGHT

She Blamed Lover for Causing Act, But the Jury Exonerated Him.

Broken-hearted when her lover of six weeks' courtship abandoned her for another, Rose Rosenfeld, a young Jewess, 4 Bellevue avenue, committed suicide by eating sandwiches in which she had placed rat poison, according to the pathetic story revealed in the testimony of witnesses at the inquest conducted last night by Dr. Flewca. The jury returned a verdict to the effect that the poison was self-administered and did not incriminate the former sweetheart, Hymon Bruner, Nissau street, who underwent a grueling examination by the crown attorney, who sought to learn if he was Bruner, the man responsible for the tragedy. Bruner, in the opinion of the coroner and the attorneys, lied flagrantly while on the witness stand and his testimony was flatly contradicted by Mrs. Chevalier, in whose home the young Jewess lived. Bruner claimed that with the exception of two times he was never alone with Mrs. Rosenfeld. But the statements of other witnesses showed he was almost invariably alone with her.

Blamed Her Lover. The most interesting testimony was the last letter written by the girl shortly before midnight on July 21, when she prepared her act. The note was addressed to Bruner and written in broken Yiddish. She asked that her lover forgive her for the crime she was about to commit, to give her clothes to her children and her pictures to her mother; she accused him of causing her suicide, but declared that God would forgive him. She said she had no desire to live with all her troubles. On the evening before she died the girl sat on the porch of the house with other women and saw Bruner pass the house in company with another girl. She remarked to Mrs. Chevalier, "It's my murderer!" and then indicated how fast her heart was beating.

Shortly afterwards she went to bed, and the following morning the family found her suffering from the effects of the poison. She was removed to the General Hospital, where she apparently recovered, only to suffer a relapse three hours later, which resulted in her death. She did not make any statement concerning Bruner during her illness. Bruner's testimony, said that the girl lied to him, and that there was gossip concerning her. He said they had a quarrel some days previous to her death, and that he told her it was better that they quit seeing each other. According to other witnesses, Miss Rosenfeld was light-hearted and happy always and considered herself engaged to Bruner.

DANISH SHIP TAKEN

Germans Capture 200 Children With Vessel.

COPENHAGEN, Aug. 8.—The Danish steamship Ydan, from Christiania to Copenhagen, has been captured by the Germans and taken into Swinemunde. It carried a cargo of piece goods and fish and also 200 children returning from Norway on a holiday. Lloyds lists the Ydan as a Norwegian ship.

MAJ. E. PHILLIPS GETS DECORATION

Young Toronto Officer is Awarded the Military Cross.

RECRUITING IS GOOD

Fifty Signed Up Yesterday—Mayor Writes to Col. Trihey.

A cable message has been received by Mr. and Mrs. W. C. Phillips, Pvestminister Apartments, announcing that their son, Eric Phillips, has been awarded the Military Cross. Major Phillips was until recently a captain in the Prince of Wales Leinster, 7th Battalion, but has been promoted as major of the 25th Warwickshire Regiment. He has been selected with 25 men to reinforce the 16th Irish division at the great national fete in Paris. He was on way to attend college in Germany when war was declared and he immediately enlisted, securing a Lieutenantcy in the British army. During the two years of the war he has seen much fighting, and has acquired signal honors for his gallantry on the battlefield. He is Valuable Man.

Pte. R. H. Hodson of 112 Nairn avenue, Toronto, recently enlisted with the 220th Battalion under Lieut.-Col. B. H. Brown, will prove a valuable man because of the experience which he has had in both the army and navy. He went from Canada in 1915 with a party of mechanics to Barrow-in-Furness. He had an exciting voyage, as an attempt was made to torpedo the Orforda on which he sailed, when the boat entered the war zone. At Barrow-in-Furness he worked in the gun mounting department, and then went to Newcastle, where he was employed at fitter of control director firing gear on the 16-inch guns of H.M.S. Canada.

He then went to the annual convention of the grand lodge of Ontario, I.O.O.F., held here and was settled down to business. Ontario elected this afternoon were: Grand patriarch, James S. Lockie, Newton; grand high priest, John McCorvie, Chatham; grand senior warden, E. Wagner, Agincourt; grand scribe, John A. Macdonald, Toronto; grand treasurer, C. Garbutt, Toronto; grand junior warden, Malcolm Sinclair, Toronto; grand marshal, Geo. Spaulding, Port Colborne; grand sentinel, E. H. Allen, Port Arthur. The following officers of the I.O.O.F. assembly were elected: President, Mrs. May Falcon, Toronto; vice-president, Mrs. Swarzman, Waukena; warden, Miss Jessie Thompson, Toronto; secretary, Miss Violet Penrose, Toronto; treasurer, Mrs. Nellie Dobson, Chatham; auditor, Mrs. Edna Middleton, Toronto.

GREAT ENTERTAINMENT AT SCARBORO

Very large crowds visited Scarborough Beach yesterday, listened to the band concert, bathed and boated, or enjoyed themselves in other ways. Maj's Band gave two specially prepared programs suitable to the occasion, and made hosts of new admirers by the spirited manner in which the numbers were rendered, and the skill and originality of the conducting. The Saxafour contributed to the enjoyment of the entertainments by several original and xylophone selections on clarinet.

Constipation and the Natural Way to Correct It

Constipation is the cause of most illness. It has been termed the "great modern curse."

It is largely caused by a lack of cellulose in the foods we use. The natural way to cure constipation is to keep it is to eat a little bran each day.

Can YOU Get Insurance?

Jim: "Hello Bob! How are you? By George, you're looking good." Bob: "I'm feeling fine. How are you Jim?" Jim: "I got the shock of my life last night." Bob: "How's that, anything serious happened?" Jim: "You know Bob, I've been considering insurance for some time. Promised Jones a policy over two years ago. I finally consented to be examined yesterday. Doctor refused to pass me, said I had paid too much attention to business and was on the verge of a breakdown. It has somewhat broken me up as my business affairs are rather complicated and I don't know how the wife and family could manage in the event of anything happening to me." Bob: "Guess I better let Jones write my application for \$5000 to-day Jim."
