

FOURTEENTH ANNUAL REPORT

OF THE

TORONTO HOME FOR INCURABLES,

ENDING MARCH 1st, 1888.

The Board of Management of Home for Incurables have pleasure in submitting their Fourteenth Annual Report to the patrons and friends of the Institution. We render thanks to our Heavenly Father for all the numerous blessings bestowed on us during the past year; we also gratefully acknowledge the continued favor and support of friends at home and abroad.

We, as a Board, feel like singing a special jubilee thanksgiving, now our new wing is completed, concerning the erection of which we were so solicitous a year ago. It was formally opened by Mrs. J. B. Robinson, and dedicated with appropriate religious services, to its benevolent design, January 12, 1888. The occasion brought together a large attendance of our most respected citizens, clergymen as well as laymen, showing the deep interest the public take in the prosperity of the "Home."

We had hoped the entire cost of erecting and furnishing the new wing for cancer and consumptive patients would have been fully met, so that we might commence free of debt, but this hope not being realized, we mortgaged the property for \$15,000, with privilege of paying one thousand dollars yearly. We trust God will incline friends, whose purses are consecrated, to help us ere long to remove this burden of indebtedness.

The object for which the "Home" was founded, has, we believe, been accomplished in a higher degree during the past year than in any former one in its history.
