

NEW DIETITIAN AT PUBLIC HOSPITAL

Miss Margaret Stewart Takes Over Duties Today—Has Had Wide Experience.

Miss Margaret A. Stewart, Ph. B., M. A., daughter of Mrs. William R. Stewart, and the late Mr. Stewart of this city, took up her duties as dietitian at the General Public Hospital this morning. She said that she was pleased to be again in Saint John, after traveling to many places since her graduation here from the Saint John High School, a few years ago.

Miss Stewart was not content with a degree from a Canadian college, so took a three years' course in King's College, Halifax, where she obtained her M. A. degree. She has taught in the University of Iowa at Ames, and was also head of the house management, included among her many opportunities of perfecting herself in her work Miss Stewart spent some time in Miss Farmer's School of Cookery in Boston.

AT BATTLE CREEK. Miss Stewart arrived here this week from Battle Creek, Michigan, where she has been for some time the dietitian in a sanitarium there. She has had varied experience with the development of the many departments of her profession and carries with it all an enthusiasm to give impetus to her work. Saint John people who know Miss Stewart are confident that she will make a great success of the dietetic department at the General Public Hospital.

FATHER AND SONS DEAD IN HOTEL

Providence Man Believed to Have Used Poison in Ginger Ale.

NEW HAVEN, Conn., Aug. 1.—Michael Benauke, 39, of Providence, R. I., and his two younger sons, were found dead in a hotel room here and the medical examiner said that all three probably died of poison.

The police, taking into consideration an unexplained letter which the man had written in ginger ale, and then drank of the mixture himself.

Medical Examiner Kowalewski after examination of the contents of the bottle of ginger ale, said that there were traces of poison. Pending the medical examiner's report of his inquiry, Coroner Mitchell declined to make a finding.

The man and the boys appeared at Hotel Plantagenet Sunday evening and registered as "Mike Benauke of Providence, and two boys." All were seen during the evening and the man was seen later with some ginger ale, and bread bought at a nearby store.

None was seen again and the clerk had the door opened this morning. The bodies were found within. All were fully clothed and there was no sign of a struggle.

The boys were about seven and 12 years old, respectively. They were found lying on the bed, fully clothed. The man was lying on the bed with his head on a pillow.

The man was wearing a suit and tie. He was found with a glass of ginger ale in his hand. The boys were found with their heads on the bed.

The man's identity was cleared up by his identification from papers. A letter addressed to his mother, dated New Haven in English and completed in Ukrainian, indicated that the man had been dependent and intended to kill himself. He was a wood turned by trade and had been out of work two weeks.

Royal Automobile Has Blue Lights. LONDON, Aug. 1.—The appearance of a large automobile with a powerful blue light on the front of the canopy over the driver's seat has puzzled American tourists and for 24 hours many Londoners—during their jaunts in the West End.

When the King and Queen were returning from a function at night, the car was often held up in the traffic. So the blue light was fixed to two of the automobile.

Whenever one appears, no matter what time of the night, it is given right of way, other traffic being held up.
