SURPRISE PARTY.
It was a happy gathering that met at the home of Mr. and Mrs. Walter Pedersen, Glen Falls, on Thursday night, the object in mind being a surprise party at which both Mr. and Mrs. Pedersen received the gift of a beautiful umbrella, each engraved with their respective initials. The presentation was made by George Simpson, who spoke highly of the esteem in which both recipients are held by the residents of Glen Falls and the number present endorsed the expression of this sentiment. Mr. Pedersen responded suitably and the remaining part of the evening was occupied in dancing and games, with an interval for refreshments, which were excellently catered for by the ladies of the little townsite.

CONFERENCE ON THE MATTER OF RAILS IN WATER STREET

A conference was held by Commissioner Bullock and shipping men this morning relative to placing additional track along Water street in front of the McLeod and Pettigill wharves. A further meeting will be held on next Monday morning, after which the commissioner will submit a report to the common council.

PROBATE COURT

In the probate court, His Honor Judge McInerney presiding, in the matter of the estate of William A. Cairns, who died in Boston, Mass., DeWitt Cairns was appointed administrator. The estate was valued at \$86,187.70, of which \$9,200 was realty. L. P. D. Tilley, K. C., is proctor. Mr. Cairns left no will.

In the matter of the estate of Hannah E. Lawson, personally \$2,700, Mrs. Katherine Kelly was appointed administratrix. W. M. Ryan was proctor.

THE MILK QUESTION.

(Chatham) The farmers could not be blamed for refusing to change their hour of rising to suit a change of train time, but they refused to sell milk to the city dealers who sent conveyances after it they showed a building spirit that could not fail to arouse a combative feeling in the city and prevent the possibility of a return to the former train hour. The citizens are getting milk from more distant points, and are using the canned cow fluid in place of the usual supply. St. John can't afford to return to correct time at the behest of the farmers, even at the behest of King's County farmers, and the milk producers will lose a good market.

ARRESTED HERE ON THEFT CHARGE

Detectives Take George White, Wanted in Kings County—Sum Said to be \$500.

George White was arrested on a warrant yesterday by Douglas Avenue by Detectives Biddiscombe and Donahue, and is held at the central police station for the Hampton authorities, where he is to be tried on charge of theft of \$500 from the Bon of Smithtown. About three weeks ago, it is said, White, who was employed by Mr. Brown on the farm, disappeared. Deputy Sheriff Campbell, acting by virtue of a warrant, set out to locate him. The police officials in all the cities and towns in eastern Canada were notified.

The police say they had word of a man thought to be him being in Chipman and Harcourt. They say that he was tried some time ago in St. John before His Honor Judge Armstrong, sentenced to five years suspended sentence on charge of theft, assault and robbery. Deputy Campbell arrived in the city this morning and took the accused back to the shiretown at noon. He will appear before Stipendiary Magistrate F. W. F. Brewster on a charge of theft.

MUISE WILL RUN IN THE MILE RACE

Will Also Run in Three-Mile Exhibition—All Ready for Tomorrow's Sports.

Jimmy Muise, the Truro Indian runner, has decided to enter for the mile race tomorrow, and not the Marathon trial. Halifax suggests, and the local committee have agreed, to put on a three-mile exhibition race to let the people see what the Indian can do for that distance.

Rogers, one of the Nova Scotia marathon winners, is in town and the others are to arrive tonight. Mr. Rogers visited the grounds today with A. W. Covey. Men are busy today staking out the running tracks, filling up the depressions, making the jumping pit and getting everything ship-shape for tomorrow. D. L. Sheppard, one of the old Every Day Club enthusiasts for sports, has made a lot of wooden pins to be used in staking out the running tracks. If the weather is fine everything points to a great afternoon of sport.

REPORT OF THIS WEEK FROM THE FARMS OF N. B.

The weekly crop report, as reported by District Representatives of N. B. Department of Agriculture, is as follows:

Fredericton, N. B., June 24.—Reports from the North Shore counties state that the hay and pastures have been more or less at a standstill, owing to the cool weather. The spring grain crops are not growing very rapidly for the same reason. Potatoes are coming along fairly well, with the bugs showing up in large numbers.

The cows in this district are not giving as much milk as during the same period last year, due to lack of pasture and the thin condition in which they came through the winter; this same condition is reported from practically all the counties.

Carlton and Victoria counties report grain crops as suffering from the dry, cool weather. The potato crop is doing better than the grain and hay, but too early to make any estimate as yet. Farm labor scarce; wages varying from \$60 to as high as \$100 per month.

Westmorland, Albert and Kent reports are much the same. Little growth has been made by either hay or grain crops. Frost last week did some damage to tender garden plants in all the counties mentioned.

Forest Tent caterpillars have been bad in the eastern counties. They have been working on apple trees to some extent. The poplar trees in the forests have been completely defoliated in some districts. Recent rains, followed by warm weather will stimulate crop growth and do much to improve conditions throughout the province.
