GENERAL REJOICING AS CARS APPEARED

First One Arrived at King and Yonge About Noon Yesterday.

ARBITRATOR APPOINTED

D. A. Carey Will Act for the Men on Conciliation Board.

Normal conditions, as far as the street railway service is concerned, prevail again in Toronto. Shortly before noon yesterday, after fifty-five hours inactivity, street railwaymen reported for duty at the various terminals and within a few minutes cars were in operation on all routes. It was with mingled feelings of relief and pride that citizens in different sections of the city witnessed the spectacle presented by the first car rumbling along. Relief in view of the fact that physical exercise during the morning and evening was no longer a necessity, and pride because they could boast of a strike not marred by any accidents or disturbances.

THE BEST THING FOR DYSPEPSIA

WHY PEP-SIN, PANCREATIN, ETC., SO FREQUENTLY FAIL.

An international specialist whose articles on stomach troubles have been printed in nearly every language, recently stated that to treat the average case of stomach trouble, indigestion, and spasm, etc., by doctoring the stomach, killing the pain with opiates, or by the use of artificial aids to digestion such as pepsin and pancreatin, was just as foolish and useless as to attempt to put out a fire by throwing water on the smoke. Instead of this, he claims, and facts seem to justify his claim, that nine-tenths of all stomach trouble is due to acidity and food fermentation, and that the only way in which permanent relief is to be had is to stop the fermentation. For this purpose he strongly recommends the plan now generally adopted throughout Europe of taking a teaspoonful of ordinary bicarbonate of soda in a little water immediately after eating, or whenever pain is felt. This immediately neutralizes the acid, stops the fermentation and permits the stomach to do its work in a normal manner and thus by removing the cause, enables nature to quickly restore the inflamed stomach lining to a perfectly healthy natural condition. For the convenience of travelers, it may be noted that most druggists are now able to supply bicarbonate of soda in 5 grain tablets, 2 or 3 of which will almost instantly relieve the most violent attacks of indigestion.

to motormen and conductors, while others climbed on the cars all in a hurry to slip the first ticket into the fare box.

Cars Running at Noon. It was shortly before noon when the first King car sped on its way to King and Yonge streets. The car was packed and passengers were hanging on the steps at the rear. Mr. William Mackenzie stood at the window of the office on King street and smiled. He thought it would have taken Manager Fleming some time longer to get the cars on the road.

The general manager early yesterday morning stated emphatically that the decision would abide by the decision to be made by the conciliation board. "Whatever its decision may be, we will acknowledge it," he said. "We have been and still are willing to accept the decision of an independent board."

Referring to the settlement made, he said: "We feel that we have done all we can. We have always wanted the matter settled by arbitration. It wasn't the men's demand for more money that caused all the difficulty. Their old demands were far worse." Under Disputes Act. The conciliation board which will investigate the further demands of the street railwaymen will be under the Federal Industrial Disputes Investigation Act. This measure is better known as the Lemieux Act. The decision of such a board is not binding on either of the parties concerned, as is the case when arbitration is carried out.

D. A. Carey, president of the Toronto Labor Temple Company, and a member of the editorial staff of the Evening Telegram, has been appointed as the men's representative. The company will appoint a representative who will act as chairman. In the event of the parties failing to agree, the third appointed the minister of labor will be called upon to make the decision.

INSURANCE MEN HAVE OUTING.

Special to The Toronto World. Cobourg, July 13.—The Canadian superintendents of the Metropolitan Life, coming from Ontario and Quebec, and a number of officials of the company from New York, held their first annual midsummer outing here this week and spent several days in the town very enjoyably.

The new series of "funnies" dealing with Mr. Fan and his family makes its bow to Sunday World-readers tonight. In creating this clever newspaper feature Lou Skuce, The Toronto World artist, has instituted a novelty in that he brings out an all-Canadian comic page that will be more closely allied with Canadian news events and ideas than any other comic can be.

MONEY IN HEAPS RESULT OF TAG DAY

Generous Response to Appeal in Aid of War-Worn France.

