KNIGHTS HELP FILL SELF-DENIAL BOXES

An Incident of Very Enjoyable Smoker at Which New Members Are Entertained

While the Knights of Columbus last evening had recreation and enjoyment as their uppermost thought as they wandered their way to their rooms in Coburg street, where a smoker and reunion were to be held, they did not allow themselves to be diverted from their main purpose to obliterate more charitable thoughts and as the result of little Belgian self-denial boxes being passed among them, a tidy sum was secured to be included in the receipts of the day. Everybody "dipped down" as members of the box, one to the other, and the results were most satisfactory.

The smoker followed the third degree, exemplified on the previous evening by His Honor Judge J. J. Murphy of Boston, and it was also in the nature of a

reception for the new members, besides a reunion for all members. W. J. Mahoney, grand knight, presided, and under his direction, an entertaining programme of songs, readings, speeches, and musical numbers was given in which those participating, included Frank Hazel, M. T. Morris, S. C. Hurley, Jas. Doherty, M. T. Delaney, W. M. Ryan, Rev. M. P. Howland and L. A. Conlon. Dr. W. P. Broderick and J. L. Mullaity acted as accompanists. Each number on the programme was heartily received, and at the close refreshments added to the general enjoyment.

Is 83 Years Old And Her Heart Does Not Bother Her.

Thanks to MILBURN'S Heart and Nerve Pills.

Mrs. J. McLaughlin, Corvallis, Ore., writes us under date of February 10th, 1914: "Sixteen years ago I took bad with my heart and nerves, and was not able to do anything. I tried a good many doctors, but they did me no good; in fact one doctor gave me up to die. I heard about Milburn's Heart and Nerve Pills, and I thought I would give them a trial, and after using a couple of boxes I saw that I was improving. I kept on using them for quite a long time. I am eighty-three years old and my heart does not bother me at all.

"I am raising a little girl who was never very strong, and the doctor said that she had palpitation of the heart, so I started to give them to her. She is now twelve years old, and they are doing her more good than I can possibly tell you. I would advise anyone who has a weak heart to try Milburn's Heart and Nerve Pills, as they have done wonders for us."

Price, 50 cents per box, 3 boxes for \$1.25; for sale at all dealers, or mailed direct on receipt of price by The T. B. Milburn Co., Limited, Toronto, Ont.

A Food That Relieves Constipation

If you suffer with constipation, or fermentation of food, ask your doctor if a food containing 25 per cent deacidified Flaxseed, 80 per cent Whole Berries of Wheat, 85 per cent Whole Berries of Rye and 10 per cent Bran would help you. This is the formula of Dr. Jackson's "Roman Meal," the most nourishing food sold, which aids digestion and positively prevents constipation.

"Roman Meal," besides making a most inviting breakfast porridge, is equally good for making puddings, and all baked products. At all grocers, 25c. a three pound package.

SUCCESSFUL HAT AND DRESS DESIGNING

St. John Girl's Work Receives Recognition in Boston and New York Papers

Harper's Bazaar for June contains a double page illustration of the hats designed and approved by Lady Duff Gordon by the students of the New York School of Fine and Applied Art.

These hats were exhibited in New York by Lady Duff Gordon and it is also understood were to be exhibited by her in London and Paris.

They were made up from American materials according to the designs and colorings supplied by the art students. One of the hats which attracted most attention in Lady Duff Gordon's exhibit was designed by Miss Hazel C. Gibbon.

Some of last week's Sunday American newspapers also contained illustrations of dress designs which had been submitted by Miss Gibbon in a contest in New York intended to produce a dress suitable for wearing on all occasions. Miss Gibbon's design is published as one of the most suitable and probable prize winners.

Miss Gibbon, who has recently returned from New York to be congratulated by her friends on the success of her work.

A FINE COMPLEXION

May Be Had Through the Right Red Blood Dr. Williams' Pink Pills Actually Make

A girl's complexion is something more than a matter to concern her vanity; it is an indication of the state of her blood, and a girl who has a poor complexion is sure to have a poor health. The blood is the life of the body, and if it is impure, the body will suffer. Dr. Williams' Pink Pills for Pale People are the best remedy for a poor complexion. They are made of the most pure and healthful ingredients, and they will make the blood pure and healthy, and thus give the complexion a fine, healthy glow.

For a time it has been reported that the French were slowly driving out the Germans from strong positions north of Arras and, in the words of an officer just returned from the front, "punching a hole in the German line." To stop this movement, and also to relieve their troops who, according to the British accounts, were suffering very severely from British attacks and through their own counter-attacks, the Germans have despatched a lot of new troops to the Arras-Ypres line, and apparently are making an effort to take the initiative.

