'Ald. Ball Appeals to Property Committee on Behalf of Wounded.

#### ALTER SMOKE BYLAW

Will Consult City Solicitor as to Possibility of Amendment.

Commissioner Chisholm was instructed by the property committee yesterday afternoon to bring in a recommendation regarding an amendance of the smoke bylaw, and to ask the advice of the city solicitor on the power of the city to change the law without application to the legislature. In a report the commissioner suggested leniency in proceeding against violations of the bylaw, owing to the extraordinary fuel situation. Where traordinary fuel situation. Where every reasonable effort was being made by large manufacturers to reduce the quantity of smoke from their plants he favored leniency, but in the case of factories, apartment houses and other buildings where no steps were taken to reduce the nuisance he

Without Recreation. Ald. Ball informed the committee that he had visited the Booth Memorfal, Davisville, now being used as a convalescent home for returned sol-diers, and found more than 400 men practically without any recreation. There was a large plot of land in front of the building which he thought could be given over to the soldiers for some sort of recreation, and he suggested that Property Commissioner Chisholm supply seats to accommodate them. The suggestion met with the approval of the committee and the commissioner was instructed accordingly.

The committee decided to renew the lease of the North Toronto market property after considerable discussion Some of the members questioned the value of the market, as the property commissioner had stated that the prices charged for vegetables and fruit

fresh in the stores.

Ald. Ball stated that it was a great success and that it was patronized by the majority of the citizens in the district. He was very much in favor of renewing the lease. Ald. Beamish and Ald, Gibbons also supported the lease, and thought that the presence of the snarket had the effect of controlling prices. If the market were closed