WOMEN WORKED HARD

Mrs. Beardmore's Box Contained Twelve Hundred and Ninety Dollars.

As a result of the tag day held for the French flag day yesterday the sum of \$17,600 was collected, and it is expected this amount will be increased by contributions to come in today.

Perhaps the most interesting moment of the French flag day was when the workers began to bring in their boxes about 4 o'clock in the afternoon, to the headquarters in the Dominion Bank, corner Yonge and King streets. The women and girls, assisted by men, came into the great counting house, fairly groaning under their loads of piled up banks, the fact of the workers bearing in anticipation of the expected results. "I think we have had a grand day," said Mrs. W. A. Johnston, one of the first who prepared to open the boxes, and the verdict was met at almost every other point along the line. "People were perfectly lovely to me," was the report of Mrs. W. Beardmore, who with Mrs. Stearns-Hicks, were the principal organizers of the day. "Of course we couldn't expect to make as much as we did last year, but on the whole it has been fine. Mrs. Beardmore had \$1290 in her box, so there was indeed very good ground for her optimistic summary.

Four Tables Covered. Four tables in line, with coin piled up and covering them in most promising style, were presided over by Mrs. Fred Armstrong, whose good work on tag days is now generally known to be something exceptional. Several tellers were busy counting, giving the lady a little breathing space and opportunity to talk. "Yes, I had two districts," she informed The World. "one, two blocks up Yonge from Queen, and the other out in the west end of the city. I like the factories where everybody gives something. The munition workers are perfectly wonderful. Down-town people are too much in a hurry. Still—and the lady nodded to the piles before her, and her smiling eyes meant that she was perfectly satisfied.

Among others whose boxes had filled up rapidly was Mrs. Reynolds, whose table was pointed to as among the millionaire nabobs of the occasion. Early at Work. The workers were out as early as six o'clock, but the absence of the usual morning car service was felt to be a detriment as it prevented many from coming out at all, and those who travelled in jitneys were not so accessible as the crowd who usually travel in the cars. A number of St. John Ambulance nurses in their attractive grey uniforms were among the busiest collectors.

Sermon varied as is usual on tag days and the taggers had no few lessons and revelations into the thoughts of the traveling public. Generally, however, there was but one opinion, that being that the people of our brave ally—France—were worthy of the best, and that all had to do their part in showing that our proudest and prouder, our honoring of the French flag and chanting of the Marseillaise had something substantial behind it. The proof being shown in a general outpouring from pockets.

Gardner, a probation Methodist preacher, on the Decoyville circuit. An inquest will be opened at Jordan tomorrow. PLAYS PICTURES, AND MUSIC

THE ROBINS PLAYERS.
Theatregoers in this section who have heard the name of Willie Collier will no doubt be interested to learn that the comedy which Edward H. Robins and the Robins Players will present for the next week is the greatest success Collier ever had. The comedy is from the pen of William H. Post. Matinees will be as usual Wednesday and Saturday.

"THE WHIP" AT THE GRAND.
Absolutely the greatest motion picture in the world is "The Whip," the masterly production which is now being shown twice daily at the Grand Opera House, with not one star, but six, with not only one sensational scene but scores of them, it is produced on the most lavish scale imaginable—a train wreck staged for the purpose of securing one scene alone costing \$25,000. This tremendous production marks a new epoch in the history of the silent drama.

THE HIPPODROME.
For next week the Hippodrome management presents as the headline feature Lynn F. Reynolds' stirring story of the great Klondyke, "The Greater Law." A notable "Bluebird" cast is headed by Myrtle Gonzales, George Hernandez and Grothorn Lederer. The feature, which is in five parts, is replete with thrills, and will hold the attention of the audience from the opening to the closing scene. "The Song and Dance Revue," a sparkling miniature musical comedy, heads the vaudeville bill. A cast of ten clever boys and girls will offer new songs, dances and some clean, clever comedy. The Victoria North, Hamilton.
