LIFT OFF CORNS FREEZE IS MAGIC

Costs few cents! Sore, touchy corns lift right off with fingers. No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt a bit. Yes, Magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and, without surgery or irritation, Freezone is the much talked of easier discovery of a Cincinnati genius.

Lemons for Complexion

Juice of two lemons made into creamy lotion can be used to bleach, whiten and soften the skin. Make a quarter pint cheaply!

The beauty lotion which is becoming so popular throughout the country is easily prepared by anyone, and a whole quart of it doesn't cost any more than a small jar of the common, ordinary cold cream.

Add the juice of two fresh lemons to two ounces of orchard white and shake well in a bottle. Strain the lemon juice two or three times through a fine cloth or no pulp gets into the lotion, then it will keep fresh for months. Regardless of what price you pay or how highly advertised, there is nothing else really more meritorious in beautifying, softening and clearing the skin. As a tan and blemish remover, also to remove oiliness, freckles and sallowness, lemon juice has no rival. Massage it into the face, neck, and arms once or twice each day, and see if it doesn't bring out the roses and hidden beauty!

Lemons have always been used to bleach the skin, but pure lemon juice is too highly acid, therefore irritating. Try it! This sweetly fragrant lotion will speak for itself. Any drug store or toilet counter will supply the three ounces of orchard white at very little cost, and the grocer will supply the lemons.

IF HAIR'S YOUR PRIDE USE HERPICIDE

USE THE BOYS TO PICK FRUIT

How One Phase of Labor Problem is Solved in United States

H. D. Hemenway of the United States National War Garden Commission met several members of the conservation and production committee of the Women's Patriotic League in Toronto on Saturday and spent an hour or so discussing the possibility of food production and saving in Toronto. The committee is very keen to establish food-saving plants, if it is at all possible, and Mr. Hemenway was able to give advice regarding some of the difficulties that have been solved in the States but are presenting themselves here.

Many interesting incidents were related by Mr. Hemenway, who says he is a great believer in depending on children to help solve the food problem. "Just to show what the youngsters can do," he said, "a boy belonging to one of the school playgrounds in a town in the middle states told the supervisor that a certain farmer was feeding green peas to his cows. The supervisor and a war garden commissioner promptly jumped into a motor and raced out to the farm to find that the boy's story was true, but also finding the farmer sincerely regretful that he had thus to waste food."

"I can't get any help anywhere to pick them," he said, "and I thought the stock might better eat them than to have them shrivel on the vine."

"If it's pickers you want, we're your men," said the visitors, who raced back to town more quickly than they had come, caught the boys as they were leaving the playground, struck a bargain with them, and the next morning boys and supervisor were on board the motor to pick the peas for the farm. By 11 they

had picked 200 bushels; the farmer helped to cart them into the community cannery kitchen in town, the girls and woman supervisor of the playground shell-dried them, and by nightfall those 200 bushels of peas were in glass bottles ready for winter use.

Your Bad Taste In the Morning Is Due to Catarrh

Destroy This Poisonous Disease Before Your Health is Seriously Injured

Perhaps you haven't thought of calling those unpleasant symptoms that affected your nose and throat by any particular name—but it's Catarrh just the same. When the attack is severe, your eyes are watery and look weak. Your breath is offensive, due to inflammation in the nose and throat.

At last science has discovered a real remedy, a new scientific marvel which acts like no other Catarrh remedy on earth. "Catarrhosone" operates on a new plan; it is a direct remedy, goes instantly to the source of the trouble. Its rich, fragrant essences and healing balsams are breathed in vapor form through a special inhaler and give instant relief.

Catarrhosone doesn't stop at the relief stage—it goes further—keeps on going till a cure is effected. Bad cases are cured, as you can judge from the following letter:—"Every morning for six months last winter I awoke with a bad taste, an awful breath and stuffed up feeling in my nostrils," writes Robt. B. Rutland, of Regina. "It was simply an awful case of chronic Catarrh. Relief first came from Catarrhosone. I used that inhaler twenty times a day and took it to bed with me at night. I am cured, and by the use of Catarrhosone stay well. Now I am free from irritable throat trouble, coughs, colds, headache, or catarrh."

No medicine on earth is so certain to cure every form of Catarrh or throat trouble as "Catarrhosone." Get the large \$1.00 size, lasts two months and is guaranteed, medium size \$0.50; sample size, 25c; all storekeepers and druggists, of The Catarrhosone Co., Buffalo, N. Y., and Kingston, Canada.

Nervous Dyspepsia

Accompanied an Exhausted Condition of the Nervous System—Health Restored and Aged Mother Greatly Benefited by the Food Cure.

"Requie, N. S., May 23—Nervous trouble is not confined to any age and often people who look well are miserable on account of a feeble condition of the nerves."

When Mr. Morse had been cured of Nervous Dyspepsia by the use of Dr. Chase's Nerve Food, he prevailed upon his aged mother to try out this great restorative treatment. Her experience was equally happy, and so the good word is passed along to others to put this food cure to the test.

Mr. J. H. Morse, Lequie, N. S., writes:—"I am glad to be able to say a few words in recommendation of Dr. Chase's Nerve Food, because I have found it so very good for me and others. I came by my nervous trouble much by inheritance and through my work. In 1896 I was a nervous wreck, but the doctor and time put me on my feet again, so I got along quite well until five years ago. I got a gripe and put through an awful winter and summer, but a friend offered me some of Dr. Chase's Nerve Food Pills to try, and I found them to help me at once, so I have taken a number of boxes since that time and still find them good. Mother is in her 90th year, and has suffered a lot with neuralgia of the stomach and bowels, and was in a very bad state last summer, but I prevailed upon her to try the Nerve Food, and it helped her even in her advanced years. The doctor called my trouble Nervous Dyspepsia. I have heard of many who have taken the Nerve Food with good results. Mother thinks your 'Chinagolia' of the stomach and bowels, and was in a very bad state last summer, but I prevailed upon her to try the Nerve Food, and it helped her even in her advanced years.