It is not believed here that any of these new detachments have been brought from the eastern front, as all accounts indicate that the Austrians and Germans are still vigorously attacking the Russians, who are falling back to positions between Przemyel and Lemberg. The Russians are endeavoring to hold the line formed roughly by the Lower San, the Wistula and Dniester rivers, where there are strong natural positions which are covered partly by the great masses of the Dniester.

In Eastern Galicia the Russians claim successes. These, however, are denied by the Austrians.

There has been no change on the Austro-Italian frontier, where the Italians in minor engagements have captured a number of positions, but have not as yet come into contact with the main Austrian forces.

London, June 5, 2:51 a. m.—"The German newspapers," says the Exchange Telegraph's Amsterdam correspondent, "while admitting that the fall of Przemyel is a satisfactory achievement, warn the public against attaching exaggerated importance to it, declaring that this event is overshadowed in importance by the threatening situation created by the attitude of the United States, Rumania and Bulgaria." Private messages from Berlin are pessimistic, and a rupture with the three countries is feared at an early date.

Best Yet in Fairville League.

What was generally accepted as the best contest thus far in the Fairville League was played last evening between the unbeaten Royals and the Courtneys, the score was tie at the end of five fast innings.

More than 200 people attended the match and the interest was keen throughout. During the close of the second inning Perry pulled out nicely from an acute situation when, with the bases full and only one man down, he struck out the two next batters, he faced him. Craft, his catcher, a new man, handled the receiving department satisfactorily.

Fitzgerald for the Courtneys, was in good form and is a strength to the team. Unfortunately no record of strikeouts was kept.

Field work was, perhaps, above the average on the whole, though the Royals seemed a bit off in this respect. The game was marked by head work as much as brawn and the crowd were considerably disappointed when the game was called, many asking the umpire to allow another inning. It might be well to point out, however, that Umpire McLaughlin's word goes for nothing, and thus far the four teams have nothing to complain of.

The contest will be on Monday night, when the Courtneys will meet the Royals. The latter team are understood to have made some changes in their line-up and promise livelier doings as a consequence.

The batteries last evening were: Royals, Phil Perry and Craft; Courtneys, Fitzgerald and Joyce.

Germans Press Hard Again in West; Got Back Some Trenches Taken by British; May Be Break Soon With United States

London, June 4, 10:40 p. m.—With the fall of Przemyel, although this does not appear to be the limit of their efforts against the Russians in Galicia, the Germans have again turned their attention to the western front, and simultaneously in Flanders and the province of Artois, France, some official reports of their attacks on positions recently captured by the British and French.

They have succeeded in recovering some of the trenches taken by the British northeast of Givenchy, and have stormed the Chateau in the village of Hooge, part of which the British still hold, although for a time the British were compelled to evacuate the building, which they had captured Monday night.

The Germans also claim to be in possession of the sugar refinery at Souchez, the loss of which they have not previously acknowledged. While these in themselves are considered small matters in military circles here, they are believed to be the forerunners of a resumption of fighting on a larger scale.

For a time it has been reported that the French were slowly driving out the Germans from strong positions north of Arras and, in the words of an officer just returned from the front, "punching a hole in the German line." To stop this movement, and also to relieve their troops who, according to the British accounts, were suffering very severely from British attacks and through their own counter-attacks, the Germans have despatched a lot of new troops to the Arras-Ypres line, and apparently are making an effort to take the initiative.

Maguire-McManus

In St. Michael's church, Montreal, at 6:30 o'clock on Wednesday morning took place the marriage of Miss Edith Katharine McManus, second daughter of Mrs. D. McManus, to D. J. Maguire, both of St. John. The church was decorated for the occasion with ferns and pink carnations. Rev. Father Luke Callaghan performed the ceremony.

The bride, who was given away by W. R. Cartier, looked charming in a gown of ivory satin with pearl trimmings. Her tulle veil was arranged with orange blossoms and she carried a shower bouquet of white roses and lilies of the valley. She was attended as bridesmaid by Miss Marguerite Cartier, who wore pale blue crepe de chene with white leghorn hat to match, and carried pink roses. The best man was W. R. Cartier, Mr. and Mrs. Maguire left for Toronto and Niagara Falls. Going away, the bride wore a Copernicus blue suit and a white leghorn hat, trimmed with ostrich mount and French feathers. They will reside in St. John.
